2. The Surrenders from the Bellare Division are chiefly due to presence of water in tanks and to works sanctioned as ordinary works, having been taken up for famine and executed under the intermediate system, and those from the Chajepit Division, viz, Rs 5038, and Rs 1048 from the provision for Tools and plant, Buckingham Canal, under Capital and Revenue accounts respectively, are attributed, in the former case, to a large credit for value of articles transferred to the P. W. Stores, having been adjusted in the accounts for February 1898, and in the latter to want of sanctioned estimates.

3. Owing to scarcity of labour due to harvesting and to the prevalence of Cholera, the amounts surrendered from the Negapatnam Division can not be worked out.

4. The reserve now at the disposal of Government is Rs 35,807 including Establishment and Tools and plant charges. This amount together with that (Rs 46,653) shown in para 1 above, aggregating Rs 82,460, may be surrendered to the Financial Department.

5. A memorandum of altered grants is appended.

Order thereon No 274 of 30.3.98
