(a) The difference between column 1 and the sum of columns 2 and 3.

(b) The sum of columns 2, 3 and 5.

EXPLANATORY REMARKS.

The figures in the annual estimate and in the last monthly estimate have been repeated. Although provision has to be made for a shorter period than when the annual estimate was submitted, the full amount or even a much larger sum may be required in the event of an outbreak of plague within the district, as an additional Commissioned Medical Officer will be required under Regulation 21, whereas in the original annual estimate provision has been made only for an Assistant Surgeon. The original provision has, however, been allowed to stand, as no orders have yet been received on the annual estimate. A revised estimate will be submitted immediately on the occurrence of any case or cases of plague which may be expected to necessitate a larger Provincial expenditure

* Of this amount, Rs 2-4- are immediately required on account of the supply of 100 tin badges with the letter P stamped thereon to be worn on the arms of the coolies working on ships from plague infected localities.

(a) The difference between column 1 and the sum of columns 2 and 3. (b) The sum of columns 2, 3 and 5.

Explanatory Remarks.

The figures in the annual estimate have been reduced against several heads, as provision has been made for a shorter period than when the annual estimate was submitted. Most of this expenditure will be necessary only if the district is declared to be under observation, Frontier Inspection Stations are established, Observation Sheds are arranged, and Sanitary and Cordon Staffs are organized.

The figures in the annual estimate which appear have been approved by the Accountant-General from a letter received from him, are repeated.
