G.O., Nos. 480, 481, Financial, dated 26th May 1898.

Order—No. 482, Financial, dated 26th May 1898.

In paragraph 2 of G.O., No. 809, Financial, dated 30th September 1897, the Accountant-General was requested to report to Government all cases in which any doubt exists as to the eligibility of an officer to draw exchange compensation allowance under the revised rules contained in G.O., No. 491, Financial, dated 24th June 1897. Accordingly, in his letter recorded in G.O., No. 1005, Financial, dated 3rd December 1897, Mr. Harrison forwarded four lists of officers appointed in India :—

List A—contained the names of officers in regard to whom it has to be decided whether European qualifications are indispensable in the appointments held by them and whether the incumbents were appointed as Europeans.

List B—contained the names of officers holding posts in services or departments which fall under class *B of Government of India, Finance and Commerce Department resolution No. 2422-Ex., dated 31st May 1897, *i.e.*, services and departments in which a proportion of Europeans is held by the Government of India to be indispensable. In regard to these officers it has to be decided whether they were appointed as Europeans for the purposes of maintaining the requisite proportion of Europeans.

* Paragraph 8.
In G.O., No. 491, dated 24th June 1897.

List C—contained the names of officers who do not appear to the Accountant-General to be members of any regular service or to be employed in a professional capacity without being debarred from the p[illegible]te exercise of their profession. As such, these officers appeared to the Accountant-[illegible]neral to fall under rule V (*c*) of the revised exchange compensation allowance rules and to be debarred from the allowance.

List D—contained the names of officers holding appointments included in the Provincial Services.

[illegible] Accountant-General's lists have been referred to Departments of the [illegible]d the pap[illegible] read above contain their replies.

3. In pro[illegible]ings of this date, No. 480, Financial, the Government has considered the recommendations to be submitted to the Government of India for the completion of the lists of offices in which European qualifications are held to be indispensable and of services and departments in which the employment of a proportion of Europeans is considered to be absolutely necessary. Until the Government of India has passed final orders in regard to the selists, such officers included in the Accountant-General's lists A and D recorded in G.O., No. 1005, Financial, dated

Paragraphs 7 and 8 of Finance and Commerce Department resolution, No. 2422 Ex., dated 31st May 1897.

3rd December 1897, as are declared to be eligible for the allowance in the last column of the appendix to these proceedings will continue to draw the allowance under rule XIII of the revised rules as interpreted in paragraph 2 of Government of India, Finance and Commerce Department resolution, No. 4217-Ex., dated 21st September 1897.

G.O., No. 809, Financial, dated 30th September 1897.

4. It is to be observed that since the Accountant-General reports that all officers in his lists drew exchange compensation allowance under the old rules, they cannot be domiciled in India and therefore cannot be Statutory Natives of India. Departments and heads of departments will, however, be requested to scrutinize the lists and to make further inquiries in doubtful cases.

5. As regards the case of Mr. R. L. Swann, Acting Port Officer, Gopalpur, dealt with in the letters from the Presidency Port Officer, Nos. 1713—4-G and 49-G., dated 5th January and 2nd February 1898, it is observed that Mr. Swann holds an appointment connected with Marine or Shipping—a class of appointments which is considered by the Government of India to demand European qualifications—and that the fact of his having received the allowance under the old rules proves that he is not domiciled in India and therefore not a Statutory Native of India. The retrenchment order issued by the Collector of Ganjám should therefore be cancelled.

6. With reference to the case of Mr. Woodhouse dealt with in Board's proceedings, No. 3751, dated 6th October 1897, it is observed that, like Mr. J. G. Wood, this officer must be held to have been appointed as a European to maintain the necessary proportion of that class considered to be indispensable in the Deputy Collector's grade. Mr. Woodhouse is not a Statutory Native of India and should the Government of India concur in the contention of this Government that a proportion of Europeans is indispensable in the Deputy Collector's grade, he will be entitled to draw the allowance as a Deputy Collector from the 1st April 1897 until he joined his present appointment as Second Assistant in the Chief Secretariat. The latter is not an appointment in which European qualifications are held to be indispensable and Mr. Woodhouse is not entitled to draw exchange compensation allowance in it.

