2. In spite of the remarks made in G.O., No. 737, Educational, dated 14th December 1897, details of the revised estimate and of past actuals under *Supplies and Services* and *Contingencies* have not been furnished in all cases. The Director of Public Instruction will be requested to see that these defects do not occur in future estimates.

3. The items of expenditure included under *Office expenses* and *Miscellaneous* have not been shown in a subsidiary statement as required by rule 81 of the instructions issued for the preparation of budget estimates. The details should now be furnished to the Accountant-General.

4. The conveyance allowance to the Superintendent, Presidency Training School for Mistresses, should not have been continued without the sanction of Government. A report on the eligibility of the Superintendent for the allowance should now be made, and pending final orders thereon the provision made in the budget will be allowed to stand.

5. The provision made for aluminium manufactures under *School of Arts* should not have been shown in a lump sum, but should have been distributed among the detailed heads concerned under *Supplies and Services* and *Contingencies*. The amount will now be raised to Rs. 30,000, and the Director of Public Instruction will be requested to distribute it and furnish the figures direct to the Accountant-General. The receipts for the ensuing year from "Sales at the School of Arts" under XIX-F. Miscellaneous will be fixed at Rs. 36,000 in supersession of the figure (Rs. 26,000) accepted in G.O., No. 1170, Financial, dated 5th December 1898.

6. In view of the necessity for the appointment of a third Inspectress of Girls' Schools, a lump provision of Rs. 6,000 will, pending final orders on the question, be entered in the appendix.

7. The estimate, as modified by Government, is shown in the appendix to this order.

EXPLANATORY REMARKS.

(a) The increase under actuals in the salary of the Director was due to his absence on privilege leave.

(b) The increase under Revised Estimate against the Personal Assistant is owing to the acting arrangements made during his absence on three months' privilege leave from 19th April 1898, and to his having been promoted to the higher grade on Rs. 450 with retrospective effect from 4th July 1897.—*See* Gazette Notification, No. 53, dated 5th September 1898.

(d) The old records need re-arranging and Rs. 60 are intended to meet the pay of an extra hand for four months.

(a) The reduction of the Government Training School, Anantapur, from the lower secondary to the primary grade sanctioned in G.O., R. No. 1, Financial, dated 5th January 1898, and a similar reduction sanctioned in G.O., No. 741, Educational, dated 28th November 1898, for the training schools at Kurnool and Ráyachóti, would result in the abolition of three teacherships on Rs. 40—4—60 each, and the proposed transfer of the training section of the Board Technical Institute,' Tinnevelly, to departmental management with a staff of five teachers would raise the total number of teachers by two. As the charge on account of the Training School, Tinnevelly, can be met from the savings pointed out above, provision has been made for the school in the body of the budget.

(b) Under G.O., No. 148, Educational, dated 5th March 1898, the salary of the gymnastic instructor attached to the Teachers' College gymnasium has been reduced from Rs. 40 to Rs. 30, while that of the drill instructor has been raised from Rs. 10 to Rs. 20 per mensem.

(c) Represents the portion of the exchange compensation allowance drawn by the Acting Principal, Teachers' College, and debited to the school department of the college.

(*a*) A portion of the provision will be utilized for the payment of fixed grants also.

(*b*) In view to meeting the pressing demands for furniture, &c., grants during the current year a sum of Rs. 3,000 was transferred, from the provision for building grants. The full allotment thus made for furniture grants for the current year has already been exhausted and payment of furniture grants already sanctioned has had to be postponed till the beginning of the next year. The same is almost the case with building grants, which, under the provisions of the revised Grant-in-aid Code, will have to be paid towards the construction of hostels and boarding houses also; hence the increased provision against ~~building grants in the budget estimate for 1899-1900 and~~ against furniture grants in the revised estimate for 1898-99.

(*c*) The provision hitherto made for payment of results and cadet grants will be utilized for the payment of fixed grants also under the provisions of the Grant-in-aid Code for 1899-1900.

(*d*) Includes a provision of Rs. 288 for stipends to be paid to apprentices in the workshops of the College of Engineering under the scheme approved in G.O., No. 182, Educational, dated 25th March 1897, which it is proposed to introduce with effect from 1st January 1899.

(*e*[1]) Includes special scholarships for Mappillas—*vide* G.O., No. 363, Educational, dated 20th June 1898.

