- (1) Receipt: Contributions Why is there no budget provision for 1899-1900?

Changes

T. A. to Outdoor Establishment

Why is there provision in the revised when there is no provision in the establishment?

- (2) The charges incurred in the transfer of the office to the old Eye Infirmary should be added to the revised
- (3) The T. A. appears to have been placed too high. vid: actuals for four months of 1898-99.

Put this on. It has been some time in hand

C. A. B.
5/11/00

C. A.

- (1) There is no provision for contributions next year as the out-door establishment has been

abolished & the execution of
works transferred to the P.W.D.

The provision in the current year
is on account of a supervisor
employed temporarily for the
Chengam Water Works extension.

(2) This has now been done.
(3) Taking the average the provisions
for travelling allowance in all
cases are less. Taking the actuals
for four months the provisions
in the first two items are
not high. The third may be
reduced, but the average is high.
The second has however been
reduced for the sake of rounding.

On the whole the total
estimate for next year has
been fixed at Rs 1200 below
the current year's grant & may
be accepted.
