DECEMBER.

Plague.

Passing orders on the revised estimates for 1898–99 and the budget estimates for 1899–1900 of plague expenditure from Local and from Municipal funds.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following paper:—

G.O., No. 1054, Financial, dated 14th November 1898.

Abstract.—Requesting the Surgeon-General, the President of the Madras Municipal Commission, and all Collectors to submit to Government, through the Plague Commissioner, estimates of plague expenditure for 1899–1900, and stating, with remarks, that these estimates should reach the Plague Commissioner not later than the 25th November.

Read—also replies to the foregoing order.

Order—No. 1259, Financial, dated 28th December 1898.

The appendices to these proceedings contain the revised estimates for the current year and the budget estimates for the ensuing year of plague expenditure from Local and from Municipal funds.

Local.

2. Under *Salaries* and *Establishments*, the revised estimates proposed by Collectors have been adopted. Where a revised estimate has not been received from a district, the figures accepted in G.O., No. 1122, Financial, dated 28th November 1898, have been entered. Allotments proposed by Collectors in districts not now under observation and in which plague establishments have not so far been entertained have, however, been omitted.

3. The budget estimates for 1899–1900 provide for existing establishments.

4. *Allowances, Supplies and Services and Contingencies.*—In the revised estimate for 1898–99, Collectors' figures have been entered with slight modifications for purposes of rounding, except in the case of Chingleput where the provision under "Miscellaneous" has been reduced from Rs. 11,320 to Rs. 5,000. In the budget estimate for 1899–1900, the total for each district not now under observation has been worked up to Rs. 15,000 in round numbers. An allotment of Rs. 10,000 has been made for "Petty construction and Repairs" in each district at present under observation, in which the Collector's estimate provides a smaller sum or does not contain any provision.

5. Appendix D exhibits the expenditure to be borne by each district board in 1899–1900 rateably to its receipts.

Municipal.

6. The observations in paragraphs 2 to 4 *supra* apply generally to the municipal estimates. A round sum of Rs. 5,000 has been provided for each municipality in districts not at present under observation.

7. As thus compiled, the estimates work out as follows :—

	Revised Estimate, 1898-99.	Budget Estimate.
	Rs.	Rs.
Local al	4,78,700	7,00,000
Municip	2,70,000	4,67,000

8. The question of the ability of local bodies to meet the expenditure debitable to them in the current year is at present under consideration. The Local and Municipal Department will see that the budget estimates of all municipalities and district boards for 1899–1900 are so framed as to ensure due provisions being made for the expenditure as now estimated.

NOTE FOR THE Financial Dept

The Estimate of Plague Expenditure for 1899-1900 are herewith forwarded so far as received. The remaining Estimates will be sent on receipt.

2. It is almost impossible to frame anything like a Correct Estimate of the requirement for the next year, but there cannot be much doubt that in the districts under observation (vide Statement I), the present rate of expenditure on Establishments will be found to be necessary throughout the next year, and that provision should be made in the next year's Budget on the scale sanctioned in the Latest revised estimate for the current year. A sum of Rs 10,000 should, however, be provided under "Petty Construction and Repairs" in each district under observation in which the

Collr

Collector's estimate does not provide for this amount. It will be required for the repair of the existing plague camps or for the construction of new ones. The two items do not involve any large expenditure.

3. As regards the districts not under Observation (vide Statement II) it is not possible to make a guess, and the undersigned can only recommend that a lump provision of Rs be made under Provincial on account of the 11 districts shown in this list. In respect to Local & Municipal expenditure it is necessary to show separate provision for each Dt Board and municipality, and it is suggested that a lump provision of Rs 15,000 for each Dt Board and Rs 5000 for each municipal town should be made.

NOTE FOR THE Financial Dept

Estimate of Plague Charges for 1899-1900 debitable to Provincial in districts under observation.

PA 8.12.99

The Districts in which the most complete arrangements are existing to control plague & the cost of the arrangements (Provincial) for the ensuing year are —

Central Provs	Rs	26,146
Berars		42,000
Bombay		57,942
Sind		62,460.

The average expenditure from varies from about 2000 to 5000 Rs.

The question is "What sum should be provided for the" district not yet under observation for plague Charges in 1899-1900

The average cost (Provl.) of a district under observation may be taken at about Rs 4000 p.m.

It is unlikely the Whole

the 11 districts will come under observation in Apr. 1st 1899. Provision for 6 for 12 months will come to Rs ~~2,80,000~~ ~~2,40,000~~ 2,40,000 for the year.

vide telegram attached 9/12

The Estimate under Provincial for the whole Presidency, except Madras City for the Current year is Rs 1,97,325. This, however, does not cover 12 months.

