Enclosure.

SIR,

With reference to your Reference on C. No. 1118 dated 8th November 1898, I have the honor to report that the actual expenditure during the current year for anti-plague inoculation has been, according to the Accountant General, Rs 478-4-1. Having regard to the proposed extension of inoculation work so as to include selected Civil Apothecaries and, holding in memory that the duty will be confined largely to districts now threatened by plague, I suggest that a sum of Rs 2500 should be provided. This I would devote under the following heads:—

	Rs.
Purchase of syringes....................	1800.
Purchase of spare needles and barrels to supply breakages and damages	300.
Supply of accessory apparatus to be included in outfits for inoculation purposes....................	400.

2 I do not think it necessary to provide any sum for the cost of anti-plague serum, as the

Government

Government of India now proposes forming its central laboratory at Bombay, and, so far as Mons Haffkine's ~~information~~ goes, the Government of India will make no charge for the supply.

(B) From Public papers put up below it is understood that the enhanced pay of Rs 600 will be drawn by Doctors after the expiration of their existing nine months' engagement. NOTE FOR THE CHIEF SECRETARY.

With reference to the Plague Commissioner's note below which has been forwarded u. o. by the L. & M. Dept. attention is solicited to the copy of the letter from the President of the Municipal Commission, Madras, d/ 5th December 1898, which forwarded the Provincial plague estimates - revised for 1898-99 and budget ~~estimates~~ for 1899-1900. The Commissioner + states that the figures have been obtained from the office of the Accountant General as the Madras Municipality has nothing to do with Provincial charges. The note of the Plague Commissioner points out that the President is entirely responsible for plague administration in the city, and apparently there is no information in the Plague Commissioner's office upon which to frame ~~an~~ estimates for the city. It will be observed from the estimate annexed to the President's latter that he merely [illegible] provides for [illegible] the salaries of medical officers and special plague officers with their plague allowances ~~and exchange compensation allowance~~. No attempt has been made by the President to estimate the contributions from Provincial towards private plague hospitals ~~in accordance with~~ [G.O.No.1245 P., d/5th October 1898. It is obvious also that the medical officers and special plague officers

The foregoing facts show, it is submitted, that the question of the Provincial estimate ~~of~~ for Madras city requires definite orders. The officer who should submit the estimate to Govt. is either the President of the Municipal Commission or the Surgeon General. The latter, as stated in a previous note, seems unable to supply any information ~~and the~~ beyond mere lists of officers ~~received from~~ his ~~in answer to a telephonic messages on the subject have been~~ and his answers to telephonic messages from Financial have consisted of allusions to a letter in which he has asked for an increase of establishment, which letter has not been received in this department. As, however, the President of the Municipal Commission is responsible for the plague ~~[illegible]~~ administration of the city of Madras, it is submitted that he should be held responsible for submitting full and complete estimates. ~~As already pointed out~~ Great difficulty ~~has been~~ is experienced in compiling the plague estimates for next year in connection with Madras city. The Plague Commissioner's note mentions the proposed appointment of a lady inoculator on Rs.350 but Financial has heard nothing on this point as yet. Financial has also been unable to obtain information regarding European nurses - their number pay &c. ~~[illegible] necessary to remark that~~ If the Plague estimates are to be even approximate, Financial should be kept fully informed of all proposals that are likely to affect them. It is submitted that this question should be settled once for all, as if Provincial expenditure is to be incurred in Madras city, it is absolutely necessary that there should be proper estimates and that some officer or officers should be held responsible for submitting the estimates.

NOTE FOR THE CHIEF SECRETARY.

It will be seen from the reply of the President of the Municipal Commission below that there is some confusion about the estimate of Provincial plague expendre incurred in Madras City. Fin has, as a result, had no monthly estimate for November under this head, and it is at present awaiting the annual budget estimate for 1899. 1900. The latter is an important matter and it will ~~[illegible]~~ cause the gravest ~~appears to be most undesirable~~ inconvenience if ~~that~~ any further delay ~~should~~ occurs in the framing of the estimate, as the Provl. budget estimates, which should be made up before the holidays, will depend in a great measure on the probable plague expendre. The Fin. Dept. has drawn up forms &c for these estimates and is collecting all information that it can; but it is obvious that it must have some data for the probable expendre in

Madras City - especially the direct expendre - Budget estimates for the Plague Commr & his establishment & for the extra Secretariat establishments have been called for & are being compiled. The Presidency Police estimates ~~can~~ have been obtained from the Commissioner of Police and included in the estimates for next year. It is as regards the remaining Provincial expendre that there are difficulties. The S. E. seems unable to supply any information, & as the conduct of Plague operations ~~is under~~ in the City is under the Presdt of the Municipal Commission it seems right that he should supply estimates. Failing him, the only other authority who appears to be in a position to afford reliable information is the Plague Commissioner. & Om. may, as the administrative Plague depl, be asked to consider this matter? ~~[illegible]~~

NOTE FOR THE Chief Secretary

In the absence of the Plague Commr. who is on tour, I beg to submit that the purchase of tents was sanctd by L. & M. upon a note by the Plague Commr. the first para of which is as follows:—

"We have exhausted the "supply of tents from the "Military ~~Dept~~ authorities "and several of our officers "are still without tents. These are the Provincial charges alone. In the current year these charges were only = 1/3rd of the total charge. As is known Local Bds. & Munics. can not bear any but a small portion of the plague charges falling on them. It seems likely therefore that Provincial will have to bear not only 7.60 lakhs but probably a considerable amount more.
