Gun Carriage Factory Office,
Madras, 21st February 1898

From

The Superintendent,

Gun Carriage Factory,

To

The Superintendent of Stationery,
MADRAS.

Reference:—Your No. 279 dated 19th February 1898.

With reference to the above, I have the honor to inform you that Heliograph printing is extensively used in the Drawing section of this Factory; the paper is obtained from your Department and sensitised by us when required. Very satisfactory results are obtained. In my opinion, it would be very advisable to keep a stock of non-sensitised paper, and sensitised when required; as the sensitised paper obtained from your department was found to be petrified and useless from age.

In continuation of my letter No. 100 dated
26th January 1898, I have the honor to enclose for informa-
tion, a copy of a letter No. 138/D/ dated 21st February last
8143
received from the Superintendent Gun Carriage Factory who
reports that heliographic printing is extensively used in his
department, and that very satisfactory results have been se-
cured by obtaining non-sensitised paper from this office, and
sensitising it when required.

I have the honor to be,

Sir,

Your most obedient servant,