7. In paragraph 3 of his letter recorded in G.O., No. 1005, Financial, dated 3rd December 1897, the Accountant-General enquired whether in the case of officers transferred from departments coming under class A or class B of the Government of India resolution to departments not coming under either of those classes, exchange compensation allowance should be continued. This point will be referred to the Government of India. His Excellency the Governor in Council is of opinion that in cases of temporary transfers the allowance should be continued, but in cases where officers are permanently transferred to departments or services in which they would not have drawn the allowance if originally appointed to those departments or services, they should cease to draw the allowance.

The office of the Government Astronomer has already, in G.O.No.1426 Public dated 1st November 1897 been declared to be an office in which European qualifications are indispensable. Mr. Michie Smith must be held to have been appointed as a European.

2. The Government considers that the post of Matron Superintendent at the General Hospital is one in which European qualifications are indispensable. Mrs. Nisbet was appointed as a European.

3. The appointment of Assistant Matron is one which is held under a contract, and does not therefore entitle its holder to claim exchange compensation allowance. Miss Dent will however continue to draw the allowance under Rule XIII of the rule in G.O.No.491 Financial, dated 24th June 1897.

4. It has been decided in G.O.No.1426 Public dated 1st November 1897 that the office of Chief Assistant in the Chief Secretariat is not an office in which European qualifications are indispensable. Mr. Bird's case therefore falls under rule XIII referred to above.

FOR ORDERS.

F In para. 2 of G.O.No.809, Finl., dated 30th September 1897, the Accountant-General was requested to report to Govt. all cases in which any doubt exists as to the eligibility of an officer to draw exchange compensation allowance under the revised rules contained in G.O. A No.491, Financial, dated 24th June 1897. Accordingly in his letter recorded in E G.O.No.1005, Financial, dated 3rd Decr. 1897, Mr. Harrison forwarded four lists of officers appointed in India, viz:-

List A-containing the names of officers in regard to whose appointments it has to be decided whether European qualifications are held to be indispensable and whether the incumbents were appointed as Europeans;

List B - containing officers holding posts in services or departments which fall under Class B of the Govt. of India Resolution, No.2422, Ex., dated 31st May 1897 (para. 8) (that is, services and departments in which a proportion of

G.O.No.491, Finl., dated 24-6-97. A

of Europeans is held by the Govt. of India to be indispensable) and in regard to ~~which~~ whom it has to be decided whether the officers named were appointed as Europeans to maintain the requisite proportion;

List C - containing the names of officers who appear to come under Rule V(c)× of the Exchange Compensation Allowance Rules under which they will not be entitled to exchange compensation allowance; and

List D - containing the names of officers who hold appointments included in the Provincial Service.

Page 5 of G.O. No. 491 Finl, d 24th June 97.

× Persons who are not members of any regular ~~establishment~~ service and who are employed in a professional capacity, without being debarred from the exercise of their profession

2. The departments concerned having been consulted the lists are taken up in order below. The Educational Department has still to reply.

It may here be stated that the question as to whether any of the officers mentioned in lists A,B,C, & D are statutory natives does not ⊕ arise as a reference to C.No.987 shows that they have all been drawing exchange compensation allowance under the old rules, while a few have ceased to draw the allowance on promotion×, retirement and resignation.