The Insane allotment to be provided should, I consider, be not less than Rs 2,00,000; if possible Rs 2,50,000 should be provided.

Explanatory Remarks.

(c) The amount shown under this head for the months estimates is found to be incurred by reason of it including the full pay & allowances of the Apothecary at Mangalore (Port) under the Quarantine Regulations whereas only half the pay should have been shown (as the other half is paid by the District Board) hence half the allowance should have been shown below under Plague allowance.

(d) Represent half the pay & allowances of the Apothecary at Mangalore (Port) for 9 months.

(e) For the decrease shown between this amount & the monthly Estimates see Remark (c)

(f) Provision is made for 9 months pay.

(g) Provision is made to meet the cost of any additional establishment that may become necessary if plague actually appears or immediately threatens the Municipality.

(h) These figures are now furnished by the Chairman as being revised figures.

(k) Provision is made for the pay of a Clerk for this office on Rs 40 for 2 months (January & February) of the current year & for the whole of next financial year as it is proposed to apply for sanction to [illegible] more from the beginning of next [illegible] year as the work connected with plague continues to increase.

FROM

R Morris Esquire.

Acting COLLECTOR AND MAGISTRATE,

Kistna District.

To

THE Plague Commissioner

Kistna. Madras.

SIR,

With reference to G. O. No 1054 Financial, dated the 14th November 1898, I have the honour to submit herewith an estimate of expenditure in connection with plague charges in this District during 1899-1900 so far as information is available in this office. A detailed statement of the establishment for which provision is made is also enclosed. The estimate does not include charges under Police as there is no provision in the monthly estimate to show the expenditure under this head. The District Superintendent of Police informs me that besides the marginally noted establishment which was deputed from the District force for plague duty at Kondapalli there are some more men employed by the Railway Police on observation, Inspection, Platform etc duties and I am addressing the Deputy Inspector General of Police to furnish me with particulars of the establishment so employed. On hearing from him I shall submit a further report to you. If the provision

X
1. European Head Constable on Rs 30
1 3rd grade Head Constable on Rs 16
3. 1st class Constables on Rs 8
4. 2nd class Constables on Rs 7.

for the Police force employed at Kondapalli should appear in the Buoget now submitted I request that you will include the salaries of the establishment noted above in the buoget together with the allowances payable to them for being employed on plague duty. I may however add that these men are not specially entertained but are detailed from the ordinary district force.

I have the honour to be
Sir,
Your most obedient Servant

Acting Collector.

(1) On account of the closure of 7 observation Circles on the Hyderabad frontier only 4 peons are employed at present. When they are re-opened 10 peons have to be entertained. Hence provision is made for 10 peons.

(2) The Constables and Head Constables hitherto employed on plague duty were those drawn from the ordinary district force. Provision is made only for the additional force specially entertained for Plague duty. Only 12 Constables are at present employed at the rate of 2 Constables for each of the 6 Road Frontier Inspection Stations now open. 4 more will be required when the 2 Road Frontier Inspection Stations now temporarily closed are re-opened.

(3) The peons at present employed were all drawn from the ordinary force. Provision of Rs 3360 is made on the supposition that these peons will be substituted by additional men specially entertained for plague duty as in the case of the Police force. These salt peons are required for Road Frontier Inspection Stations and to serve as orderlies to the District Medical and Sanitary Officer, Plague Superviser, Sanitary Inspectors &c.

Nellore Collector's office
Dated 23rd November 1899.

No 1887
Enq

Genl Dept
C P 15-77

From

C. M. Mullaly Esquire
Acting Collector of Nellore

To The Chief Secretary to Government Finl Dept,
through the Plague Commissioner,
Madras.

Sir,

I have the honour to submit herewith an estimate of expenditure in connection with plague charges for the year 1899-1900 called for in G.O No 1054 Financial dated 14th November 99.

2. Provision has been made for Rs 67 000 — (Provincial - 20000, Local - 26000 and Municipal 21000) having regard to the probable chance of plague breaking out next year and in view of the fact that almost all the surrounding districts have been already brought under observation.

3. Provincial.

One Commissioned medical officer is proposed for plague duty at the Gudur Railway junction in case it should be considered necessary to make it an inspection

station under Regulation 14 and an assistant Surgeon to serve in the — Northern portion of the district. Besides an assistant Surgeon has been proposed to relieve, if necessary, the district — Surgeon in his ordinary duties. A Deputy Collector to act as personal assistant to the Collector has also been proposed, with a small clerical staff to cope with the extra work which may be entailed on the existing establishment of the Collector and the District Medical officer.

