G.O., No. 1162

DATED 3-12-88

INDEXED 12/12

[Despatch Abstract.]

Informing the Supt. Govt Press, that he is advised wrongly in entering into any arrangements with the Chief Engineer without the sanction of Govt; that the articles required for the Govt Press may be taken at the valuation of Rs 665-2-7 and that the iron understood to be disposed of as the Chief Engineer may decide.

Government Press,
Madras.

CHIEF SECRETARY
-6 SEP 1898
GOVERNMENT

Order

The Supt appears to have taken over from the Ordnance Dept articles to the value of Rs 1501 which he does not require, & the articles which he is going to sell or dispose of for the Ordnance Dept. The Supt has already as much work as he can cope with, & it seems undesirable that he should undertake duties which do not properly belong to him. Govt has been also ignored in the matter, & the Supt appears to have been persuaded that the order of the Govt of India was sufficient authority for him.

Dated 5th September 1898.

SUBJECT.

Submitting that the plant of the press attached to the Ordnance Office was taken over by the Govt. Press, and soliciting sanction for the debit of its cost to the Civil Department, "Stationery and Printing".

P.T.O.

BACK PAPERS.

G.O.	No.	Department.	Date.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Now that the articles are in the care of the Supt. they may, perhaps, remain there. If it would seem advisable to refund ~~on account of the~~ debit of Rs 1501. ~~entered in the statement of disposal~~ of the Civil Dept. The article, costing Rs 665-2-4, which the Supt. required will have to be paid for, & the remaining plant stored, it is thought, remain the property of the Ordnance Dept, any money realised for it to be credited to that Dept.

Acct. No. a 48.
300—9-12-97.

CURRENT NO. 2428

No. 3846

Government Press,
Mint Buildings, Madras,
5th September 1898.

OFFICE NOTE.

In August 1895, the Inspector-General of Ordnance, Madras Command, requested the undersigned to take stock of the plant of the press attached to the Ordnance Office, and to furnish him with a valuation statement, as the abolition of the press had been contemplated. The Superintendent thereupon visited the press and arranged for stock-taking by the Deputy Superintendent. The Superintendent enquired whether there would be any objection to the transfer of certain materials to the Government Press in the event of the press being abolished, the value thereof being adjusted in accounts, after sanction by the Chief Secretary to Government. On receipt of a reply that there would be no objection the stock-taking was completed, and the valuation statement was furnished in

Acct. No. a 48.
200—9-12-97.

October 1895.

2. On 20th December 1897 the Inspector-General requested "that arrangements may be made to take over the press and Establishment attached to this office on 20th March 1898", and the Superintendent informed the Inspector-General in February 1898 that he required such materials only as were needed, and suggested that the remainder of the plant and materials might be disposed of by auction sale; he also agreed to take over 3 Compositors as piece-work men and the 1 pressman was engaged to fill up a vacancy. The value of this first lot of materials transferred in march last was Rs 665-2-4 (vide list I).

3. The Inspector-General wrote in April that the sale by auction of the remainder of the Press plant and materials would result in much loss to Government, and no private bid worth Consideration has been received; the Government of India had been informed that the whole of the plant would be taken over by the Govt. Press. A reply was sent stating that the types were not suitable for use in the Government Press, and advising sale by public auction.

In May 1898 the Inspector-General forwarded a copy of the Government of India, Military Department letter No. 19778, dated 3rd May 1898, sanctioning the transfer of the whole of the plant to the Government Press, Madras, at a valuation. In June the Inspector-General enquired whether the undersigned would take over the remainder of the plant and materials on a fresh valuation, the transaction being adjusted by Book debit. The remaining plant and materials were taken over on the 11th July 1898, the value being fixed at Rs 1,501-14- (vide list II).

