READ The following letter from the Collector of Anantapur, Dis 6840 dated 19th January 1897:-

With reference to B. P. No. 710 15-11-97 I have the honour to state that the apparent increase in the Public works Department expenditure during September over that of August is due to a large number of vouchers paid in August and left with the Tahsildars having been checked and brought to accounts in the month of ~~X~~ September. The Executive Engineer also states that the audit in that month was more rapid than in the preceding month owing to his establishment having been strengthened then. It will thus be seen that the audited and not the actual expenditure of September

September was in excess of that of August.
