Budget Estimates.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers:—

From the Surgeon-General with the Government of Madras, dated 11th October 1897, No. T-5—29.

Abstract.—Submitting the budget estimates for 1898–99 under XX and 24. Medical for such heads as are under his control.

Memorandum, No. 2192, Financial, dated 27th October 1897.

With reference to his letter, No. T-5—29, dated the 11th instant, forwarding the budget estimates of the Medical Department for 1898–99, the Surgeon-General is requested to be so good as to explain the entry of Rs. 1,300 shown against *Petty repairs* under *Contingencies* of the General Hospital. It is observed that, although the actuals for the past three years are given, no provision is made in the budget for the current year. Two other similar entries which appear under *Government Ophthalmic Hospital* and *Voluntary Venereal Hospital* should also be explained.

2. Under *Mufassal Hospitals and Dispensaries* a provision of Rs. 300 is made for *Petty works of construction* in connection with the *Palliport Lazaretto Hospital*, but no similar provision appears under the other mufassal hospitals and dispensaries shown in the budget.

3. A provision of Rs. 50 is made for medicines not procurable at the Store depôt under each of the mufassal hospitals and dispensaries except Minicoy, Chódavaramu and Amindevi dispensaries on the authority of an order of 1894, but no similar provision appears for the current year, nor are any actuals shown for the past three years.

G.O., No. 815, Public, dated 31st October 1894.

4. Under *Jeypore Hospital* no actuals are shown on account of diet of patients in 1896–97.

5. The Surgeon-General is requested to be so good as to explain the above item at a very early date.

(Signed) A. T. ARUNDEL,
Chief Secretary.

To the Surgeon-General.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 10th November 1897, No. 441.

With reference to memorandum, No. 2192, Financial, dated the 27th October 1897, I have the honour to state that the sum of Rs. 1,300 provided against Petty repairs under Contingencies in the General Hospital includes cost of repairs to tin, zinc, copper and iron articles, tinning copper kitchen pots, annual repairs to stoves,

ward fittings, and other petty repairs and improvements to the hospital furniture and buildings. In the case of Government Ophthalmic and Voluntary Venereal Hospitals, the amounts provided cover expenditure of the same kind as that referred to above. These charges have hitherto been shown under work bills, petty repairs to furniture, miscellaneous, &c., for want of classified headings. In G.O., No. 309, Financial, dated the 2nd May 1896, a definite classification for these items has been laid down, and that classification is now followed for the first time in this budget.

2. The amount shown under Petty works of construction in the case of Palliport Lazaretto Hospital is required to meet the annual repairs and petty alterations to the building which are budgeted for year by year by the Civil Surgeon, Cochin. As regards the other institutions in the mufassal, no similar requisition has been made by the medical officers in charge. When they require funds for such purposes, Government is specially addressed on the subject by me. Such demands are very occasional.

3. With reference to paragraph 3, I have to state that there has been no expenditure under medicines not procurable at the Medical Store depôt for the last three years in the case of mufassal institutions. I consider, however, that in the case of important institutions it is very desirable that such medicines should be available if emergently needed, and I have therefore made the provision referred to.

4. The institution at Jeypore was a dispensary in 1896–97; hence there was no expenditure under the head of diets.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 22nd November 1897, No. 468.

With reference to your memorandum, No. 2467, Public, dated 20th November 1897, I have the honour to state that, on receipt of your official memorandum, No. 2429, dated the 17th instant, an urgent reference was made to the Public Works Department and a reply is awaited. In the meantime, I have visited the new Detention hospital; the buildings are all up and roofed, but there are no floors in the wards, no plastering, and the doors are not yet put up. It appears to me that it will take at least two or three months before the buildings are ready for occupation.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 23rd November 1897, No. 475.

In continuation of my letter of yesterday's date, No. 468, I have the honour to state that the Executive Engineer, Military Works, Fort St. George, reports that the Detention hospital will be ready for occupation in April 1898 when the Station hospital will be handed over to the General Hospital authorities.

ORDER—No. 978, Financial, dated 25th November 1897.

The estimates of receipts are accepted.

2. The estimates of expenditure are placed by the Surgeon-General at 11·69 lakhs against a budget grant of 11·565 in the current year, a revised estimate of 11·64, and actuals of 11·82 in 1896–97. Increases occur under—

	LAKHS.
Hospitals and Dispensaries	·232
Medical School and College	·093
Lunatic Asylums	·019
Refunds	·002

against decreases of ·219 under MEDICAL ESTABLISHMENT and ·002 under *Grants for medical purposes.*

3. The following remarks are called for in regard to the form in which the estimates have been prepared:—

(i) In some cases, *i.e.*, under 24-A. MEDICAL ESTABLISHMENT—SUPERINTENDENCE —*Allowances*, 24-B. HOSPITALS and DISPENSARIES—Government General Hospital, Government Maternity Hospital, Government Leper Hospital, Minicoy Dispensary, *Contingencies—Purchase of European and country articles*, the detailed heads have been clubbed. The Surgeon-General will be requested to intimate to the Accountant-General direct, as early as possible, the distribution of the grants as passed in these proceedings for all such items appearing in the estimates for 1898–99.

