GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following paper:—

Office-note from the Superintendent, Government Press, dated Madras, 30th October 1897, No. 4898.

ORDER—No. 943, Financial, dated 17th November 1897.

The Superintendent of the Government Press estimates the charges for 1898-99 under 30C. STATIONERY AND PRINTING—Secretariat Press at 2.55 lakhs against 2.425, the grant for the current year, and actuals of 2.47 in 1896-97. The increase over the budget estimate for the current year is due mainly to—

(1) provision for overtime allowance (Rs. 4,200) disallowed and omitted from the current year's budget and subsequently restored;

(2) the transfer to the Government Press of charges (Rs. 6,000) hitherto borne by Collectors on account of the carriage of printed forms and District Gazette Supplements supplied by the Government Press; and

(3) an enhanced provision (Rs. 1,000) for printing and binding at Jail presses made with reference to the actuals of 1896-97.

2. Some of the items of Contingencies appear to have been over-estimated and will be reduced, the amount added to salaries for rounding will be converted into a minus entry of Rs. 4, and the probable savings raised from Rs. 4,000 to Rs. 6,500.

3. It is observed that the actuals of past years have not been entered against Allowances and against certain items under Supplies and Services and Contingencies. The Superintendent's attention will be drawn to rule 38 of the rules circulated with G.O., No. 602, Financial, dated 20th August 1895. The details of the revised estimate under Establishment and Contingencies should have been given. The details of office expenses should also have been shown separately in the page of "Explanatory Remarks."

4. The attention of the Accountant-General will be drawn to the remark that the salaries of the head warder and warders of the Penitentiary Branch have been entered in his books against printing and binding at Jail presses under "Supplies and Services."

5. The estimates of receipts call for no remarks.

6. The estimates, as accepted, are shown in the appendix to these proceedings.

(a) An annual increment to the Superintendent is allowed from the calendar year and not from the official year; hence the increase of Rs. 80.
 (b) This appointment has not yet been permanently filled up; hence this decrease.
 (c) The overtime allowance was disallowed under G.O., No. 634, Financial, dated 28th September 1896 and restored under G.O., No. 624, Financial, dated 9th August 1897; the arrears due for 1896-97 have been paid in 1897-98; hence the amount in the former year is very low.

EXPLANATORY REMARKS.

- (f) This increase is due to the extra quantity of pig lead obtained from the Arsenal.
 (g) This increase is due to the higher rate paid for the brass rules obtained from the Secretary of State.
 (h) This increase is provided with reference to the actuals of 1896-97.

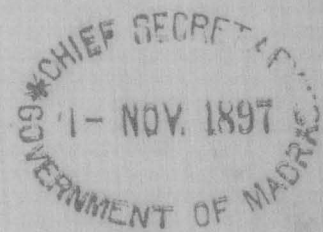

(i) Includes Rs. 6,000 being the average of the actuals for the past three years of transmission charges hitherto borne by Collectors for printed forms and District Gazette supplements supplied by this department. The Board of Revenue (Land Revenue) in their Proceedings, No. 3053, dated 16th August 1897, requested that these transmission charges should be provided for in the Press budget.

Receipts and Charges of the

FOR ORDERS.

NAC

The Superintendent Government Press estimates the charges for 1898-99 under Secretariat Press at 2.55 against 2.425 the grant for the current year. The increase is due mainly to

(1) provision for overtime allowance disallowed and omitted from the current year's budget and subsequently restored;

(2) the transfer to the Government Press of charges hitherto borne by Collectors on account of the carriage of printed forms and District Gazette Supplements supplied by the Government Press;

and (3) an enhanced provision for printing and binding at Jail Presses made with reference to the actuals of 1896-97.

The actuals of past years have not been entered against "allowances" and some of the items shown under "Supplies and Services" and "Contingencies". The Superintendent's attention should be drawn to rule 38 of the rules circulated with

with G.O. No. 602 Financial, dated 20th August 1895.

4. The Superintendent states that the salaries of the head warder and warders of the Penitentiary Branch, have been entered in the Accountant-General's books against printing and binding at Jail Presses under "Supplies and Services". The Accountant-General's attention should be drawn to the matter.

4. The details of the revised estimate under Establishment and Contingencies should have been given. The details of office expenses should also have been shown separately in the column of Explanatory Remarks?

5. Some of the items of contingencies have been over-estimated and may be reduced, the amount of probable savings being raised to Rs. 6,500 so as to reduce the total charges to Rs. 52.

5. The estimates of receipts call for no remarks.

This is an increase of Rs 25 on the Estimate, & it is not explained how such an addition to savings is to be realised.

NOTE FOR THE CHIEF SECRETARY.

According to the H.M.'s instructions referred to by the Chief Assistant in his foot note under the Budget, this should now circulate to H.M. in the Public Dept.

It will then be returned to Financial for final scrutiny.

As this is the first case which has come under the instructions referred to above, I am not sure how to send it on circulation, i.e. whether anything in the way of a draft is required, or whether it may simply go as it is.
