Budget Estimate.

Recording Proceedings, Local and Municipal Department, passing orders on the revised —
of the Kurnool District Board for 1898-99.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper :—

G.O., Mis. No. 840 L., dated 4th May 1898.

Read—again G.O., No. 466 L., dated 12th March 1898.

Read—also the following letter from the President, District Board, Kurnool, No. 63, dated 18th March 1898 :—

Adverting to G.O., Mis. No. 316 L., dated 24th ultimo, I have the honour to submit the marginally-noted revised statements of the budget for 1898-99.

2. According to section 33 of the Famine Code, the district board is the prime agency for combating the famine, and the whole of its resources, subject to such expenditure as is most absolutely necessary, must be made available for the purpose of affording relief. But apparently the strain will be too great if the whole famine expenditure, which will be very considerable as experienced during the last year, is debited to the Local funds. While sanctioning funds for famine expenditure in the Nellore district during the current year, Government, in paragraph 11 of G.O., No. 72, Revenue, dated 7th February 1898, observes that much of the expenditure incurred from Provincial funds will be ultimately recoverable from Local funds. The proportion which this recovery will bear to the total expenditure on relief works, the cost of which will probably be chargeable to Local funds, is not known and hence, I submit, it is not possible to remodel the "revised budget estimate for 1897-98". Except the relief works that were carried on during the first portion of this year in connection with the late famine, no new works are proposed to be carried out this year (1897-98).

3. As for the budget estimate for 1898-99, I have to state that in the famine budget a sum of Rs. 1,25,000 has been provided for relief works proposed to be opened in the Markapur taluk. All the expenditure will, of course, generally be incurred only on road works whose cost will be debitable to Local funds; but it is not possible to expect this board to defray the whole expenditure. All that this district board can do, I submit, is to curtail the expenditure provided for under Grant I, the charges under the other grants being more or less of a fixed nature and not susceptible of reduction without seriously affecting these branches of administration and therefore the maintenance allotments provided in the original budget have been altered as noted below with a view to transfer to the affected area as much money as can be possibly spared from the non-affected areas.

Item number in Statement III-B of the original budget.	Name or nature of work.	Amount provided in the budget.	Amount now provided for.

4. I take this opportunity of altering some of the items of the original budget with reference to G.Os., dated 22nd December 1897 and 24th January 1898, Nos. 2473 L. and 122 L., respectively, and to request that they may be approved.

5. As the revision of statements Nos. I-A and I-B does not in any way affect the other statements, the latter have not been revised.

6. The resolution sanctioning the remodelled budget is enclosed.

Order—Mis. No. 840 L., dated 4th May 1898.

The reduction in the expenditure on the maintenance of roads, proposed in paragraph 3 of the President's letter, is approved, and the sum of Rs. 12,700 thus saved will be contributed to Provincial funds on account of famine relief works, in addition to the Rs. 7,000 referred to at the end of clause 2 of paragraph 4 of the Government Order read above.

2. The allotment of Rs. 15,000, which, from the revised statement III-B, appears to have been provided for famine relief works, will be struck out with reference to paragraph 3 of G.O., No. 133, Financial, dated 8th February 1897, communicated with G.O., No. 352 L., dated 18th February 1897, under which all expenditure on works undertaken for the relief of famine should in the first instance be debited to Provincial funds.