(ii) The pay and allowances of the apothecary sanctioned in G.O., No. 976, Public, dated 22nd December 1894, for duty in the Surgeon-General's office for six months, have been included under RESERVE MEDICAL SUBORDINATES instead of under SUPERINTENDENCE. The necessary transfer will be made.

(iii) Details of the provision of Rs. 300 for the *Purchase of country articles* under 24-B. HOSPITALS and DISPENSARIES—Government Ophthalmic Hospital—*Contingencies* should have been given, showing separately the allotment for articles costing less than Rs. 50 and that for articles costing not less than Rs. 50. These should be furnished to the Accountant-General direct.

4. 24-A. MEDICAL ESTABLISHMENT—SUPERINTENDENCE.—The following reductions will be made in the Surgeon-General's estimates:—

Group head.	Detailed head.	Amount proposed by Surgeon-General.	Amount passed.	Difference.
		RS.	RS.	RS.
Allowances—	Travelling allowance to officers	1,800	1,500	300
	,, to establishment	100	60	40
Contingencies—	Repairs to furniture	750	700	50
	Carriage of stationery and records	20	10	10
	Table-cloths	300	200	100
	Advertisements	100	50	50
	Office expenses	1,900	1,600	300
	Postage charges	500	300	200
	Telegraph charges			
	Purchase of country articles each costing not less than Rs. 50	200	100	100
		250	200	50
	Packing charges			
	Total			1,200

5. 24-B. HOSPITALS AND DISPENSARIES—PRESIDENCY HOSPITALS.—The Surgeon-General raises the allotment for *Diet of patients* in the General Hospital, Madras, from ·44 lakh to ·50 lakh, in view of the anticipated increase of patients and "presumably less favourable tender rates"; while the allotment for the Government Leper Hospital is reduced from ·17 to ·165 lakh with reference to the actuals of 1896–97, and those for the Ophthalmic and Voluntary Venereal Hospitals are placed at the same amounts as the grants for the current year. The reason given by the Surgeon-General for the enhanced provision in the first of these cases is not convincing and the grant for the current year will be repeated.

6. *Hot and cold weather charges* in the General Hospital are estimated at ·12 lakh against a grant of ·07 in the current year and actuals of ·097 for 1896–97. The increase is stated to be necessary to meet the expenditure under this item when the east wing of the hospital is handed over. The charges on this account have doubled in the three years ending 1896–97. The allotment will be placed at ·10 lakh and the Surgeon-General will be requested to ensure that the expenditure is kept under proper control.

7. In the Government Maternity Hospital, the Surgeon-General estimates the cost of *Medicines supplied by the Military Department* at ·04 lakh, or ·01 lakh less than the grant for the current year. In view, however, of the fact that the latter included a provision for the purchase of special medicines and instruments from Europe, and that

the actuals of 1896–97 did not reach ·03 lakh, a grant of the latter amount for next year should suffice. The estimate under *Contingencies* in this hospital will be reduced as shown below :—

Detailed head.	Amount proposed by Surgeon-General.	Amount passed.	Difference.
	Rs.	Rs.	Rs.
Rattan mats and blinds	100	50	50
Advertisements	100	70	30
Postage charges	64	54	10
Cart and cooly hire	22	12	10
Total ..			100

8. Mufassal Hospitals and Dispensaries.—Under each of the mufassal hospitals and dispensaries shown in the estimates, with the exception of the dispensaries at Minicoy, Chódavaramu and Amindevi, the Surgeon-General makes a provision of Rs. 50 for the purchase in 1898–99 of medicines not procurable at the Store depôt, and explains, in reply to a reference on the subject, that although there has been no expenditure in this direction during the past three years, it is desirable that such medicines should be available in the case of important institutions if emergently needed. The necessity for the provisions cannot be admitted in the present state of the finances and they will be eliminated.

9. A slight reduction of Rs. 100 will be made in the proposed allotment for *Diet of patients* in the Palliport Lazaretto Hospital, as the previous grants under this head have, according to the Surgeon-General's remarks, been sufficient to cover expenditure under other heads as well.

10. The provisions for *Supplies and Services* and *Contingencies* in the various mufassal hospitals and dispensaries appear in some cases to have been over-estimated and will be reduced as follows :—

Name of Hospital.	Group head.	Detailed head.	Amount proposed by Surgeon-General.	Amount passed.	Difference
			Rs.	Rs.	Rs.
Palliport Lazaretto Hospital.	*Contingencies* ..	Purchase of country articles each costing not less than Rs. 50.	160	100	60
		Carriage of stationery and records	15	10	5
		Postage charges	10	5	5
		Total ..			70
Gunupur Hospital.	*Supplies and services.*	Diet of patients	150	120	30
		Hospital necessaries	120	100	20
		Total .			50
Udayagiri Hospital.	*Do.* ..	Diet of patients	180	170	10
Bissemkatak Hospital.	*Contingencies* ..	Carriage of stationery and records	30	20	10
Jeypore Hospital.	*Do.* ..	Do. do.	50	35	15
Nowrangapur Hospital.	*Do.* ..	Do. do.	45	40	5
Polavaram Dispensary.	*Do.* ..	Purchase of country articles each costing less than Rs. 50.	104	70	34
		Grand Total ..			194

The necessity for a grant of Rs. 10 for *Postage charges* in the Minicoy dispensary is not apparent and will be struck out.

