Read—the following paper :—

From the Commissioner for Government Examinations, Madras, dated 13th September 1898, No. 212/1-D.

Order—No. 1183, Financial, dated 7th December 1898.

The estimates are accepted subject to the following remarks :—

Receipts.—(1) The number of hospital assistants recruited for service in Burma having been reduced from 25 to 6 a year, it is likely that there will be fewer applicants for admission in future. The anticipated income from Medical Entrance examination fees will, therefore, be reduced by Rs. 100.

EXPLANATORY REMARKS.

(*a*) As pointed out in last year's budget, these examinations are gaining in popularity and the revised estimate for the current year and the budget estimate for 1899–1900 have both been fixed at Rs. 9,000.

(*b*) The revised estimate has been based upon the fees received from the candidates who have applied for the ensuing examination and entered as Rs. 2,100. The estimate for 1899–1900 has been fixed at the same amount.

(*c*) Fees for *two* examinations are taken into account, as under G.O , No. 357, Educational, dated 29th June 1897, the Handwriting and Dictation test for undergraduates is now held both in May and in December. The number of candidates, however, is not likely to be as large as it was in 1897–98.

(*d*) The figure shown under "Revised Estimate" has been arrived at with reference to the fees paid by the candidates for the examinations to be held in October this year.

(*e*) It has been decided by Government that this examination is not to be held this year. In view to the possibility of its being held next year, a sum of Rs. 300 is entered in the estimate for 1899–1900.

(*f*) Under G.O., No. 332, Educational, dated 30th May 1898, this examination has been transferred to the Director of Public Instruction.

(*g*) The revised estimate has been calculated on the basis of the fees for the ensuing examination. The budget estimate for 1899–1900 is fixed at the same figure as the revised estimate for 1898–99.

(*h*) A slight increase is counted upon both in the number of applicants for the examination and in the amount of certificate fees.

(*i*) This examination is now held twice in the year. Hence the increased provision.

(*j*) The revised estimate for the current year has been fixed at Rs. 14,000 in view of the fact that stipends up to Rs. 2,000 nearly due in connection with last year's examinations, were not drawn during the year.

(*k*) There is no entry under "Revised Estimate" as there is to be no examination this year. A sum of Rs. 500 is provided for next year in view to the possibility of there being an examination next year.

(*l*) The increased provision under "Revised estimate" is due to the large increase in the number of candidates for the ensuing examination over the number that appeared last year. The budget estimate for 1899–1900 is also fixed at the same figure.

(*m*) The revised estimate is fixed with reference mainly to the large increase in the number of candidates for the next Lower Secondary Examination and to the fact that the Hand writing and Dictation test for undergraduates is to be held twice every year.

C. No. 1207 of 1898

SUBJECT.

Govt. Examinations Budget for 1899–1900

FOR ORDERS.

The estimate of receipts for the year 1899-1900 is fixed by the Commissioner at 1.20 lakhs against an estimate of 1.10 and a revised estimate of 1.19 for the current year, and actuals in 1897-98 of 1.14. An increase* in the fees over the estimates for the Current year is expected under every Examination except the Medical Entrance and the special [illegible] Examinations. The number of Hospital Assistant pupils recruited for service in Burma have been reduced from 20 to 10 a year, the number of candidates appearing for the Medical Entrance Examination will be fewer th

es ~~receipt~~ may therefore be fixed at Rs. 1000 as against Rs 1100 estimated by the Commissioner. The fees on account of the Primary Examination is fixed by the Commissioner at Rs. 24000, but as it is probable ~~[illegible]~~ that the number of candidates for this Examination will not rise much beyond what it has already reached, the fees, it is submitted, may be fixed at Rs 23000 which is Rs 800 more than the Budget Estimate for the Current year and Rs 850 more than the actuals of 1897-98. If the reductions above proposed are approved the total fee receipts will amount to Rs 119,000, against Rs 110,500 the Estimate for the current year and Rs. 114804 actuals of 1897-98.

2. The estimate of Expenditure

There were 4172 paying candidates in 1897-98 - against 4015 in 1896-97

H.?

Expenditure is fixed at 1.18 lakhs against an estimate of 1.16 for the current year and 1.08 actuals of 1897-98. The following items under "Rewards to Examiners" appear to be over estimated and may be reduced as shown below.

H.

As regards the actual Expenditure on account of Special & Salt tests in 1897-98, the Commissioner notes that stipends up to 2000, nearly were not drawn during the year but as th average for the last three year amounted only to Rs 11547 and as there ~~is a fla~~ has been late a falling off in the num of candidates for these Examinations (Vide Statem at page 20 of G. C. 627 da

3rd October 1898, flag [illegible] the estimate may safely be fixed at Rs. 11,000. It may also be noted in this connection that the question of reducing the fees paid to Examiners is under consideration.