⊕ The point is that ~~now~~ to have drawn the allowance under the old rules they could not be domiciled in India & they therefore cannot be Statutory Natives of India

3. Turning to List A, which contains the names of officers in regard to whose appointments it has to be decided whether European qualifications are held to be indispensable and whether the incumbents were appointed as Europeans, the Judicial Department states that as regards No.1 to 6 it has been decided

in G.O.No.218, Judicial, dated 5th February 1898, that these are appointments in which European qualifications are essential and that the present incumbents of all these officers must be considered to have been appointed as Europeans. There appears to be no question as to the first three, Messrs. Cavendish, Shubrick & Young, who are Superintendents of Central Jails, and who hold appointments which ~~[illegible] exchange compensa-~~ are reserved for medical officers ~~tion allowance, as they [illegible] under~~ vide para ~~[illegible]~~ 7(3) of the Government of India Resolution No. 2422 Ex., dated 31st May 1897; but the cases of Nos.4,5 & 6 Messrs. Wheeler, Wills and Lovejoy, the Jailors of the Central and District Jails at Coimbatore and Vizagapatam ~~and~~ and the Deputy Jailor, Hill Jail, Russulkonda, ~~appear~~ are doubtful, as these officers draw salaries below Rs.200 and the Govt. of India ~~[illegible]~~ appears from the last sentence of para. 8 of its Resolution No.2422 Ex., dated 31st May 1897, ~~that the orders~~ to be opposed to the inclusion of ~~contained in that resolution do not apply to~~ appointments ~~of which the~~ carrying pay ~~is~~ of less than Rs. 200. In para. 11 however of the same resolution, Local ~~[illegible]~~ Govts are permitted to include in the recommendations to be submitted with reference to para. 6 of the resolution any subordinate or ministerial office which ~~[illegible]~~ may be considered as ~~may consider as coming~~ falling under class A or B of the resolution. It is doubtful whether the Govt. of India intended that these

the recommendations as regards subordinate offices should ~~have salaries~~ be confined to those carrying salaries of Rs. 200 and over. ~~attached to them~~ ~~[illegible]~~ The Administrative Departments in several cases consider that ~~all~~ appointments of which the pay is less than Rs. 200 should be held by Europeans e.g. The Judicial Department ~~[illegible]~~ holds that ~~[illegible]~~ it is essential that a proportion of the subordinates in the Jail Dept. (i.e. Jailors, Deputy Jailors, Assistant Jailors and Chief Warders) should be Europeans and would fix the proportion at 25 per cent. ~~and~~ The cases of Nos. 4, 5 and 6 will depend on the decision of the Govt. of India on this point. These appointments have been included in the appendix ~~to~~ in the proof in the linked file which contains the recommendations to be made to the Govt. of India as regards offices and departments which should be included under classes A and B of the Resolution of May 1897.

4. As to Nos. 7 to 26, the Marine Department transfers a letter from the Presidency Port Officer in which he states that these officers were appointed as Europeans and that European qualifications are indispensable ~~in the case of these appointments~~ for the offices held by them. As the Govt. of India has included appointments connected with Marine or shipping ~~any~~ among offices in which European qualifications are held to be indispensable

These cases should, it is submitted, ~~[illegible]~~ be referred to the Govt. of India. ~~[illegible]~~

5. The case of ~~No.21~~ Mr.R.L.Swann, Reserve Port Officer (No.21 on List A), is ~~[illegible]~~ separately submitted by the Marine Department. Mr.Swann was already in receipt of exchange compensation allowance, but the Collector of Ganjam ordered it to be discontinued under para. 2 of Govt. of India Resolution No.4217, Ex., dated 21st September 1897, which directed that rule XIII of the exchange compensation allowance Rules be brought in force at once in the cases of officers who were appointed in India and whose salary is less than Rs. 400 a month. As Mr. Swann holds an appointment "connected with Marine or shipping" and as the fact of his having been in receipt of the allowance under the former rules proves that he is not a "statutory native" he ~~[illegible]~~ is entitled to the allowance under the new rules and the retrenchment order of the Collector should, it is submitted, be cancelled.

