Sanctioning an — of Rs. 20,000 for the School of Arts, Madras.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Chief Secretary to Government (through the Accountant-General), dated Madras, 3rd September 1898, No. 10220.

In submitting the enclosed application from the officer in charge of the School of Arts, No. 1613, dated 25th August 1898, for a further additional allotment than that sanctioned in G.O., No. 518, Educational, dated 18th idem, I have the honour to state that this application has been necessitated by the rapid development of the aluminium industry and the large demand that still exists for articles made of that metal. As the aluminium industry is in an experimental stage, it was not possible, when the last application for an additional allotment of Rs. 10,000 was submitted, to gauge the total sum that was needed till the close of the current financial year. Nor is it possible even now to make a forecast in the matter with any degree of accuracy, though I am confident that the outlay which may be incurred in respect of aluminium articles will soon be recouped from the sale receipts, which, it will be observed from paragraph 2 of Mr. Chatterton's letter, have been keeping pace with the expenditure.

2. Up to date a sum of Rs. 13,800 has been allotted towards the development of the aluminium industry, and the receipts including the outstandings have been Rs. 13,121, to say nothing of the value of half finished work in the school. In these circumstances, I beg strongly to recommend Mr. Chatterton's application for the favourable consideration and early sanction of Government, and would suggest that both the receipts and charges budgeted for the current year be increased by the total additional allotment applied for up to date, viz., by Rs. 30,000, in view to effecting an equilibrium in the accounts. I may add that the sum of Rs. 9,000, for which credit has been taken in the budget for the current year under sale receipts of the school, did not take into account the receipts from the sale of aluminium articles, the manufacture of which was not contemplated at the time the budget was submitted to Government last year.

3. The enclosure to Mr. Chatterton's communication shows that an expenditure of Rs. 58-6-6 has been incurred under heads against which no provision appears in the sanctioned budget. But the charge will be met by re-appropriation from the provision for other detailed heads under contingencies for the school in the current year's budget.

ENCLOSURE.

From A. CHATTERTON, Esq., B.Sc., Superintendent, School of Arts, to the Director of Public Instruction, dated Madras, 25th August 1898, No. 1613.

I have the honour to bring to your notice the fact that on the 7th July 1898 I applied for an additional allotment of Rs. 20,000 to provide funds for the development of the aluminium industry. In an order dated the 18th August 1898, Government have been pleased to sanction a sum of Rs. 10,000. Since the date of my application the sales of aluminium have largely increased, and I am again compelled to ask that additional funds be placed at my disposal.

2. The following statement shows the value of receipts on the 5th July and on the 25th August :—

	RS.	A.	P.	RS.	A.	P.
Fees	296	8	0	647	13	6
Sales of aluminium	3,711	2	4	9,779	0	10
Sales of other articles	1,947	2	0	3,132	10	5
Increase in the outstandings of the aluminium department since 1st April ..	1,809	8	7	2,894	14	3
Advances for aluminium work	613	5	0	447	8	0
	8,427	9	11	16,901	15	0
Decrease in general outstandings since 1st April	58	6	3	220	10	1
Total ..	8,369	3	8	16,681	4	11

From this statement it will be seen that during the past six weeks the receipts of the school have amounted to Rs. 8,312-1-3. The budget statement submitted shows that the total expenditure on the school excluding establishment has been Rs. 16,458-10-7, from which it would appear that the receipts of the industrial side more than compensate for the expenditure ; and, under these circumstances, I feel justified in asking for an additional allotment to meet the current charges. The value of work in progress amounts to several thousand rupees and more orders come in every day, so that the additional allotment of Rs. 20,000, which I now suggest should be granted, will probably suffice for the wants of the school for a period of about four or five months; but if the aluminium industry continues to expand at the same rate as hitherto, it may be necessary to make another application at an earlier date. I desire to distinctly point out that the total net charges for the school which have to be met by Government will in no way be increased, but will probably diminish as the result of the expansion of the industrial side.

3. Of the Rs. 20,000, Rs. 11,000 is required for materials, Rs. 7,000 for wages and Rupees 1,000 to enable increased scholarships to be given to the apprentices at present in the school and to take on more apprentices as it is possible to find profitable work for them.

4. The work now being done in the school is very much more in quantity and of a much higher general average quality than before, but owing to insufficient staff on the artistic side and to an inadequate equipment of the workshops, the quality of the best work has not improved to the extent that it might have done under more favourable circumstances.

No. 4244.

Forwarded. The additional allotment applied for may be sanctioned from the unappropriated provision of Rs. 30,000 for "Students' Hostels" if it is not likely to be utilized before the close of the current year.

An additional allotment for the school of Arts.

FOR ORDERS.

Please see the Note for orders under cover [illegible] G.O. No.518 Educl., dated 18th Augus[illegible] 98. Flag L

The [illegible] r. now applies for a further allotment of Rs.20,000. The Accountant-General suggests that it may be sanctioned from the unappropriated provision of Rs.30,000 for the "Students Hostels" if it is not likely to be utilized before the close of the current year.

In G.O.No.570 Educl., dated 9th September 1898 flag M the Madras Students' Hostel Association has been requested to place the sum of Rs.80,000 at the disposal of the P.W.D at an early date. To be enabled to do this, the Association must first receive the sum of Rs.25,000 promised by Govt., as the sum of Rs.82,942 available with the Association for the construction of the Victoria Students' Hostel is made up of the following amounts:-

The

The Govt. contribution---	Rs.25,000
The Maharajah of Vizianagram's constribution	Rs.25,000
The General public--------	Rs.38,942
	Rs.88,942

(vide paras 3 ~~& 4~~ of the Honorary Secretaries' letter dated 21st June 1896 printed at page 3 of G.O.No.400 Educl., dated 15th July 1897 Flag N)

Of the unappropriated provision of Rs.30,000 for the " Students' Hostels" Rs.25,000 must therefore be reserved for the Victoria Students' Hostel and the balance of Rs.5,000 may be appropriated for the School of Arts. As the D.P.I. asks for Rs.20,000, another sum of Rs.15,000 must be found if the allotment asked for is approved; as for this, the Financial Dept. may be asked whether it can sanction it from any anticipated savings.

Contingent bill for Rs 5000 has been passed for payment to avoid inconvenience and delay. It is observed that the total contingent charges incurred on account of the School of Arts upto date amount to Rs 27215.3.7 which exceeds the Budget provision (25650 + 1007 under Rents Rates + Taxes) by Rs 558-3-7. This excess has been placed under objection pending receipt of the orders of Government on the application of the D.P.I. for an increase of Rs 20,000 in the budget and no more contingent charges will be passed by this office till receipt of such sanction.
