SUBJECT.

Approving the proposals of the R.P. for taking over under Govt. management the training section of the Board Technical Institute, Lumsden, and for the re-constitution of the Govt. Training Schools, Hurwood and Roga chote, to the primary phase with effect from 1st January 1899.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Copy of letter from the Director of Public Instruction, Madras, No. 10321, dated 6th September 1898.

I have the honour to submit the following proposals for taking over under departmental management the Training section of the Board Technical Institute, Simeivelly, and for the reduction of the Government Training schools, Kurnool and Rayachoti, to the primary grade, with effect from 1st January 1899.

2. In G.O. No 567 Educational dated 23rd July 1891, sanction was accorded for the transfer to Government of the local fund normal schools in the Presidency. The schools at Madara and Simeivelly were, however, excluded, as the district boards concerned were unwilling to separate the training section from the technical, until the experiment of working the two together had been tried for a sufficiently long time.

3. The question of the purchase of a site and building for the Simeivelly Technical Institute having recently arisen, I visit the place for the purpose of inspecting the premises which the

Board

25/10/98

Board proposed to purchase, and also
 deputed Mr. Chatterton of the College
 of Engineering to inspect and report
 on the institution. Mr. Chatterton
 was at one with me in thinking that
 the training and industrial sections
 should be separated from each other,
 if the latter was to be efficiently carried
 on. I accordingly asked the Board
 whether it would be willing to hand
 over the training section to Government,
 the Board undertaking to spend on the
 industrial section a sum not less than
 the net expenditure now incurred by it
 on the training and technical sections
 together. The Board has consented to the
 arrangement, and, in my letter to Government
 (Local and Municipal No. 10059, dated
 31st ult., I have requested sanction
 for the proposal and permission to provide
 for the necessary charge in the budget
 estimate for 1899-1900.

4. The following scale of establishment
 is recommended for the school:-

Headmaster	Rs. 50
First Assistant	30
Second Assistant & Drawing Master	20
Third Assistant	15

Gymnastic Instructor	Rs. 15
Peni	6
Sweep	1
Contingencies	6
Light	2
Rent	35
Library and prizes	3
Stipends	
15 Lower secondary at Rs. 6.	90
25 primary at Rs. 5	125

Total 215
398

The staff proposed is the same as that
 sanctioned in G.O. No. 47 Educational,
 dated 27th January 1896 for the Maras
 Lower Secondary Training School, except
 that no Drawing Master has been
 provided, as one of the assistants will
 be required to teach drawing. The Board
 now pays a rent of Rs. 70 per mensem
 for the premises occupied by the two sections,
 and I have provided for a house rent of Rs.
 35, this being necessary to secure suitable
 accommodation. Provision has also been
 made for the maximum number of
 provincial stipendiaries admissible
 into a lower secondary training school under
 Article 16 Chapter II of the Educational

Rules:

Rules: the numbers exactly correspond with the actual number on the rolls of the school on the 31st March last.

5. The above charge I propose to meet as follows. The lower secondary departments of the Kurnool and Rayachoti training schools have, for the last four years, been seldom well attended, as will be seen from the figures in the margin.

Strength of lower secondary department ^{on 31st March}				
	1895	1896	1897	1898
Kurnool Training School	2	5	2	6
Rayachoti do	5	1	4	3
Bellary do	7	4	5	10

I, therefore, propose that they be reduced to the primary grade, as was done with the Anantapur Training school (vide G.O. No. 462 Educational, dated 22nd December 1897) and that the headmasterships on Rs. 40 60 for both the schools be abolished. The present incumbents of these posts will be provided for elsewhere.

The Bellary Training school is also of the lower secondary grade and I think this one school will suffice to train teachers of the lower secondary grade in the whole of the ceded districts.

This proposal will effect a saving of Rs. 146 from each school, as shown below:—

Headmaster	Rs. 55 (40-60)
Lower secondary stipends 15 x 6	90
Contingencies say	1
	<u>146</u>

The reduction of the Anantapur Training school having also effected an equal saving, the total sum now available for expenditure is Rs. (3 x 146) 438. Of this sum, Rs. 398 may be utilized for the Trimmery Training school, and the balance, Rs. 40 may be reserved for appropriation by the Bellary Training school, should a necessity arise for the admission of a larger number of lower secondary stipendians than is admissible under the Educational Rules.

6. The ~~necessary~~ training section of the Board Technical Institute, Trimmery, is now in receipt of salary and rent grants from provincial funds to the extent of Rs. 5-6-8 per mensem. This sum will be available for expenditure on increased grant to the industrial section of the institute or on other purposes for which additional funds are necessary.

7. The necessary proposition statements will be submitted on receipt of the orders of Government on these proposals.

PROCEEDINGS OF THE MADRAS GOVERNMENT.