(*f*) Includes provision for twenty scholarships to the students in the Mappilla Commercial classes which it is proposed to form with effect from January next, with reference to G.O., No. 363, Educational, dated 20th June 1898.

(*g*) Includes certain arrears due for the previous year.

(*h*) The scholarship notification, introduced on the 1st January 1896, will be in full operation in 1898-99, and as almost all the scholarships notified have been appropriated, the expenditure will slightly exceed the sanctioned grant.

(*a*) The scales of staff and establishment provided for in the Budget Estimates received from the Inspecting officers and the Government Agents not being quite in accordance with the scales sanctioned by Government from time to time, opportunity has been taken in preparing, for the information and sanction of Government, consolidated proposition statements for the Government primary schools in each of the three agencies to verify the scales of establishment budgeted for and to see that the provision made for each school in this budget corresponds exactly with the sanctioned scale. In the Gódávari Agency none of the schools except the one at Gutala has any sanctioned menial establishment, and the sweeper employed in each of the schools in that agency at a monthly allowance of As. 8 has been included under contingencies in accordance with the orders of Government. Hence the decrease in the number against establishment.

(a) The reduction of the Government Training School, Anantapur, from the lower secondary to the primary grade sanctioned in G.O. R. No. 1, Financial, dated 5th January 1898, and a similar reduction ~~proposed in this office letter to Government, No. 10331, dated 6th September 1898,~~ for the training schools at Kurnool and Rayachóti, would result in the abolition of three teacherships on Rs. 40—4—60 each, and the proposed transfer of the training section of the Board Technical Institute, Tinnevelly, to departmental management with a staff of five teachers would raise the total number of teachers by two. As the charge on account of the Training School, Tinnevelly, can be met from the savings pointed out above, provision has been made for the school in the body of the budget.

(b) Under G.O., No. 148, Educational, dated 5th March 1898, the salary of the gymnastic instructor attached to the Teachers' College gymnasium has been reduced from Rs. 40 to Rs. 30, while that of the drill instructor has been raised from Rs. 10 to Rs. 20 per mensem.

(c) Represents the portion of the exchange compensation allowance drawn by the Acting Principal, Teachers' College, and debited to the school department of the college.

Explanatory Remarks.

(a) The increase is due to the transfer of a peon on Rs. 6 from the establishment of the Teachers' College to that of the Hindu Branch ...ng School, Saidapet, and to provision having been made for a peon for the Training School, Tinnevelly.

2. In spite of the remarks made in G.O., No. 737, Educational, dated 14th December 1897, details of the revised estimate and of past actuals under *Supplies and Services* and *Contingencies* have not been furnished in all cases. The Director of Public Instruction will be requested to see that these defects do not occur in future estimates.

3. The items of expenditure included under *Office expenses* and *Miscellaneous* have not been shown in a subsidiary statement as required by rule 81 of the instructions issued for the preparation of budget estimates. The details should now be furnished to the Accountant-General.

4. The conveyance allowance to the Superintendent, Presidency Training School for Mistresses, should not have been continued without the sanction of Government. A report on the eligibility of the Superintendent for the allowance should now be made, and pending final orders thereon the provision made in the budget will be allowed to stand.

5. The provision made for aluminium manufactures under *School of Arts* should not have been shown in a lump sum, but should have been distributed among the detailed heads concerned under *Supplies and Services* and *Contingencies*. The amount will now be raised to Rs. 30,000, and the Director of Public Instruction will be requested to distribute it and furnish the figures direct to the Accountant-General. The receipts for the ensuing year from "Sales at the School of Arts" under XIX-F. Miscellaneous will be fixed at Rs. 36,000 in supersession of the figure (Rs. 26,000) accepted in G.O., No. 1170, Financial, dated 5th December 1898.

6. In view of the necessity for the appointment of a third Inspectress of Girls' Schools, a lump provision of Rs. 6,000 will, pending final orders on the question, be entered in the appendix.

7. The estimate, as modified by Government, is shown in the appendix to this order.

EXPLANATORY REMARKS.

(*a*) The increase in the number of teachers is the result of the transfer during 1898-99 of twelve secondary girls' schools to the primary list and of eleven primary girls' schools to the secondary list. The total number of teachers in both the secondary and primary girls' schools is, however, the same as for 1898-99.

(*b*) The explanation given above for the increase under staff applies equally to the variation under establishment.