4. Local.

If the district were to be placed under observation, frontier inspection will have to be provided for at more than a dozen stations in the district but for the present, provision has been made for 8 hospital assistants with a suitable staff which may be modified as circumstances may point in future.

5. Municipal.

For plague purposes the town of Nellore has been divided into 2 divisions of 3 Circles each while Ongole makes one division with 2 circles. A moderate establishment has now been provided for with reference to rule 6 of the rules under the District Municipalities Act page 63 of the Madras Plague Regulations.

6. This scheme will in my opinion make sufficient provision for the present.

The detailed statements showing — particulars of salaries and establishments in the form of the Civil budget estimates are also enclosed.

I have the honour to be
Sir,
Your most obedient Servant,
A M Campbell

Plague

No 1789

Tanjore Collector's office,
Vallam, 29th November 98

From J. Twigg Esquire
Acting Collector of Tanjore

To The Plague Commissioner
Madras.

Sir

With reference to Government Order
No 1054 Financial dated 14th November 1898,
I have the honour to forward herewith
Budget Estimate of Plague charges for 1899-
-1900.

2. Rs 20,000 have been provided under
'Provincial', Rs 500 under 'Port' and "Marine"
Funds, Rs 25,000 under 'Local' and Rs 18,000
under 'Municipal' Funds. The amounts pro-
vided under "Local and Municipal" are
exclusive of the Contributions which may have
to be paid by these local bodies towards Expenditure

incurred

included in other District.

3. The Estimates entered under the various Subheads are, in the nature of things only very rough forecasts, and they provide for a probable plague Establishment and attendant Charges for a portion of the budget year, in addition to the charges of the Establishment now working and shewn in the printed list enclosed.

4. Rs 18,000 provided under 'Municipal' is double of what should be entered under Government Order No. 522 M dated 13 March 1897, with reference to the population of the 5 municipalities in the District.

5. Necessary provision will be made in the Local Funds and Municipal budgets which are shortly due.

I have the honour to be
Sir
Your most obedient Servant
Ramanuja Rau

Explanatory Remarks.

B. This is one fourth of the pays of the Medical establishment entertained at Tuticorin by (vide A. supra) arranged to be paid from the local funds for the convenient payment to the officers concerned (vide this office letter to Government report on Cur No: 633, dated 9th November 1898) and the amount is subject to adjustment from several districts rateably to their receipts with reference to para 4 of G.O. No 576 dated 4th July 1898.

A. This is the pay of watchmen temperarily employed to guard the sheds.

D. This the plague allowance sanctioned at one fifth of the pays of the Medical officers Melaviraraghavapuram dispensary for examination of passengers at the Tinnevelly Railway station (vide G.O. No 1853 P. dated 23rd Sept. 98).

E. This amount is provided for the upkeep of the segregation sheds &c already erected.

E. This has been roughly estimated with reference to probable increase in Presidency charges.

F. Vide explanation B supra.

G. Rs 437 over and above the Sum of Rs 1050 the Cost of the Medical staff referred to in explanation B. supra, is to be recovered from the Local Fund as proposed as the Municipal Council at Tuticorin has already paid half of the pay of medical staff from April to August 98 instead of one fourth.

H. This is pay of three temperory watchers employed to guard the Sheds at Rs 6-0-0 each per mensem.

From

A.W.B. Higgens Esquire,

Collector of the

Tinnevelly *District*,

To

The Secretary to Government,

Financial Department,

(Through the Plague Commissioner, *Madras.*)

Sir, Adverting to G.O.No.1054-Financial, dated 14th. November 1898, I have the honour to forward herewith the estimates of -- expenditure in connection with plague charges for the year --- 1899-900.

2. No provision has been made (1) for ambulance and cordon-- staffs &c, (2) for strengthening and training District Establish--ment and (3) for administrative staff or for an increase of charges for medicines, &c. It is difficult to anticipate whe--ther plague is likely to threaten the District. So far as can be judged at present I believe there is no need for any in--creased provision, as the adjacent Districts are not yet --- threatened by it. The District Medical and Sanitary Officer -- also agrees with me.

I have the honour to be,

Sir,

Your most obedient servant,

V. Vijyaraghavachaya

Explanatory Remarks.

The Estimate is based not on the supposition of an actual out-break of Plague in the District or of an out-break in one of the adjoining districts, in which case a revised estimate will be submitted with reference to the then existing state of affairs, which it is impossible to anticipate now, but on the assumption of the continuance of the new existing state of affairs. The Municipal Budget Estimate also is framed on the basis of the expenditure now actually being incurred.

The estimate could not be submitted earlier as the G.O. directing its submission was received in this Office only on the 20th instant and as it reached me in Camp on the 23rd.

