## Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 20<sup>th</sup> April 1898.

No. 2686 Miscellaneous.

READ.

the following letter from the Collector of Coimbatore R. O. No 171(d) of 1898 dated 2<sup>nd</sup> April 1898:-  
Rev

It was proposed by the sub-collector of Coimbatore that one of the sand sluices of the Pagarore channel which have been blocked up for a long time should be opened experimentally and the Executive Engineer, Coimbatore Division, was consulted in the matter. He has no objection to opening a sluice as a temporary and experimental measure subject to certain conditions. On my acquiescence to the conditions stipulated, he requests me to place at his disposal Rs 150 as he has already ordered the work to be carried out.

2. As the Public works department is precluded from receiving money from other departments (vide this office Ref on Cnr No 3365(d) Rev

of 1896 dated 2<sup>nd</sup> September 1897), I have the honor to request that the amount required may be placed at his disposal through the Accountant General from the Budget allotment of this District on account repairs to channels under Irrigation Cess Fund. It is believed that the opening of the sand sluice will have the effect of reducing the expenditure on silt clearance.

tion  
ment, with, submitted to Government, with the Board's request that the Accountant General may be authorised in the Financial department to place the amount of Rs 150 referred to by the Collector, at the disposal of the Public works

Department, out of the allotment of Rs 5600 sanctioned for the district for the year 1898-99. under 45 Civil works - Repairs Miscellaneous Public improvement, in Government Order No 1053 Financial dated 15<sup>th</sup> December 1897.
