FINANCIAL DEPARTMENT.

READ—again the following papers:—

G.O., No. 255, Financial, dated 27th March 1890.

" " 666 " " 31st August 1894.

" Nos. 460-62 " " 18th May 1898.

READ—also the following papers:—

From P. I. ROWLANDS, Esq., Assistant to Registrar and Superintendent of Records, to the Chief Secretary to the Government of Madras, dated India Office, Whitehall, London, S.W., 9th September 1898, No. R. & L. 1442.

Referring to your letter No. R. 665 of the 11th June last, I have to inform you that the 10 copies therewith forwarded of "The Monumental Remains of the Dutch East India Company" have now been disposed of, and I should be glad to receive a further supply of 20 copies for sale, if so many can be spared for this purpose.

2. The price of this work was stated in your letter No. F. 179 of the 23rd February last as Rs. 13-12-0. It is presumed that this was an error, as the copies sent home are marked Rs. 12-12-0 and 17s.; and the price in this country has accordingly been altered to the latter figure.

Office-note from R. HILL, Esq., Superintendent, Government Press, Madras, dated 9th November 1898, No. 4907.

The Superintendent submits that on receipt of G.O., No. 460, Financial, dated 18th May 1898, he increased the selling prices by 50 per cent. of all publications on sale, to ensure that the 33½ per cent. deducted by the respective publishers did not cause a loss to Government but that it covered the full cost of production. By an oversight the percentage on cost of the Archæological publications to be sold in England was reduced from 100 per cent. (as laid down in G.O., No. 255, Financial, dated 27th March 1890) to 50 per cent., making the selling price uniform with the rates to be charged for these publications when sold in India under G.O., No. 460, quoted above. The Superintendent regrets this error, and it will be avoided in future. If the 20 copies of the Monumental Remains of the Dutch East India Company sent on the 5th October for sale in England be returned, the original selling price (Rs. 12-12-0 or 17s.) will be inserted on the title pages.

2. The Superintendent would point out that in his office-note No. 5003, dated 20th December 1892, paragraphs 2 and 3, embodied in G.O., No. 305, Financial, dated 24th March 1893, he suggested that all Archæological publications should be sold in India at cost price to assist in the sale of these publications, and Government agreed to the suggestion. Under G.O., No. 460, quoted above, the Superintendent considers this G.O., No. 305, has been superseded, and copies are being sold at the recent increased rates of 50 per cent.

3. With reference to paragraph 5 of G.O., No. 460, quoted above, the Superintendent submits that he has raised the prices of every publication on sale (including the District Manuals) to cover this 33½ per cent. When forwarding in May last to the Librarian 10 copies each of the North Arcot and South Canara District Manuals for sale in England the selling price was fixed at 100 per cent., as for Archæological works, to cover all charges in England, and when sending future District Manuals to England this percentage will be adopted.

4. When sending Mr. Pringle's Diary and Consultation Books from 1681 to 1685 for sale in England the 100 per cent. rate was also adopted for these copies, and they are sold in India at the 50 per cent. rate.

5. As the undersigned understands these orders, the rates are—

(1) For all special publications sent to England for sale, 100 per cent. over cost price.

(2) These same special publications sold in India, at 50 per cent. over cost price.

(3) Annual and special reports sold in England or in India, at 50 per cent. over cost price.

(4) All other publications sold in India, at 50 per cent. over cost price.

ORDER—No. 1069, Financial, dated 16th November 1898.

With reference to paragraph 5 of the foregoing note from the Superintendent, Government Press, it is observed that in paragraph 4 of his despatch No. 9, Public (Records), dated 6th May 1897, read in G.O., No. 460, Financial, dated 18th May 1898, the Secretary of State has ruled that in fixing the English prices of books published in India the rupee should be converted at 1s. 4d. so as to give a small extra amount to cover cost of freight, &c., from India, and that in order to avoid fractions the prices should increase between 1s. 4d. and 2s. by not less than 2d. at a time, and above 2s. by not less than 6d. This rule should be followed in future and the 100 per cent. allowance over cost price proposed by the Superintendent should be dropped. As regards publications sold in India the Government agrees with the Superintendent that 50 per cent. over the cost price is necessary to cover the 33½ commission granted to bookselling agents and other incidental expenses.