11. Grants for Medical Purposes.—In G.O., No. 179, Financial, dated 26th February 1897, it was decided that the grant of Rs. 1,300 to the Coonoor dispensary should be reduced to Rs. 1,000 in the current year after which it should be discontinued,

a contribution from Provincial funds of one-eighth of the pay and allowances of the medical subordinate being substituted. The Surgeon-General has erroneously included the grant of Rs. 1,300 under this head for 1898–99. The necessary correction will be made.

12. Medical College.—The deduction on account of probable savings under *Salaries* will be raised by Rs. 300. Under *Supplies and Services*, a grant of Rs. 1,000 for *Books for civil medical pupils* should be ample in view of past actuals, and a deduction of Rs. 750 will be made on this account. The detailed heads *Repairs to furniture* and *Postage charges* occurring under *Contingencies* under this minor head will be reduced from Rs. 100 and Rs. 70 to Rs. 70 and Rs. 50, respectively.

13. Lunatic Asylums.—In view of past actuals the following reductions will be carried out in the Surgeon-General's estimate :—

Asylum.	Group head.	Detailed head.	Budget estimate for 1898-99 proposed by the Surgeon-General.	Amount passed.	Difference.
			Rs.	Rs.	Rs.
Madras	*Contingencies* ..	Purchase of country articles each costing less than Rs. 50.	600	500	100
		Petty repairs to buildings	600	100	500
		Repairs to furniture	250	200	50
		Advertisements	100	70	30
		Petty carriage and cooly charges	75	55	20
		Lime-washing	600	500	100
		Telegraph charges	20	10	10
		Total ..			810
Calicut	*Supplies and Services.*	Clothing and bedding	500	300	200
	Contingencies ..	Amusement and recreation of patients	150	100	50
		Postage charges	25	15	10
		Telegraph charges	10	5	5
		Total ..			265
Vizagapatam ..	*Supplies and Services.*	Petty construction and repairs	300	100	200
		Amusement and recreation of patients	100	75	25
		Total ..			225
		Grand Total ..			1,300

14. The estimates as thus modified with a few slight alterations in the amounts shown as probable savings, which have been carried out for purposes of rounding, are shown in the appendix to these proceedings.

15. It is observed from the revised estimate framed by the Surgeon-General that he expects to exceed his budget grant for the current year. He will be requested to look into the matter at an early date and to ensure that no avoidable extra expenditure is incurred.

(c) Provided with reference to actuals.

(d) These charges have hitherto been paid from the savings under "Diet" allotment which will not be sufficient this year owing to the rise in prices and the extras required for the lepers.

(e) Lepers idle their time and having nothing to spend their leisure hours a sum of Rs. 5 has been budgetted for to purchase books, etc., for reading.

(f) The peon is not supplied with belts and badge. A sum of Rs. 5 is provided for the purchase of the same.

SUBJECT.

Budget estimate of the Medical Department.

HW (This Public Dept)

FOR ORDERS.

RECEIPTS

The budget estimate of Receipts under XX MEDICAL submitted by the Surgeon-General is fixed at 1.03 against 1.09 for the current year, a revised estimate of .98 and actuals of .99 in 1896-97. Decreases occur under LUNATIC ASYLUM RECEIPTS and CONTRIBUTIONS. As the estimates under these heads are based on the actuals of past years the Surgeon-General's figures may be accepted.

CHARGES

2. The Charges are estimated at 11.69 against a budget grant of 11.565 in 1897-98, a revised estimate of 11.64 and actuals in 1896-97 of 11.82, increases occurring under

against decreases of .219 under Medical Establishment, and .002 under Grants for Medical purposes.

3. The allotment for the travelling allowance of officers and of establishments has been lumped. The object of detailed entries is frustrated unless the amounts appertaining to each detailed head are shown separately. The lump allotment itself is high and may be reduced to Rs.1500 with reference to the actuals of the past three years. The following items appear to be over-estimated and may be reduced as shown below:-

	Surgeon General's Figures	Proposed Figures	Differ...
	Rs.	Rs.	Rs.
Repairs to furniture	100	60	40
Carriage of Stationary & Records	750	700	50

Office expenses	100	50	50

"RESERVE MEDICAL SUBORDINATES"

4. The pay and allowance of the Apothecary sanctioned in G.O. No.976 Public, dated 22nd December 1894, for doing duty at the Surgeon-General's office for six months is included. The provision

on the other hand, the anti-plague precautions may account for the extra inspections proposed by the Surg. General.
He demands little but travelling allowance. Rs 1500 should suffice
BS

No doubt prices are high, but we must save somewhere. ·64 must do.
Do we know, by the way, when the Victoria Hospital is to be handed over? The matter is several times referred to & I suppose we may take it that the transfer will take place in 98-99.
Yours, a good many items may be cut down.

