Board of Revenue
Rev. Secy. L. R. & Co.
Madras 15th Dec 1889

To

The Secretary to Government, Revenue Department,
through the Accountant-General, with reference to G.O., No. 1695,
dated the 23rd September 1878, Financial Department.

If Local Government is competent to sanction, its order will be written across these four columns.

Memorandum of objects noticed in the
Records and Registers of the Bellary taluk.

A. Records.

1. The encumbrances reported by the Registration Department are not properly verified.
2. They are not properly arranged and indexed, nor have they been numbered.
3. The loan orders put up with the records have not been signed by the parties.
4. Duplicate copies of loan orders and security bonds have not been sent to the Registration Department, and in certain cases they have not been prepared and put up with the records.
5. The instalments have been incorrectly worked out so that they have to be entirely revised in all the cases.
6. The Specification of property

accepted

accepted as security and entered in the security bonds are imperfect and they require to be revised.

7. The instalments fixed are not uniform. In certain cases the annuity system has been followed and in others the simpler method adopted in Board's Proceedings 103, dated 28th May 1896, has been adopted. To avoid confusion when repayments begin, they should be uniform.

B. Registers.

(8) The register of daily disbursements (I A+B) have not been maintained under the special well rules, and only a few entries have been made in those under the ordinary rules and Agriculturists Loans Act.

(9) Register of repayments (II A+B) is not maintained, at all, under any of the heads. They have to be written afresh for the 4181 Cases sanctioned in the taluk.

(10) Index to ledgers (III c part I & II)
and

and Register XIII C. Index of due dates have to be written after the ledger accounts are finished.

(11) Disposals in almost all the cases have to be noted in the Register of applications.

(12) The Register of applications for distress loans have not been maintained at all. They have now to be maintained.

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

Dated 15th December 1897.

No. 9959 Inis.

READ

the following letter from the collector of Bellary, Ref. on cur No 4974, dated 4th December 1897:—

The loans transactions have been exceptionally large during the past and the present years in this district. The number of cases in which loans have been disbursed with the amounts involved in each taluk are noted on the margin. It will be seen that nearly 8 lakhs have been lent and it is necessary that the records pertaining thereto should be kept in such a state as to ensure that no money is lost to Government. A cursory inspection of the records and registers of the Bellary taluk made recently

Enclosure No. 3

Support No. 205

recently, by two clerks of this office, shows that a greater part of the clerical work has either not been done or requires revision, and this is the case more or less in all the other taluks. A memorandum of the principal defects, noticed at the inspection, is enclosed. To remedy the defects additional establishment is required for each of the taluks and even if this is allowed, a very strict supervision is required over the work of such establishments. To look to the divisional officer or the Tahsildar for such supervision will be of little use. In the first instance, they have no time and they have already to get through considerable arrears accumulated during the famine. Secondly, they are executive officers and are not accustomed to clerical work. If they are entrusted with it, they will mostly delegate it to their clerks. Besides, the establishments of the divisional officers are small and already heavily worked, those of the Tahsildars are not competent and not very trustworthy for such

such work.

2. In these circumstances, I have the honor to submit the following proposal for the favourable consideration of the Board.

(a) That the work of overhauling the records in all the taluks for the purpose of ascertaining how far they are complete and correct, and revising them where necessary should be entrusted to the Huzur Sheristadar of this office in addition to his other work.

(b) That the present temporary famine Establishment entertained in the Collectors office consisting of one clerk on Rs 50, another clerk on Rs 35 and a third on Rs 20, should be continued as long as necessary for the loans work.

(c) That the loans clerk of each taluk should be deputed to work under the officer named in (a) till the records of his taluk are put in order.

3.

The exact period for which

which this arrangement should continue cannot now be fixed. It will be possible to determine it when the work of one or two taluks is finished; but it must continue as long as it is necessary. For the present I think the extra establishment, mentioned in para 2 (b), may be sanctioned for a period of four months.

4. The favour of very early orders is solicited as it is necessary to begin work at once.

Resolution.

Submitted for the orders of Government.

2. In the circumstances reported by the collector in his letter read above, the Board approves the proposals contained in clauses (a) and (c) of para 2 of his letter, for checking the records and registers relating to loans disbursed during the recent famine

famine. The Board does not, however, agree with the collector that an establishment on the scale recommended by him should be entertained; but considers that it would suffice, to entertain for the present and as an experimental measure two clerks on Rs 25 each. The sanction of Government will accordingly be requested for the entertainment of this establishment for a period of four months.

4. With reference to item 7 of the "Memorandum of defects noticed in the records &c", appended to his letter, the collector will be informed that whenever possible the annuity system of repayment should be adopted with reference to Rule 5 of the recently published revised rules under the Loans

Loans Acts.

5. With reference to item no 9 of the "Memorandum" the collector is informed that in all cases in which the annuity system of repayment is adopted, the register of repayments should be written up in form no XII-B printed at page 57 of Board's Proceedings, no. 91, dated 9th March 1893.