2. In view, however, of avoiding confusion the price of the "Monumental Remains of the Dutch East India Company" will be allowed to remain at Rupees 12-12-0 and 17s.

The India Office ~~for~~

the price of the publica-
tion marked on its cover
is Rs 12-12-0. This
is evidently due to an
error on the part of the
Press. If ~~clear~~ it is
thought necessary to clear
up the point, it is

to explain.

The price of the
publication has now been

C. No. 2670

SUBJECT.

The Monumental Remains
of the Dutch East India Co

FOR ORDERS.

H

In C No 2670 the India Office

(1) requests that the ten copies of
"The Monumental Remains of the Dutch
East India Company" forwarded to
England for sale having been disposed
of, a further supply of twenty copies
may be forwarded, &c.

D

(2) points out that the price of
the book as intimated in this Govt's
letter No 179, Fmt, dt 23.2.98 was
Rs 13.12 whilst the copies sent
home are marked Rs 12.12 & 17.5
and that the price in England has
been altered to the latter
figure. As regards (1), it is submd.
that the twenty additional copies
asked for may be forwarded.

Wm
H. M.

As regards (2), Rs 13.12. was obviously an error on the part of the Supt, Govt Press, for Rs 12.12; but as the price of the publication referred to has now been further reduced by the S.G.P. to Rs 9.8. a telephonic reference was made G. to him to explain the change. In his reply note the S.G.P. states M that the price marked on the copies sent home viz Rs 12.12 was fixed according to the method of calculation in G.O. No 255 Fmt F of 27.3.90 by which the selling prices of archaeological and special publications intended for sale in England and abroad were fixed at double the cost price to cover commission and other charges and that this method of fixing the price having been superseded by G.O. No 460 Fmt of 18.5.98 the C selling prices of all publications including the archaeological is now fixed so as to allow a commission of $33\frac{1}{3}$ p.c. more than the cost price irrespective of the country where they are sold.

Fmt of 23.2.98 on which the
statement of the India Office
was based

Cust

The S.G.P.'s statements, however, do not appear to be correct with reference to the G.O.'s quoted by him. G.O. 255 of 1890 approves of certain proposals of Dr. Hultzsch with regard to the fixing of prices in accordance with Dr. Burgess' directions printed as an enclosure to that G.O. These directions do not fix the price at double the cost price as stated by the S.G.P. Then, again, G.O. 460 of 18.5.98 does not say that to determine the selling price only $33\frac{1}{3}$ p.c. is to be added to the actual cost price irrespective of the country where they are sold. That G.O. (para 5) only draws S.G.P.'s attention to G.O. No. 666 of 31.8.94 as regards the selling price of works of a literary character: it does allow a discount of $33\frac{1}{3}$ p.c. to Agents appointed by Govt on the marked price of each book sold by them but does not determine the selling price with

reference to the 33 1/2 p.c. discount:
it apparently leaves the scale
fixed in G.O. 666 of 9/4 untouched.
Under these circumstances
especially as the price has now
been changed from Rs 12.12 to
Rs 9.8. - it is for orders whether
S. P. may be asked to explain
further how the two prices have
been fixed as his statements
are not in consonance with the
orders on the subject.

H
21/98

CS

The S. P. may be asked to
report further at an early date. It
seems to have misread the orders.

Para 8 of the note flagged shows
that the idea was not to cancel
the 94 G.O. but to extend its application
to all works likely to be purchased.

with file. 11/11/98

As directed by C.S., the Supt's
remarks have been obtained & are
contained in No. 3165 below.

The Supt. now says that on
receipt of G.O. no 460 of 18.5.98 he
"increased the selling prices by
" 50 p.c. of all publications on
" sale, to ensure that the 33 1/2 p.c.
" deducted by the respective
" publishers did not cause a
" loss to Govt. but that it covered
" the full cost of production."