(*c*) The provision for rents, rates and taxes includes the rent of Rs. 240 sanctioned for the Government girls' school, Suriyaraopet, Cocanada Municipality, in G O., No. 288, Educational, dated 6th May 1898, and the increased and new rents sanctioned by the Director for the Government girls' schools, Vellore, Valavanur and Námakal, under the powers delegated to him. Provision has also been made for the increased rate of rent sanctioned for the Government girls' school, Dindigul, in G.O., No. 514, Educational, dated 17th August 1898.

(*d*) For the purpose of comparison, the totals of secondary and primary schools for girls must be viewed together.

(a) The scales of staff and establishment provided for in the Budget Estimates received from the Inspecting officers and the Government Agents not being quite in accordance with the scales sanctioned by Government from time to time, opportunity has been taken in preparing, for the information and sanction of Government, consolidated proposition statements for the Government primary schools in each of the three agencies to verify the scales of establishment budgeted for and to see that the provision made for each school in this budget corresponds exactly with the sanctioned scale. In the Gódávari Agency none of the schools except the one at Gutala has any sanctioned menial establishment, and the sweeper employed in each of the schools in that agency at a monthly allowance of As. 8 has been included under contingencies in accordance with the orders of Government. Hence the decrease in the number against establishment.

(b) *Vide* remarks against Secondary schools for girls.

(c) The actuals against furniture and apparatus are shown against Purchase of Country and European articles under contingencies, and similarly the provision made for Petty Works of Construction was utilised during 1897-98 for Petty Repairs to Buildings.

(*a*) The reduction of the Government Training School, Anantapur, from the lower secondary to the primary grade sanctioned in G.O., R. No. 1, Financial, dated 5th January 1898, and a similar reduction sanctioned in G.O., No. 741, Educational, dated 28th November 1898, for the training schools at Kurnool and Rayachéti, would result in the abolition of three teacherships on Rs. 40—4—60 each, and the proposed transfer of the training section of the Board Technical Institute, Tinnevelly, to departmental management with a staff of five teachers would raise the total number of teachers by two. As the charge on account of the Training School, Tinnevelly, can be met from the savings pointed out above, provision has been made for the school in the body of the budget.

(*b*) Under G.O., No. 148, Educational, dated 5th March 1898, the salary of the gymnastic instructor attached to the Teachers' College gymnasium has been reduced from Rs. 40 to Rs. 30, while that of the drill instructor has been raised from Rs. 10 to Rs. 20 per mensem.

(*c*) Represents the portion of the exchange compensation allowance drawn by the Acting Principal, Teachers' College, and debited to the school department of the college.

EXPLANATORY REMARKS.

(*a*) The increase is due to the transfer of a peon on Rs. 6 from the establishment of the Teachers' College to that of the Hindu Branch Training School, Saidapet, and to provision having been made for a peon for the Training School, Tinnevelly.

(*b*) The Budget Estimate for 1898-99 has been repeated for 1899-1900. The provision is necessary in view to equipping the training section of the Rajahmundry College on the completion of the new buildings which are in course of construction.

(*c*) Provision has been made for the increased rates of rent sanctioned by Government for the training schools at Chicacole, Villupuram and Badagara.

(*d*) The rent allowance to the Superintendent will be reduced, with reference to G.O., No. 109, Educational, dated 19th February 1898, by the amount of the increment that will accrue to her annually.

(*e*) Increase in the number of mistresses is due to the appointment of an additional mistress on Rs. 7-½-12 sanctioned for the Hobart Training School for Mistresses in G.O., No. 282, Educational, dated 2nd May 1898.

The estimate under 22. Education has been placed by the D.P.I. at 17.60 lakhs, including a provision of .30 for Students' Hostels and of .20 on account of Aluminium manufactures in the School of Arts. The grant for the current year including an assignment of .40 for Students' Hostels is 17.40 lakhs. In view of the present state of the finances, a grant much in excess of the allotment for the current year cannot be made and a reduction of .10 will accordingly be effected as shown below;-

The grant for aluminium industries should be .30 for the current year. The note as to receipts should remain the same. I understood from Mr. Schmidt that an equal sum could be entered under Receipts.

AH 14.12.98

× Note. Excluding the special grants for hostels & aluminium, this reduction will bring the estimate down to 17 Lakhs, the same figure as last year.