S.D. Reply.
As regards the Victoria Hospital, the Surgeon. Genl. says he awaits a reply to an urgent reference to the P.W.D. on the subject, but that as far as he can judge, the Anatomy will not be ready for occupation before the expiry of at least two or three months. The Hon'ble Member writes "I suppose we may take it that the transfer will take place in 98-99". This may be assured.
BS

Repairs of furniture has never yet spent as much as Rs 1400. Rs 1500 or 1600 should suffice. BS

provision should be transferred to Superintendence.

HOSPITALS AND DISPENSARIES-

Presidency Hospitals

5. The Surgeon-General raises the allotment for Diet of patients in the General Hospital from ·44 lakh to ·50 lakh on account of the anticipated increase of patients and "presumably less favourable tender rates", while the allotment for the Lepar Hospital is reduced from ·17 to ·165 lakh with reference to the actuals of the previous year, and those for the Ophthalmic and Voluntary Venereal hospitals are placed at the same amounts as the grants for the current year. The reason for increasing the allotment in the first case is not ~~satisfactory~~ convincing and the current year's grant may be repeated.

Again, under the General, Maternity and Leper Hospitals the four items included in the headings "purchase of European and country articles" under contingencies on pages 5 & 7 of the budget are lumped together. The Surgeon-General may be directed to distribute the amounts and to forward the details to the Accountant-General.

The provision for "Hot and cold weather charges" under General Hospital is fixed at ·12 against ·07 the grant for the current year and ·097 the actuals for 1896-97. The excess is provided to meet increased charges when the east wing of the hospital is handed over.

over. It will be observed that the expenditure on this account has in the three years ending 1896-97 risen from ·048 to ·096. The grant may be fixed at ·10 and the Surgeon-General instruc- to watch expenditure under this m as much as possible.

A sum of Rs.1300 is provided for tty repairs" in the General spital. No such provision was made r the current year but actuals are iven for the past three years. The Surgeon-General has been* requested to explain this entry as well as two similar entries under the Government Ophthalmic Hospital and the Voluntary Venereal Hospital.

6. Government Maternity Hospital.

A provision of ·04 is made for medicines supplied by the Military Department. This allotment is, it is true, less by ·01 than the current year's grant, but the latter included provision for the purchase of special medicines and instruments from Europe. The actuals of 1896-97 were less than ·03, and an allotment of ·03 should, it is submitted, suffice for 1898-99.

Some slight reductions are proposed under Contingencies on page 7 of the budget.

7. Government Ophthalmic hospital.

Rupees 500 are provided for the purchase of country articles. Details as to those costing less than Rs.50 and those costing not less than Rs.50 should have been given. The Surgeon-General may be instructed to furnish the information to Accountant-General.

* The Surg.-Genl. in Fin. Comm. No. 3572 explains that the provision is for repairs to metal articles, stoves etc. and that the absence of provision in the current year is due to unreal classification. This explanation should be entered in the column of remarks.

Palliport Lazaretto hospital

A provision of Rs.300 is made for petty works of construction. The amount corresponds with the grant for the current year and the actuals of the past two years but no similar provision appears in the case of the other Mufassal hospitals and dispensaries shown in the budget. Some expenditure is no doubt annually incurred on this account and it is not clear from what source the charge is met. The Surgeon-General has been* asked to explain.

9. A provision of Rs.5 is made for medicines not procurable at the Store depôt under each of the Mufassal Hospitals and Dispensaries except the dispensaries at Minicoy, Chodavaram and Amin Devi, on the authority of an order of 1894. No similar provision appears for the current year nor are any actuals shown for the past three years. Past expenditure has probably been hitherto included under some other item from which a corresponding deduction should be made. The Surgeon-General has been requested to explain.

10. The provision for diet of patients may be slightly reduced in the case of the Palliport Lazaretto as dhoby, barber and scavenging charges hitherto paid from savings under the diet allotment have been separately provided for.

11. Some slight reductions are proposed under contingencies in the various Mufassal hospitals and dispensaries

* The Surg.-Genl. now states that the absence of provision in case of the other institutions is due to the Medical officers in charge not having made any requisition & that when funds are required for petty repairs Govt. is specially addressed, but the Surg.-Genl. adds that such demands are very occasional. Vide Fin. Cons. 3572. - This is not good budgetting however

This explanation should be entered in the remarks column of the budget.

13. Minicoy dispensary the details of of European and country articles should have been given. The Surgeon-General may be requested to furnish the information to the Accountant-General.