Note

Plague Estimates

Local and Municipal

The revised estimates of Local and Municipal plague expenditure for the current year and the budget estimates for the ensuing year are submitted for orders.

Under Salaries and establishments the revised estimates provided by Collectors have been adopted. For those districts in which Collrs have not furnished figures for the Revised Estimates, those sanctioned in G.O. No. 1122 Financial dated 28th November 1898, have been entered. Provisions made by Collectors for those districts not under Observation, in which no establishement is now working and no amount has been spent up to date on that account, have been struck out in the revised estimates.

The budget estimates for next year provide for existing establishements.

Under Allowances, Supplies and

Services and Contingencies, the Collrs' figures have been adopted with slight modifications for rounding off in the revised estimates for the current year and the budget estimates for next year. The provision of Rs 11320 under "Miscellaneous" made in the revised Estimate by the Collr of Chingleput has been reduced to Rs 5000 as it is not likely that the amount will be spent.

As recommended by the Plague Commissioner in his note dated 2nd December 1898 a sum of Rs 15000 has been entered in the budget estimate for each district not under Observation and Rs 10000 has been shown under Petty Construction and Repairs in the budget estimate for each district under Observation in which the Collectors estimate does not provide for this amount.

XIII

A statement showing the Plague expenditure for 1899-1900 to be borne by District Boards ratably to their annual receipts is also appended.

Appendix D.

The revised estimates for the current year and the budget estimate for next year are placed at Rs 478,700 and 700000 respectively.

Municipal

The remarks made under Local apply also to Municipal in respect of Salaries, establishment, allowances, Supplies and Services and Contingencies, except as regards the reductions made in Chingleput. For those districts not under Observation a lump provision of Rs 5000 for each municipality has been made as recommended by the Plague Commissioner. The amount thus provided comes to 35 x 5000 or 175000. The revised estimates for the current year and the budget estimates for next year are placed at Rs 270000 and 467000 respectively.

A draft order is submitted for approval.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following paper:—

G.O., No. 1054, Financial, dated 14th November 1898.

Abstract.—Requesting the Surgeon-General, the President of the Madras Municipal Commission, and all Collectors to submit to Government, through the Plague Commissioner, estimates of plague expenditure for 1899–1900, and stating, with remarks, that these estimates should reach the Plague Commissioner not later than the 25th November.

Read—also replies to the foregoing order.

Order—No. 1259, Financial, dated 28th December 1898.

The appendices to these proceedings contain the revised estimates for the current year and the budget estimates for the ensuing year of plague expenditure from Local and from Municipal funds.

Local.

2. Under *Salaries* and *Establishments*, the revised estimates proposed by Collectors have been adopted. ~~When~~ a revised estimate has not been received from a district, the figures accepted in G.O., No. 1122, Financial, dated ~~25~~th November 1898, have been entered. Allotments proposed by Collectors in districts not now under observation and in which plague establishments have not so far been entertained have, however, been omitted.

3. The budget estimates for 1899–1900 provide for existing establishments.

4. *Allowances, Supplies and Services and Contingencies.*—In the revised estimate for 1898–99, Collectors' figures have been entered with slight modifications for purposes of rounding, except in the case of Chingleput where the provision under "Miscellaneous" has been reduced from Rs. 11,320 to Rs. 5,000. In the budget estimate for 1899–1900, the total for each district not now under observation has been worked up to Rs. 15,000 in round numbers. An allotment of Rs. 10,000 has been made for "Petty construction and Repairs" in each district at present under observation, in which the Collector's estimates provide a smaller sum or do not contain any provision.

5. Appendix D exhibits the expenditure to be borne by each district board in 1899–1900 rateably to its receipts.

Municipal.

6. The observations in paragraphs 2 to 4 *supra* apply generally to the municipal estimates. A round sum of Rs. 5,000 has been provided for each municipality in districts not at present under observation.

7. As thus compiled, the estimates work out as follows :—

	Revised Estimate, 1898-99.	Budget Estimate.
	Rs.	Rs.
Local	4,78,700	7,00,000
Municipal	2,70,000	4,07,000

8. The question of the ability of local bodies to meet the expenditure debitable to them in the current year is at present under consideration. The Local and Municipal Department will see that the budget estimates of all municipalities and district boards for 1899–1900 are so framed as to ensure due provisions being made for the expenditure as now estimated.

G.O., No. 1259, 28th December 1898.

DECEMBER.

Plague.

Passing orders on the revised estimates for 1898–99 and the budget estimates for 1899–1900 of plague expenditure from Local and from Municipal funds.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following paper:—

G.O., No. 1054, Financial, dated 14th November 1898.