6. As to Mr. Bakewell (No. 27 in list A) it has been decided in G.O. No. 218, Judicial, dated 5th February 1898,

that the office of Deputy Registrar, High Court, is one of those for which European qualifications are essential, and it is added in G.O.No.469, Judicial, dated 17th March 1898, that Mr. Bakewell must be considered to have been appointed as a European. In the former G.O. it was decided also that twenty-five per cent of the Presidency Magistrates should be Europeans and in the latter it is held that Mr. O.R.Jones (No.28 in list A) must be considered to have been appointed as a European to maintain the requisite proportion of Europeans. Similarly in G.O.No.468, Judicial, dated 17th March 1898, it was ruled that one third of the Judges of the Small Cause Court should be Europeans and it is held in G.O.No.468 Judicial, dated 17th March 1898, that Mr. Mitchell (No.29 in list A) must be considered to have been appointed as a European to maintain that proportion.

13. To entitle the holders of the offices included in the recommendations

in the linked file to exchange compensation allowance it will be necessary first for the Govt. of India to accept the recommendations of this Govt, but such of the officers as have been admitted to the allowance under the old rules will continue to draw it subject to Rule XIII of the new rules.

The Judicial Dept. considers that, with regard to the Police Department (which is represented by Nos.38 to 80 in list B), it must be held that all European officers already appointed to that Department were appointed as Europeans to maintain the requisite proportion of Europeans. The Govt. of India has besides decided in its Resolution No.4936, Ex., dated 8th November 1897, that Superintendents and Asst.Supts. of Police are offices in which European qualifications are held to be indispensable. ~~and~~ Nos.38 to 80 in list B ~~[illegible]~~ include ~~[illegible]~~ the names of the Deputy Inspectors General and the Commissioner of Police. There appears to be no doubt as to these officers being entitled to exchange compensation allowance, on the presumption that they are not Statutory Natives and this presumption is supported by the fact that they draw the allowance under the old rules and ~~[illegible]~~ are therefore not domiciled in India (and consequently not Statutory Natives)

In this connection the Accountant-General pointed out that Messrs. 24. No.136 in list D, Mr.J.G.Wood, Deputy Collector. As a European element has been held to be indispensable in the Deputy Collector's grade the Revenue Dept. considers that this officer should be held to have been appointed as a European to maintain that proportion. In fact when the sanction of the Govt. of India was requested to the appointment of this officer as a Deputy Collector the desirability of having a few Europeans as Deputy Collectors was urged on that Govt. 25. The Revenue Dept. at the same time submits the case of Mr.A.C.Woodhouse, Deputy Collector, and at present Ag.Second Assistant in the Chief Secretariat, and considers that he should also be held to have been similarly appointed as a European to maintain the necessary proportion in the Deputy Collector's grade, the sanction of the Govt. of India having in his case also been obtained in view to a few Europeans being admitted to the Dy.Collector's grade. But Mr.Woodhouse, although he drew exchange compensation allowance while in the Salt Dept. ceased to draw it from June 1894 owing to the domicile of his father, a military officer, having been held to be Indian when Mr. Woodhouse was born [~~it having been decided in~~ G.O.No.233, Financial, dated 13th March 1895] ~~that Mr.Woodhouse was not entitled to exchange compensation allowance~~. As Mr. Woodhouse was born in India at Berhampore at a time when his father's domicile was held to be Indian it is doubtful whether he ~~was~~ does not fall under the definition of a statutory native. His transfer to the Secretariat further raises the question suggested by the Accountant-General as to whether in the case of officers transferred from departments coming under class A or B of the Govt. of India Resolution to departments not coming under either of them exchange compensation allowance should be continued to them (vide para. 21 above). The Acctt. General also states

in a letter to the Bd. of Rev., No. 2610, d/ 26th August /97, flagged V in the linked file, that as Mr. Woodhouse was appointed to the ~~Salt~~ Dept on a pay lower than Rs ~~300~~ he does not seem to be entitled ~~to the allowance~~ under the new rules unless ~~[illegible]~~ para. 11 of the G.I. My dear Carter