14. GRANTS FOR MEDICAL PURPOSES

The usual contribution of Rs.1300 towards the Coonoor dispensary is erroneously repeated for 1898-99. It was decided in G.O. No.179 Finl.,d/ 20th February 1897, that the grant should be reduced to Rs.1000 for the current year and stopped thereafter, when only one-eighth of the pay and allowances of the hospital assistant would be borne by Provincial. The provision made by the Surgeon-General should be struck out and an allotment on account of one-eighth pay of the Medical subordinate added to the amount shown higher up under GRANTS TO MUNICIPAL DISPENSARIES.

15. MEDICAL COLLEGE

The deduction on account of probable savings under salaries may safely be raised by Rs.500.

A provision of Rs.1750 is made for books for Civil Medical pupils against 1560 for the current year and actuals of 947 in 1896-97. The grant may be fixed at Rs.1000. Under Contingencies it is proposed to slightly reduce the

Budget Estimates.

Passing orders on the — of receipts and charges of the Medical Department for 1898-99.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers:—

From the Surgeon-General with the Government of Madras, dated 11th October 1897, No. T-5—29.

Abstract.—Submitting the budget estimates for 1898–99 under XX and 24. Medical for such heads as are under his control.

Memorandum, No. 2192, Financial, dated 27th October 1897.

With reference to his letter, No. T-5—29, dated the 11th instant, forwarding the budget estimates of the Medical Department for 1898–99, the Surgeon-General is requested to be so good as to explain the entry of Rs. 1,300 shown against *Petty repairs* under *Contingencies* of the General Hospital. It is observed that, although the actuals for the past three years are given, no provision is made in the budget for the current year. Two other similar entries which appear under *Government Ophthalmic Hospital* and *Voluntary Venereal Hospital* should also be explained.

2. Under *Mufassal Hospitals and Dispensaries* a provision of Rs. 300 is made for *Petty works of construction* in connection with the *Palliport Lazaretto Hospital*, but no similar provision appears under the other mufassal hospitals and dispensaries shown in the budget.

3. A provision of Rs. 50 is made for medicines not procurable at the Store depôt under each of the mufassal hospitals and dispensaries except Minicoy, Chódavaramu and Amindevi dispensaries on the authority of an order of 1894, but no similar provision appears for the current year, nor are any actuals shown for the past three years.

G.O., No. 815, Public, dated 31st October 1894.

4. Under *Jeypore Hospital* no actuals are shown on account of diet of patients in 1896–97.

5. The Surgeon-General is requested to be so good as to explain the above item at a very early date.

(Signed) A. T. ARUNDEL,
Chief Secretary.

To the Surgeon-General.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 10th November 1897, No. 441.

With reference to memorandum, No. 2192, Financial, dated the 27th October 1897, I have the honour to state that the sum of Rs. 1,300 provided against Petty repairs under Contingencies in the General Hospital includes cost of repairs to tin, zinc, copper and iron articles, tinning copper kitchen pots, annual repairs to stoves,

ward fittings, and other petty repairs and improvements to the hospital furniture and buildings. In the case of Government Ophthalmic and Voluntary Venereal Hospitals, the amounts provided cover expenditure of the same kind as that referred to above. These charges have hitherto been shown under work bills, petty repairs to furniture, miscellaneous, &c., for want of classified headings. In G.O., No. 309, Financial, dated the 2nd May 1896, a definite classification for these items has been laid down, and that classification is now followed for the first time in this budget.

2. The amount shown under Petty works of construction in the case of Palliport Lazaretto Hospital is required to meet the annual repairs and petty alterations to the building which are budgeted for year by year by the Civil Surgeon, Cochin. As regards the other institutions in the mufassal, no similar requisition has been made by the medical officers in charge. When they require funds for such purposes, Government is specially addressed on the subject by me. Such demands are very occasional.

3. With reference to paragraph 3, I have to state that there has been no expenditure under medicines not procurable at the Medical Store depôt for the last three years in the case of mufassal institutions. I consider, however, that in the case of important institutions it is very desirable that such medicines should be available if emergently needed, and I have therefore made the provision referred to.

4. The institution at Jeypore was a dispensary in 1896–97; hence there was no expenditure under the head of diets.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 22nd November 1897, No. 468.

With reference to your memorandum, No. 2467, Public, dated 20th November 1897, I have the honour to state that, on receipt of your official memorandum, No. 2429, dated the 17th instant, an urgent reference was made to the Public Works Department and a reply is awaited. In the meantime, I have visited the new Detention hospital; the buildings are all up and roofed, but there are no floors in the wards, no plastering, and the doors are not yet put up. It appears to me that it will take at least two or three months before the buildings are ready for occupation.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 23rd November 1897, No. 475.

In continuation of my letter of yesterday's date, No. 468, I have the honour to state that the Executive Engineer, Military Works, Fort St. George, reports that the Detention hospital will be ready for occupation in April 1898 when the Station hospital will be handed over to the General Hospital authorities.

ORDER—No. 978, Financial, dated 25th November 1897.

The estimates of receipts are accepted.

2. The estimates of expenditure are placed by the Surgeon-General at 11·69 lakhs against a budget grant of 11·565 in the current year, a revised estimate of 11·64, and actuals of 11·82 in 1896–97. Increases occur under—

	LAKHS.