The increase by 50 p.c., therefore,
has thus been fixed on the
Supt's own responsibility &

not with reference to G.O. no 460
of 18.5.98 as he had stated in
his previous office note at

As has been shown in the note
for order 80 460 7mt 5/11/98
supra did not
fix the increase by 50 p.c. but

only allowed a discount of 33 1/2 p.c.
to agents of Govt. publications
leaving the scale laid down in

G.O. 666 of 9/4 untouched

The Supt. further says: -

By an oversight the percentage
on the cost of the archaeological

publications in England was reduced
from 100 p.c. as laid down in G.O.
No 255 of 27.3.90 to 50 p.c. making
the selling price uniform with
the rates to be charged for these
publications when sold in India
under G.O. 460 quoted above.
It has, however, been shown in
the Note for orders supra that
G.O. No 255 of 27.3.90 did not
fix the selling price at double the
cost price as was stated by
the Sg. P. in his previous office
note. The G.O. approved of certain
proposals with regard to the fixing
of prices in accordance with Dr
Muller's Burgess' directions
printed as an enclosure to that
G.O. The Supt's reading of the
orders, therefore, seems to be incorrect
and his fixing of the prices with
reference to those orders unauthorized.
There is this, however, to be said
in favour of the rates mentioned
by the Supt in para 5 of his
present office note: they are
simple enough for purposes of
calculation and are amply safe

from the point of view of the State
never incurring any loss on account
of the sale of these publications
to the general public.

For orders whether
the rates mentioned by the
Supt maybe formally approved
now and the Supt's attention
drawn to his incorrect reading
of the orders & his unauthorized
adoption of those rates. ^{hitherto} Orders
are also requested as to whether
the copies of "Monumental
Remains" may be returned to the
Press as requested by the Supt.
to enable him to have the selling
price of Rs 12.12.0 or 17s (being
100 p.c. over the cost price according
to the Supt's rates) marked on
the copies ^{to be} sent to the India
Office.

Ch.
The point for decision now is
whether the proposals in the
Sup para 5 of the Supt's last
note may be accepted. The
50 per cent ~~on the cost price~~
in India ~~on the cost price~~

24

necessary to cover the 33 1/3
per cent commission to
Bookselling Agents & their
incidental expenses. The 100
per cent ~~rule~~ in England
in the case of special
publications - e.g. Archaeological
works and Dist Manuals -
does not appear to be too
high. ~~It is to be noted that the~~
~~present rule is the result~~
~~of a recommendation of~~
~~the Government of India but~~
the Secretary of State has laid
down a scale in fixing the
English prices of books ^{(vide para}
^{Publications)}
in his despatch No. 91 of 6th
May 1897 on page 7 of S.O. No.
460-61 dated 18th May 1898
where it is ^{stated} that
in fixing the prices English
prices of books published in
India the super should be
converted at 18.4d so as to give
a small extra amount to
cover cost of freight &c from India
& that in order to avoid fractions
the prices should increase

between 18.4d & 2s 1/2 not more
less than 2d at a time, and
above 2s 1/2 not less than 6d.
This rule must, it is subd,
be followed & the 100 per cent
allowance be dropped. The rule
should then be for the Supdt. to
add the 50 per cent to the cost
price ~~for the~~ in order to arrive
at the Indian price and to
convert the Indian into ^{the} English
price in accordance with the
method laid down by the Secy of State.

Submitted that the Supdt.
may be instructed accordingly and
but that the price of the "Monumental
Remains of the Dutch East India
Co." may remain at ~~the~~ Rs 12. 12.
2/75 to avoid confusion.

ORDER.

N^o 1069 of 16-11-98

With reference to para 5 of the foregoing note from the Suplt., Govt. Press, it is observed that in para 4 of his despatch No 9 Public(Records) of 6th May 1897 read in G.O. No 460-62 of 18th May 1898 the Secretary of State has ruled that in fixing the English prices of books published in India the rupee should be converted at 1s. 4d. so as to give a small extra amount to cover cost of freight &c from India, and that in order to avoid fractions the prices should increase between 1s. 4d & 2s. by not less than 2d. at a time, and above 2s. by not less than 6d. This rule should

be followed in future and the 50 per cent allowance over cost price proposed by the Supt should be dropped. As regards publications sold in India the Govt agrees with the Supt. that 50 per cent over the cost price is necessary to cover the 33 1/3 commission ^{granted} to Bookselling agents and other incidental expenses.

2. In view, however, of avoiding confusion the price of the "Monumental Remains of the Dutch East India Company" will be allowed to remain at Rs 12.12 + 17s and the 20 copies of the book received from the Govt Press will be returned to the Supt to enable him to have that price marked on them. On receipt from the Press the copies will be forwarded to the India office.