In your letter No 3956 d. 11/8/97 you submitted your recommendations regarding the admission to Exchange Compn. allowance under the new rules of officers of the Jail Dept. Nothing was however said as to the grant of the allowance to subordinates (e.g. Jailors, Dy. Jailors, Assistant Jailors & Chief Warders), some of whom are Europeans. Govt. is inclined to think that a proportion of Europeans should be declared to be indispensable in these posts, will you please let me know whether you consider that 25 per cent ~~of these appointments~~ would be a sufficiently large proportion

GOVERNMENT OF MADRAS

Dear Arundel

In reply to your D.O. of yesterday's date, if it is declared that for 25 percent. of the posts of Jailors, Deputy Jailors, Assistant Jailors, & Chief Warders (aggregate, including European warders, about 85), Europeans are indispensible, the proportion will be, in my opinion, sufficient.

The actual number of Europeans (not being East Indians), in the abovementioned grades is at present about 10. The Asst. Jailors number 50 and are almost all Natives. Of the 35 Jailors, Deputy Jailors & Chief Warders nearly 30 are Europeans & East Indians.

Yours sincerely

Note for the Financial Department. No. 2568 d/7 May 1898

It will be seen from the Deputy Master Attendant's letter recorded with G.O. 194 Marine, dated 17th September 1864 that the duties of the Marine Diver at the port of Madras are of a general character, and include the recovery of anchors and chains parted from vessels, examination of ships' bottoms, the recovery of anything lost in the sea including portions of wrecks &c,. When the appointment was first created, men were got out from England under contract agreement for a specified term. The present man, however, was appointed in this country under the ordinary rules. The appointment he holds is a regularly sanctioned permanent appointment chargeable to Port Funds, and as the Presidency Port Officer considers that European qualifications are essential in the incumbent of the post, Mr. Deacon does not seem to be excluded from the benefit of

Exchange Compensation Allowance by Rule V (a).

The Marine Department file on the subject is linked for reference.

R.S.

Ag. Secretary to Govt.

Before this man's claims to Exchange Compensation are determined I think it should be ascertained whether Bombay, Calcutta or Colombo employ other than European Divers. The distinction seems to be that an ordinary native diver can only remain under water for 2 or 3 minutes, whereas a Diver with helmet apparatus can remain for hours. The point is must the helmet be occupied by a European!

Please see the notes at A in G.O. no 247 Public d. 14-2-95. It was there considered that as Miss Dent ~~was~~ is serving under a contract she ~~was~~ is not entitled to Exchange Compensation Allowance – though she will continue to draw the allowance under Rule XIII (flag W). Orders were accordingly issued to that effect in the G.O. quoted above.

It now appears that that view is open to question, & that Miss Dent should be declared eligible for the allowance. From the terms of this Govt's letter no 440 d 31/5/95 (flag Y) it is plain that the office of Assistant Matron is a permanent one, & that European qualifications are essential in it. This Govt did not intend that Miss Dent's engagement should be limited to five years – but the agreement* drawn up by the Secy of State contained such a limit. Para 5 of that agreement however seems to contemplate Miss Dent remaining in the service and therefore under Rule V-(b) she can get the allowance (W)

It is submitted that under the circumstances para 3 of G.O. no 247 d. 14/2/98 A may be cancelled, & orders issued in the sense of the above note.

Rule V of the rules on page 5 of G.O No.491 Financial, d/24th June 1897, states that ~~the~~ Exchange Compn allowance is not admissible to

(b) persons serving under a contract in which their allowances are definitely fixed, which is not preliminary to employment in one of the regular services of Govt., and five years of service under which have not elapsed.

