EXPLANATORY REMARKS.

(*a*) The decrease is due to the absence of the permanent Superintendent on furlough.

(*b*) The decrease in the Revised Estimate, as compared with the Budget Estimate for the current year, is due to the absence of the First Assistant on leave on medical certificate.

(*c*) The increase in the Revised Estimate over the Budget Estimate for the current year is due to the acting allowance of the Second Assistant during the absence of the First Assistant.

(*d*) The increase in the Revised Estimate over the Budget Estimate for the current year is due to the transfer to this head of Rs. 147 from fittings, furniture, etc., for the collection to meet the travelling expenses of the Herbariam-keeper and two panials incurred in connection with Dr. Bourne's investigation of the Palni Flora (*vide* G.O., No. 526, Educational, dated 22nd August 1898).

(*e*) The decrease is due to the tours undertaken by the Acting Superintendent having been for the collection of botanical specimens; the expenditure in connection with which was necessarily very slight.

(*f*) The increase is due to the purchase of coins (Rs. 401-9-2) acquired through the Collector of Bellary under the Treasure Trove Act (*vide* G.O., No. 224, Financial, dated 4th March 1898).

(*g*) The decrease of Rs. 147 in the Revised Estimate is explained in note (*d*).

(*h*) The amount of this grant was transferred to the "Cost of Europe Stores (including freight)" to defray the bulk of the cost of the Anthropometric apparatus purchased (*vide* G.O., No. 538, Educational, dated 22nd September 1897).

(*i*) The collection of live animals having proved a source of great attraction, their number has been increased. The estimate for 1899-1900 has been increased accordingly.

(*j*) The increase is due to the large number of individuals measured in connection with the Anthropological Survey.

(*k*) Rs. 50 have been provided for 1899-1900, as the measurement of a larger number of people is anticipated, in connection with the Anthropological Survey.

(*l*) Only one newspaper was purchased for 4 annas.

(*m*) The increase is due to the anthropometric apparatus purchased (*vide* G.O., No. 538, Educational, dated 22nd September 1897).

EXPLANATORY REMARKS.

(a) The decrease is due to the absence of the permanent Superintendent on furlough.

(h) The decrease in the Revised Estimate, as compared with the Budget Estimate for the current year, is due to the absence of the First Assistant on leave on medical certificate.

(i) The increase in the Revised Estimate over the Budget Estimate for the current year is due to the acting allowance of the Second Assistant during the absence of the First Assistant.

(j) The increase in the Revised Estimate over the Budget Estimate for the current year is due to the transfer to this head of Rs. 147 from fittings, furniture, etc., for the collection to meet the travelling expenses of the Herbariam-keeper and two panials incurred in connection with Dr. Bourne's investigation of the Palni Flora (*vide* G.O., No. 526, Educational, dated 22nd August 1898).

(k) The decrease is due to the tours undertaken by the Acting Superintendent having been for the collection of botanical specimens; the expenditure in connection with which was necessarily very slight.

(e) The increase is due to the purchase of coins (Rs. 401-9-2) acquired through the Collector of Bellary under the Treasure Trove Act (*vide* G.O., No. 224, Financial, dated 4th March 1898).

(k) The decrease of Rs. 147 in the Revised Estimate is explained in note (j).

(d) The amount of this grant was transferred to the "Cost of Europe Stores (including freight)" to defray the bulk of the cost of the Anthropometric apparatus purchased (*vide* G.O., No. 538, Educational, dated 22nd September 1897).

(f) The collection of live animals having proved a source of great attraction, their number has been increased. The estimate for 1899–1900 has been increased accordingly.

(e) The increase is due to the large number of individuals measured in connection with the Anthropological Survey.

(m) Rs. 50 have been provided for 1899–1900, as the measurement of a larger number of people is anticipated, in connection with the Anthropological Survey.

(f) Only one newspaper was purchased for 4 annas.

(g) The increase is due to the anthropometric apparatus purchased (*vide* G.O., No. 538, Educational, dated 22nd September 1897).