The no. fluctuate, being in hundreds for the last five years 51, 48, 49, 50 & 41. I doubt whether the no. will fall below 41, & I think the expenditure of the revised est. (omitting 2000 appertaining to previous year) shd. be retained. This comes to the Comm's figure of 12,000

(They may or may not be reduced)

3. Under "Travelling Allowances" the Commissioner makes a provision of Rs. 4,000, but as the actuals during 1897-98 amounted only to 3,577 the Commissioner's figure may be reduced by Rs 500. The following reductions

In the estimate

the heading was retained. It appears that according [illegible] Statements of the details included in the heading and where this is not done a remark is added to the notes that it should have been done. Submitted that this course may be followed in this case also

As regards the last item "Petty Carriage & Cooly charges" it may be noted that the Commissioner has made provision for such similar charges under the head "Extra Coolies and peons" and under the head "Cost of

"Stationery and Records"; and as there is room for economy under these headings, there will be no hardship in reducing the provision for petty carriage & cooly charges by Rs 250. As regards the headings "Office Expenses" and "Miscellaneous," Rule 81 of the Instructions issued for the preparation of Budget Estimates in G.O. No 602 Financial dated 20th August 1895 (Flag P) states that all lump amounts entered under "Office expenses" or "Miscellaneous" will be struck out by Govt. and the Budget passed for specific charges only. Orders are solicited as to whether the provisions under these heads may be struck out accordingly. If the reductions proposed above are approved the Estimate will be reduced

FINANCIAL DEPARTMENT.

Read—the following paper :—

From the Commissioner for Government Examinations, Madras, dated 13th September 1898, No. 212/1-D.

Order—No. 1183, Financial, dated 7th December 1898.

The estimates are accepted subject to the following remarks :—

Receipts.—(1) The number of hospital assistants recruited for service in Burma having been reduced from 25 to 6 a year, it is likely that there will be fewer applicants for admission in future. The anticipated income from Medical Entrance examination fees will, therefore, be reduced by Rs. 100.

(2) As it is not likely that the number of candidates for the Primary examination will rise much beyond the figure already reached, the fees from this source will also be reduced by Rs. 1,000.

Expenditure.—(3) The provisions for the following charges under *Supplies and Services*, *Allowances* and *Contingencies* will be reduced as shown against them with reference to past actuals :—

EXPLANATORY REMARKS.

(*a*) As pointed out in last year's budget, these examinations are gaining in popularity and the revised estimate for the current year and the budget estimate for 1899-1900 have both been fixed at Rs. 9,000.

(*b*) The revised estimate has been based upon the fees received from the candidates who have applied for the ensuing examination and entered as Rs. 2,100. The estimate for 1899-1900 has been fixed at the same amount.

(*c*) Fees for *two* examinations are taken into account, as under G.O., No. 357, Educational, dated 29th June 1897, the Handwriting and Dictation test for undergraduates is now held both in May and in December. The number of candidates, however, is not likely to be as large as it was in 1897-98.

(*d*) The figure shown under "Revised Estimate" has been arrived at with reference to the fees paid by the candidates for the examinations to be held in October this year.

(*e*) It has been decided by Government that this examination is not to be held this year. In view to the possibility of its being held next year, a sum of Rs. 300 is entered in the estimate for 1899-1900.

(*f*) Under G.O., No. 332, Educational, dated 30th May 1898, this examination has been transferred to the Director of Public Instruction.

(*g*) The revised estimate has been calculated on the basis of the fees for the ensuing examination. The budget estimate for 1899-1900 is fixed at the same figure as the revised estimate for 1898-99.

(*h*) A slight increase is counted upon both in the number of applicants for the examination and in the amount of certificate fees.

(*i*) This examination is now held twice in the year. Hence the increased provision.

(*j*) The revised estimate for the current year has been fixed at Rs. 14,000 in view of the fact that stipends up to Rs. 2,000 nearly due in connection with last year's examinations, were not drawn during the year.

(*k*) There is no entry under "Revised Estimate" as there is to be no examination this year. A sum of Rs. 500 is provided for next year in view to the possibility of there being an examination next year.

(*l*) The increased provision under "Revised estimate" is due to the large increase in the number of candidates for the ensuing examination over the number that appeared last year. The budget estimate for 1899-1900 is also fixed at the same figure.

(*m*) The revised estimate is fixed with reference mainly to the large increase in the number of candidates for the next Lower Secondary Examination and to the fact that the Hand writing and Dictation test for undergraduates is to be held twice every year.
