Resolution.

The Board is recommending
to Government the appointment of
two additional Deputy Collectors
for the registration of Gammam-
titles in Malabar. It is proposed
that they should work in the Ponani
and Kurambranad taluqs. Copies
of the Board's proposals shall
be communicated to the Superinten-
dent, Revenue Survey as soon
they are received from the
2. It is believed

any copies of the Field-books
have been prepared for Ponani,
but the Board is in doubt as to
whether the Field-books for Kuram-
baramad have yet been prepared.
The Superintendent, Revenue Survey,
is requested to inform the Board
whether the Kurambaramad field-
books (three copies) are ready, and
if not, within what time they can
be made so.

3. Applications for copies
of the field-maps are becoming
numerous and pressing, and the
labour and delay of preparing
copies by hand constitute a very
serious difficulty. The Superintend-
ent of Survey is requested to
inform the Board whether it is
practicable to multiply
field-maps by means

of cyclostyles, or in some other way.
The cost of the copies is recoverable
from the applicants, the number of
copies required is likely to be so
great that there will be no difficulty
in so fixing the fees as to completely
cover the necessary expenditure.

4. Finally the Board desires
to impress on the Superintendent the
desirability of preparing field-books
for the remaining taluks of Malabar
at the earliest possible date.

Resolution
Submitted for the early orders
of Government in continuation of Board's
Proceedings, No 680, dated 20 October 1897
2. The necessity for the early preparation of field measurement books, in order to facilitate the work of registration of Proprietors of estates in Malabar has been fully explained in the Board Proceedings quoted above. From the statement, which forms an enclosure to the letter from the Superintendent of Survey read above, it will be seen that the work is much

in arrears, in all taluks except Palghat and Walavanad. In order to complete the books before the close of the current official year, the Superintendent of Survey asks for an additional grant of Rs. 8000. The Board requests that this may

be sanctioned. The expenditure can be met by transfer from savings under the budget provision for Settlement Parties. An application in the form prescribed in rule 3 of the rules for the preparation of maps and estimates issued in G. O. No. 602 Financial dated 20 August 1897, is submitted herewith.

3. The Board regrets to find that the remark made in para 2 of its Proceedings No. 680 dated 20 October 1897, to the effect that three copies of the field measurement books have been prepared for each desam in the Palghat and Walavanad taluks is not correct. It is reported that only two copies have been prepared for these taluks, and that it is proposed

to prepare two copies for these taluks in which subdivisions are not marked on the village map, and one copy in the other taluks. Subdivisions have only been shown in the maps in certain taluks in North Malabar.

4. As regards the question of multiplying copies of field-maps by cyclostyle, the difficulty is that the tracings on cyclostyle paper, after one side has been covered with copying ink, cannot be preserved to obtain future copies as occasion requires.

The Deputy Superintendent, and Superintendent, in suggesting that the number of copyists may be increased appear to overlook the fact that only one or two men can be supplied with maps to copy from. Admittedly there are only two copies of the field maps in bound books and these are in daily use by the mamons and special Deputy Collectors. The special Deputy Collectors will be called on to report whether they can contrive to furnish

field-maps to applicants without

the Board is not available for transfer as the total
grant for the Major head 3 Land Revenue is
likely to be exceeded. The Board in the Land
Revenue Department has already applied for
an additional allotment of 2 lakhs under this
head. Rs 8000 now applied for may therefore
be sanctioned from the unappropriated balance
of grant for Student Hostels under 22 Education.