Medical School and College	·093

against decreases of ·219 under MEDICAL ESTABLISHMENT and ·002 under *Grant for medical purposes*.

3. The following remarks are called for in regard to the form in which the estimates have been prepared:—

(i) In some cases, *i.e.*, under 24-A. MEDICAL ESTABLISHMENT SUPERINTENDENCE—*Allowances*, 24-B. HOSPITALS and DISPENSARIES—Government General Hospital, Government Maternity Hospital, Government Leper Hospital, Minicoy Dispensary, *Contingencies*—Purchase of European and country articles, the detailed heads have been clubbed. The Surgeon-General will be requested to intimate to the Accountant-General direct, as early as possible, the distribution of the grants as passed in these proceedings for all such items appearing in the estimates for 1898–99.

(ii) The pay and allowances of the apothecary sanctioned in G.O., No. 976, Public, dated 22nd December 1894, for duty in the Surgeon-General's office for six months, have been included under RESERVE MEDICAL SUBORDINATES instead of under SUPERINTENDENCE. The necessary transfer will be made.

(iii) Details of the provision of Rs. 300 for the Purchase of country articles under 24-B. HOSPITALS and DISPENSARIES—Government Ophthalmic Hospital—*Contingencies* should have been given showing separately the allotment for articles costing less than Rs. 50 and that for articles costing not less than Rs. 50. These should be furnished to the Accountant-General direct.

4. 24-A. MEDICAL ESTABLISHMENT—SUPERINTENDENCE.—The following reductions will be made in the Surgeon-General's estimates:—

Group head.	Detailed head.	Actuals, 1896–97.	Amount proposed by Surgeon-General.	Amount passed.	Difference.
			RS.	RS.	RS.
Allowances—	Travelling allowance to officers		1,800	1,500	300
	,, to establishment ..		100	60	40
Contingencies—	Repairs to furniture		750	700	50
	Carriage of stationery and records		20	10	10
	Table-cloths		300	200	100
	Advertisements		100	50	50
	Office expenses		1,900	1,600	300
	Postage charges		500	300	200
	Telegraph charges				
	Purchase of country articles each costing not less than Rs. 50		200	100	100
	Packing charges		250	200	50
	Total ..				1,200

5. 24-B. HOSPITALS AND DISPENSARIES—PRESIDENCY HOSPITALS.—The Surgeon-General raises the allotment for diet of patients in the General Hospital, Madras, from ·44 lakh to ·50 lakh, in view of the anticipated increase of patients and "presumably less favourable tender rates"; while the allotment for the Government Leper Hospital is reduced from ·17 to ·165 lakh with reference to the actuals of 1896–97, and those for the Ophthalmic and Voluntary Venereal Hospitals are placed at the same amounts as the grants for the current year. The reason given by the Surgeon-General for the enhanced provision in the first of these cases is not convincing and the grant for the current year will be repeated.

6. Hot and cold weather charges in the General Hospital are estimated at ·12 lakh against a grant of ·07 in the current year and actuals of ·097 for 1896–97. The increase is stated to be necessary to meet the expenditure under this item when the east wing of the hospital is handed over. The charges on this account have doubled in the three years ending 1896–97. The allotment will be placed at ·10 lakh and the Surgeon-General will be requested to ensure that the expenditure is kept under proper control.

7. In the Government Maternity Hospital the Surgeon-General estimates the cost of Medicines supplied by the Military Department at ·04 lakh, or ·01 lakh less than the grant for the current year. In view, however, of the fact that the latter included a provision for the purchase of special medicines and instruments from

Europe, and that the actuals of 1896–97 did not reach ·03 lakh, a grant of the latter amount for next year should suffice. The estimate under *Contingencies* in this hospital will be reduced as shown below :—

Detailed head.	Amount proposed by Surgeon-General.	Amount passed.	Difference.
	Rs.	Rs.	Rs.
Rattan mats and blinds ..	100	50	50
Advertisements	100	70	30
Postage charges	64	54	10
Cart and cooly hire ..	22	12	10
Total ..	..	..	100

8. Mufassal Hospitals and Dispensaries.—Under each of the mufassal hospitals and dispensaries shown in the estimates, with the exception of the dispensaries at Minicoy, Chódavaramu and Amindevi, the Surgeon-General makes a provision of Rs. 50 for the purchase in 1898–99 of medicines not procurable at the Store depôt, and explains, in reply to a reference on the subject, that although there has been no expenditure in this direction during the past three years, it is desirable that such medicines should be available in the case of important institutions if emergently needed. The necessity for the provisions cannot be admitted in the present state of the finances and they will be eliminated.

9. A slight reduction of Rs. 100 will be made in the proposed allotment for "Diet of patients" in the Palliport Lazaretto Hospital, as the previous grants under this head have, according to the Surgeon-General's remarks, been sufficient to cover expenditure under other heads as well.

