No. 2340-A.

ORDER—No. 958, Financial, dated 19th November 1897.

The Inspector-General's estimate of receipts under *X. Registration* for 1898-99, which appears to have been carefully framed, will be accepted. The revised estimate for the current year appears, however, to have been placed too high. The Inspector-General expects a large increase in the second half of the year from collections on account of searches connected with applications which still remain to be disposed of under the Loans Acts; but as these loans have, under recent orders, practically ceased with effect from 1st October, it is unlikely that the Inspector-General's anticipations will be realized. The revised estimate will accordingly be reduced to 13·80 as shown in the appendix to these proceedings.

EXPLANATORY REMARKS.

The actuals of the first half of the current year show an abnormal increase (over Rs. 1,60,800) as compared with the receipts in the corresponding period of 1896-97. This was chiefly due to the largely increased collections (Rs. 1,29,274) made on account of searches under the Land Improvement and Agriculturists' Loans Acts in the affected districts. As the season has now considerably improved, the receipts during the second half of 1897-98 are not likely to fall much below the average of the previous three years, viz., Rs. 5,64,000. On the contrary, with the cessation of the famine, the receipts may, in all probability, exhibit an increase. Under ordinary conditions, therefore, the collections in the current year should not be less than Rs. 8,10,000 + Rs. 5,64,000 = Rs. 13,74,000. It is observed, however, from the District Registrars' reports that a large increase may yet be expected in the second half-year from collections on account of searches connected with applications, which still remain to be disposed of under the Loans Acts, and also from searches for which fees yet remain to be adjusted. The increase under this head in the second half-year is estimated by District Registrars at about Rs. 60,000, but it may safely be taken at Rs. 30,000. Under registration proper, there has been an increase up to the end of September of Rs. 30,000 in the fee collections and it is probable that the increase in the remaining months may not be less than Rs. 10,000. The revised estimate for the year may, therefore, be fixed at Rs. 14,14,000 as shown below:—

Actuals of the first six months	Rs. 8,10,000
Probable receipts for the remaining months—	
(1) Average of the previous three years	5,64,000
(2) Increase under searches	30,000
(3) Increase under registration fees	10,000
Total	14,14,000

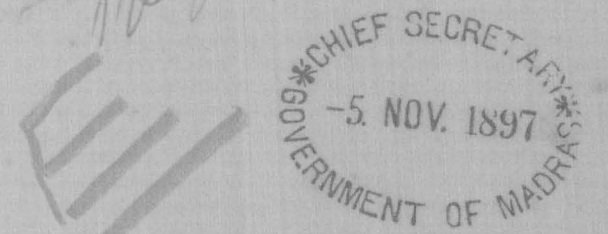

The District Registrars' estimate is Rs. 14,16,000.

For the year 1898-99, the budget estimate has been fixed at about Rs. 10,000 more than the sanctioned estimate of Rs. 12,40,000 for the current year.