In November 1897 a hand press was sanctioned for the Madura Collectorate Press but the Supt. informed the Board of Revenue (Land Revenue) that he could transfer a good press (worth Rs 292-4-) from the Ordnance department stock to the Collectorate, and the order for the supply of a new one was cancelled, the district press returning to the Government Press a larger and much worn press in exchange (see list III).

The Superintendent, Revenue Survey has enquired if a diagonal paper-cutting machine can be transferred to his office as it is

often required, and it will save sending paper &c. to the Government Press for cutting into slips. The machine received from the Ordnance Department can be transferred to the Survey office on sanction. The machine is worth Rs 124 (vide list IV.)

The unserviceable materials received as per list V will be sent for auction sale, and are omitted from the above lists, the sale proceeds being credited to the Ordnance Department.

As the sum of Rs 665-2-4 has been debited to the Civil Dept. in the Military Exchange Account for May 1898 and the sum of Rs 1501-14- is to be debited similarly later on, and such inter-departmental transfers require the special sanction of Government under article 95, XI, of the Civil account Code, the Superintendent solicits sanction for the adjustment of the above two debit items. The Superintendent regrets that by an oversight sanction for the transfer of this plant was not obtained in march last previous to taking it over.

The Superintendent submits that since the closing of the Ordnance Department Press more printing work has been sent to the Govt. Press for that Dept.

R. Hill
Superintendent.

A3
In these Budget provisions. (Sd) Civil 14.9.98

Page 193 C.B.E. for 98/99.

Refer.
Is there any G.O. requiring Supdt. Govt. Press to obtain the sanction of Govt for the direct purchase of articles above a particular value - Kindly please!
I can't trace any
in AJ
21/9/98

Note for the C.A.

There is a provision of Rs 15,000 in the Current year's budget on account of the Cost of Materials and Stock for the use of the Govt. Press.

2. The Supdt. Govt. Press requests special sanction of Govt. under Art: 95 XI of the Civil Account Code, for the debit to the Civil Deptt the sums of Rs 665-2-4 & 1501-14-0, being the cost of materials purchased from the Ordnance Deptt.

3. It does not appear from the article quoted above that the Special Sanction of Govt: is necessary for the transfer as stated by the Supdt.

4. Public Department recommends sanction for the debit to the Civil Deptt of Rs.

Rs 665-2-4. which has been already debited to the Civil Dept. in the Military Charge account for May 98.

2589
19-9-98.

L.A.

I kept this to see how the Supdt would frame his revised estimates & whether the amount (Rs 665) could be met from his own budget. From the linked file it will be seen that the Supdt. has raised the current years estimate in the 'revised' by .04 — mainly because he expects an increase of that amount under Piecework Establishment - but this increase is based on the actuals of 1897-98, the total charges of which year did not exceed 2.49 lakhs, which is moreover about the average for the past three years. I have therefore raised the probable savings and fixed the revised at 2.51 against 2.517 the grant, so that the sum required Rs 665 may be met from savings in the Supdts own budget. The proper source to draw from in the provision of Rs 15000 under Supplies & Services - Cost of materials & stock. Dept submitted accordingly.

17/10/98

Vide p. 2 of budget in linked file.

× This is still .02 over the average.

This Fund cannot be say-ed

" " " 189 , " , "

ORDER.

The Supdt. of the Govt. Press has, it appears, taken over from the Ordnance Dept. articles to the value of Rs 150/- which he does not require, and other articles which he is about to sell or dispose of for the Ordnance Dept. The Supdt. should not have undertaken duties which do not properly belong to him nor have taken over the articles without the sanction of Govt. As however the articles are now in the care of the Supdt. they will be permitted to remain in the Govt Press, but the Govt. cannot sanction the debit of Rs 150/- against the Civil Dept. The cost of the

articles which the Supdt. requires Rs 665-2-4, will be accepted and be met from the provision of Rs 15,000 in the budget under Supplies & Services - Cost of materials and stock. The remaining plant will remain the property of the Ordnance Dept, any money realized by its sale being credited to that department.