10. The provisions for *Supplies and Services* and *Contingencies* in the various mufassal hospitals and dispensaries appear in some cases to have been over-estimated and will be reduced as follows :—

Name of Hospital.	Group head.	Detailed head.	Amount proposed by Surgeon-General.	Amount passed.	Difference.
			Rs.	Rs.	Rs.
Palliport Lazaretto Hospital.	Contingencies..	Purchase of country articles each costing not less than Rs. 50.	160	100	60

Polavaram Dispensary.	Do. ..	Purchase of country articles each costing less than Rs. 50.	104	70	34
		Grand Total ..	..	..	194

The necessity for a grant of Rs. 10 for "Postage charges" in the Minicoy dispensary is not apparent and will be struck out.

11. Grants for Medical Purposes.—In G.O., No. 179, Financial, dated 26th February 1897, it was decided that the grant of Rs 1,300 to the Coonoor dispensary should be reduced to Rs. 1,000 in the current year after which it should be discontinued,

a contribution from Provincial funds of one-eighth of the pay and allowances of the medical subordinate being substituted. The Surgeon-General has erroneously included the grant of Rs. 1,300 under this head for 1898–99. The necessary correction will be made.

12. Medical College.—The deduction on account of probable savings under *Salaries* will be raised by Rs. 300. Under *Supplies and Services*, a grant of Rs. 1,000 for "Books for civil medical pupils" should be ample in view of past actuals, and a deduction of Rs. 750 will be made on this account. The detailed heads "Repairs to furniture" and "Postage charges" occurring under *Contingencies* under this minor head will be reduced from Rs. 100 and Rs. 70 to Rs. 70 and Rs. 50, respectively.

13. Lunatic Asylums.—In view of past actuals the following reductions will be carried out in the Surgeon-General's estimate :—

Asylum.	Group head.	Detailed head.	Budget estimate for 1898–99 proposed by the Surgeon-General.	Amount passed.	Difference.
			Rs.	Rs.	Rs.
Madras	Contingencies..	Purchase of country articles each costing less than Rs. 50.	600	500	100
		Petty repairs to buildings	600	100	500
		Repairs to furniture	250	200	50
		Advertisements	100	70	30
		Petty carriage and cooly charges ..	75	55	20
		Lime-washing	600	500	100

		Amusement and recreation of patients.	150	100	50

		Amusement and recreation of patients.	100	75	25
		Total ..	..	..	225
		Grand Total ..	..	..	1,300

14. The estimates as thus modified with a few slight alterations in the amounts shown as probable savings, which have been carried out for purposes of rounding, are shown in the appendix to these proceedings.

15. It is observed from the revised estimate framed by the Surgeon-General that he expects to exceed his budget grant for the current year. He will be requested to look into the matter at an early date and to ensure that no avoidable extra expenditure is incurred.

ORDER:- No. 978 & 25-11-97

P.S.

The estimates of receipts are accepted.

3. The estimates of expenditure ~~submitted~~ by the Surgeon-General are placed at 11·69 lakhs against a budget grant of 11·565 in the current year, a revised estimate of 11·64, and actuals of 11·82 in 1896-97. Increases ~~are~~ occ [redacted] under

against decreases of ·219 under MEDICAL ESTABLISHMENT and ·002 under Grant for Medical purposes.

3. ~~As regards~~ the ~~proposed~~ estimates ~~of Subordinate Establishments~~ the following remarks are called for in regard to the form in which ~~they~~ have been prepared :—

(1) In some cases - i.e. under 24A MEDICAL ESTABLISHMENT SUPERINTENDENCE - Allowances, 24B HOSPITALS AND DISPENSARIES - Government General Hospital, ~~Madras~~, Government Maternity Hospital, Government Leper Hospital, Minicoy Dispensary- CONTINGENCIES - "Purchase of European and country articles" the detailed heads have been clubbed ~~together~~, ~~thus frustrating the object of having detailed heads in the estimates~~. The ~~Inspector~~ Surgeon-General will be requested to intimate to the Accountant-General direct, as early as possible, the distribution of the ~~amounts~~ grants as passed in ~~this connection~~ last proceedings for all such items appearing in the estimates for 1898-99.

(ii) The pay and allowances of the apothecary sanctioned in G.O.No. 976, Public, dated 22nd December 1894, for duty in the Surgeon-General's office for six months has been included under RESERVE MEDICAL SUBORDINATES instead of under SUPERINTENDENCE. The necessary transfer will be made.

(iii) Details of the provision of Rs. 300 for the "Purchase of country articles" under 24B HOSPITALS AND DISPENSARIES - Government Opthalmic Hospital - Contingencies - showing the allotment for articles costing less than Rs. 50 and those costing not less than Rs. 50 should have been ~~separately~~ given. They should be supplied to the Accountant-General direct.

4. 24 A MEDICAL ESTABLISHMENT - SUPERINTENDENCE. The following reductions will be made in the Surgeon-General's estimates ~~with reference to actuals~~:-

Actuals 1896-97	Group Head	Detailed Head	Amount proposed by Surgeon-Genl	Amount passed.	Difference.