Abstract.—Requesting the Surgeon-General, the President of the Madras Municipal Commission, and all Collectors to submit to Government, through the Plague Commissioner, estimates of plague expenditure for 1899–1900, and stating, with remarks, that these estimates should reach the Plague Commissioner not later than the 25th November.

Read—also replies to the foregoing order.

Order—No. 1259, Financial, dated 28th December 1898.

The appendices to these proceedings contain the revised estimates for the current year and the budget estimates for the ensuing year of plague expenditure from Local and from Municipal funds.

Local.

2. Under *Salaries* and *Establishments*, the revised estimates proposed by Collectors have been adopted. Where a revised estimate has not been received from a district, the figures accepted in G.O., No. 1122, Financial, dated 28th November 1898, have been entered. Allotments proposed by Collectors in districts not now under observation and in which plague establishments have not so far been entertained have, however, been omitted.

3. The budget estimates for 1899–1900 provide for existing establishments.

4. *Allowances, Supplies and Services and Contingencies.*—In the revised estimate for 1898–99, Collectors' figures have been entered with slight modifications for purposes of rounding, except in the case of Chingleput where the provision under "Miscellaneous" has been reduced from Rs. 11,320 to Rs. 5,000. In the budget estimate for 1899–1900, the total for each district not now under observation has been worked up to Rs. 15,000 in round numbers. An allotment of Rs. 10,000 has been made for "Petty construction and Repairs" in each district at present under observation, in which the Collector's estimate provides a smaller sum or does not contain any provision.

5. Appendix D exhibits the expenditure to be borne by each district board in 1899–1900 rateably to its receipts.

Municipal.

6. The observations in paragraphs 2 to 4 *supra* apply generally to the municipal estimates. A round sum of Rs. 5,000 has been provided for each municipality in districts not at present under observation.

7. As thus compiled, the estimates work out as follows :—

	Revised Estimate, 1898-99.	Budget Estimate.
	Rs.	Rs.
Local	4,78,700	7,90,000
Municipal	2,70,000	4,67,000

8. The question of the ability of local bodies to meet the expenditure debitable to them in the current year is at present under consideration. The Local and Municipal Department will see that the budget estimates of all municipalities and district boards for 1899–1900 are so framed as to ensure due provisions being made for the expenditure as now estimated.

Note for the Secretary

The second sentence of para 5 of the draft order should be altered as shown in pencil, as many of the budget estimates of District Boards and Municipalities have already been received and the Land Revenue Dept has therefore merely to insert the provision for plague expenditure as now estimated.

Financial Dept

Order W. 1259 dd 28-12-98

P.S.

The appendices to these proceedings contain the revised estimates for the current year and the budget estimates for the ensuing year of plague expenditure from Local and from Municipal funds

2. Under Local Salaries and Establishments, the revised estimates proposed by Collectors have been adopted. Where a revised estimate has not been received from a district, the figures accepted in G.O. No. 1122 Fin. dated 28.11.98, have been entered. Allotments proposed by Collectors in districts not now under observation and in which plague establishments have not so far been entertained have, however, been omitted.

3. The budget estimates for 1899-1900 provide for existing establishments

4. Supplies and Services, and Contingencies. Allowances. In the revised

estimate for 1899-1900, the Collectors' figures have been entered, except in the case of Chingleput, where the provision under "Miscellaneous" has been reduced from Rs 11,320 to Rs 5000. In the budget estimate for 1899-1900, the total for each district not now under observation has been worked up to Rs 15,000 in round numbers. ~~In each district at present under observation~~ An allotment of Rs 10,000 has been made for "Petty Repairs and Construction & Repairs" in each district at present under observation, in which the Collectors' estimates provide a smaller sum or do not contain any provision

with slight modifications for purposes of rounding

5. Appendix D exhibits the expenditure borne by each district board in 1899-1900 relative to its receipts

B. Municipal

6. The observations in paras 2 to 4 *supra* apply generally to the Municipal estimates. A sum of Rs 5000 (round) has been provided for ~~both municipalities and~~ each municipality in districts not at present under observation

7. As these compared, the estimates work out as follows:-

	Revised Est. 1898-99.	Budget Estimate 1899-1900
Local	4,78,700	7,00,000.
Municipal	2,70,000	4,67,000

8. The question of the ability of local bodies to meet the expenditure debitable to them in the current year is at present under consideration. Orders will issue in the L.S.G. Dept. at an early date to ensure that the budget estimates of all municipalities and district boards for 1899-1900 are so framed as to ensure due provision being made in the expenditure as now estimated.