5. 24 B.HOSPITALS AND DISPENSARIES PRESIDENCY HOSPITALS. The Surgeon-General raises the allotment for diet of patients in the General Hospital, Madras, from .44 lakh to .50 lakh, in view of the anticipated increase of patients and "presumably less favourable tender rates", while the allotment for the Govt. Leper Hospital is reduced from .17 to .165 lakh with reference to the actuals of 1896-97, and those for the Opthalmic and Voluntary Venereal Hospitals are placed at the

same

same amounts as the grants for the current year. The reason given by the Surgeon-General for the enhanced provision in the first of these cases is not convincing and the grant for the current year will be repeated.

6. "Hot and Cold weather charges" in the General Hospital are estimated at ·12 lakh against a grant of ·07 in the current year and actuals of ·097 for 1896-97. The increase is stated to be necessary to meet the expenditure under this item when the ~~controlling~~ east wing of the hospital is handed over. The charges ~~in~~ on this account have doubled in the three years ending 1896-97. The allotment will be placed at ·10 lakh and the Surgeon-General will be requested to ensure that the expenditure is kept under proper control.

7. In the Government Maternity Hospital the Surgeon-General estimates the cost of "Medicines supplied by the Military Department" at ·04 lakh, or ·01 lakh less than the grant for the current year. In view, however, of the fact that the latter included a provision for the purchase of special medicines and instruments from Europe and that the actuals of 1896-97 did not reach ·03 lakh, a grant of the latter amount for next year should suffice. The estimate under Contingencies in this hospital will be reduced as shown below:-

Detailed Head	Amount proposed by Surgeon-Genl.	Amount passed.	Difference.	
Rattan Mats and Blinds	100	50	50	40
Advertisements	100	70	30	10
Postage charges	64	54	10	3½
Cart & Cooly Hire..	22	12	10	1½
	Total		100	

8. MUFFASSAL HOSPITALS AND DISPENSARIES. Under each of the muffassal hospitals and dispensaries shown in the estimates, with the exception of the dispensaries at Minicoy, Chodavaram and Amindevi, the Surgeon-General makes a provision of Rs. 50 for the purchase in 1898-99 of medicines not procurable at the Store depot, and explains, in reply to a reference on the subject, that although there has been no expenditure in this direction during the past three years, it is desirable that such medicines should be available in the case of important institutions, if emergently needed. The necessity for the provisions in the present state of the finances cannot be admitted and they will be eliminated.

9. A slight reduction of Rs. 100 will be made in the proposed allotment for "Diet of Patients" in the Palliport Lazaretto hospital as the previous grants under this head have been according to the Surgeon-General's remarks sufficient to cover expenditure under other heads as well.

10. The provisions for Supplies and Services and Contingencies in the various mufassal hospitals and dispensaries appear in some cases to have been over-estimated and will be reduced as follows below:-

Name of Hospital	Group head	Detailed Head	Actuals 1896-97	Amt. proposed by S.G.	Amt. passed	Difference
Palliport Lazaretto Hospital	Contingencies.	Purchase of country articles each costing not less than R.50.	105	160	100	60
		Carriage of Stationery & records	12	15	10	5
		Postage Charges	3	10	5	5
						70
Guntur Hospital	Supplies & Services	Diet of Patients	97	150	120	30
		Hospital Necessaries	100	120	100	20
						50
Udayagiri Hospl.	,,	Diet of Patients	155	180	170	10
Bissemkatak Hospl.	Contingencies	Carriage of Stationery & records.	19	30	20	10
Jeypore Hospl.	,,	,,	34	50	35	15
~~Minicoy Dispy.~~	,,	~~Postage Charges~~	-	~~10~~	~~10~~	~~10~~
Nowrangapur Hospl.	-	Carriage of Stationery and records	40	45	40	5
Polavaram Dispy.	,,	Purchase of country articles each costing less than R.50	37	104	70	34
					Total	

The necessity for a provision of Rs.10 for "Postage charges" in the Minicoy Dispensary is not apparent and will be struck out.

11. GRANTS FOR MEDICAL PURPOSES -

In G.O. No.179 Finl.,d/26th Febry. 1897 it was decided that the grant of Rs.1300 to the Conjeeveram Dispensary should be reduced to Rs.1000 in the current year after which it should be discontinued, a contribution from Provincial funds of one-eighth of the pay and allowances of the medical subordinate being substituted. The Surgeon-General has erroneously included the grant of Rs.1300 under the head for 1898-99. The necessary correction will be made.

12. MEDICAL COLLEGE -

The deduction on account of probable savings under Salaries will be raised by Rs.300. Under Supplies and Services, a provision of Rs.1000 for "Books for Civil Medical Reports" should be ample in view of past actuals, and a deduction of Rs.750 will be made on this account. The detailed heads "Repairs to Furniture" and "Postage charges" occurring under Contingencies under this minor head will be similarly reduced from Rs.100 and Rs.70 to Rs.70 and Rs.50 respectively.

13. LUNATIC ASYLUMS -

In view of past actuals the following reductions will be carried out in the Surgeon-General's estimate :-