As regards the case of Miss Dent there is no doubt that she is serving under a contract in which her allowances are definitely fixed and that five years of service under the contract have not elapsed. The point for decision is really whether her contract is preliminary to employment in one of the regular services of Govt. The note in the Public Dept. recorded in G.O.No.247 Pub., d/14th Feb. 1898, proceeded on the supposition that Miss Dent's appointment was not a permanent one. But as pointed out in the Public Dept. note ~~below~~ of the 21st instant, it seems to be clear from the correspondence in G.O.No.439 Public, d/31st May 1895 and from this Govt.'s letter No.440, d/31st May 1895, that the appointment of ~~the~~ Asst. Matron was intended by this Govt. to be a permanent ~~one~~ appt. Paragraph 5 of Miss Dent's

Yellow paper

agreement in the cover appears to contemplate her continuance in the service of Govt. ~~and~~ in the appointment of Asst. Matron Supt. after the expiry of the five years of her present contract, but paragraph 6 ~~at the same time~~ admits of her ~~vou~~ voluntarily terminating this contract and of Govt. doing likewise. Looking however to the intentions of Govt. as evidenced by the papers of 1895 in the Public Dept. and to the fact that this Govt. did not ask for a contract to be executed by Miss Dent, it seems fairly clear that the idea was to ultimately confirm her in the appointment.

As ~~ø~~ regards listing the appointment as one of those for which European qualifications are necessary, the facts that this Govt. in paragraph 4 of its letter No.440, d/31st May 1895, considered that the Asst. Matron Supt. should be a lady by birth, and a thoroughly trained nurse with some experience of the administration of a large hospital and that she should be given a second class passage by P. and O. and should be guaranteed a similar return passage in the event of her health failing within five years of her arrival, all point to the conclusion that the appointment is one in which European qualifications are considered ~~absolutely~~ indispensable.

I did not even know there was a contract, but thought that Miss D. had been permanently appd. to a permanent post. There is no doubt of the permanency of the post & we may certainly take it that Miss D. is serving under her contract as a preliminary to permt. employment, for we have no desire to dispense with her services — rather the contrary. I should give her Ex. Comp. allce

22/4/98

Yes, she is entitled to exch. comp. allce.

JG
22/4/98

I don't feel certain about this case. Miss Dent is under a five years' contract. The appointment she holds is permanent; and the question is whether she is now holding it under her contract as a preliminary to permanent employment. This Govt. did not suggest a five years' contract, but on the contrary a permanent engagement. It was the Secy. of S. who introduced the contract.

On the whole I am inclined to think that the question should be answered affirmatively & the Exch. allowance passed. G.O. No 247 d/ 14-2-98 must in that case be modified.

ORDER—No. 482, Financial, dated 26th May 1898.

In paragraph 2 of G.O., No. 809, Financial, dated 30th September 1897, the Accountant-General was requested to report to Government all cases in which any doubt exist~~ed~~s as to the eligibility of an officer to draw exchange compensation allowance under the revised rules contained in G.O., No. 491, Financial, dated 24th June 1897. Accordingly, in his letter recorded in G.O., No. 1005, Financial, dated 3rd December 1897, Mr. Harrison forwarded four lists of officers appointed in India :—

List A—contained the names of officers in regard to whom it has to be decided whether European qualifications are indispensable in the appointments held by them and whether the incumbents were appointed as Europeans.

List B—contained the names of officers holding posts in services or departments which fall under class B* of ~~the~~ Government of India, Finance and Commerce Department Resolution No. 2422-Ex., dated 31st May 1897, *i.e.*, services and departments in which a proportion of Europeans is held by the Government of India to be indispensable. In regard to these officers it has to be decided whether they were appointed as Europeans for the purposes of maintaining the requisite proportion of Europeans.

* Paragraph 8 ~~of~~ In G.O., No. 491, dated 24th June 1897. Nashine

List C—contained the names of officers who ~~did~~ do not appear to the Accountant-General to be members of any regular service or to be employed in a professional capacity without being debarred from the private exercise of their profession. As such, these officers appeared to the Accountant-General to fall under rule V (*c*) of the revised exchange compensation allowance rules ~~under which they are~~ and to be debarred from the allowance.

List D—contained the names of officers holding appointments included in the Provincial Services.

2. The Accountant-General's lists have been referred to Departments of the Secretariat and the papers read above contain their replies.

3. In proceedings of this date, No. 480, Financial, the Government has considered the recommendations to be submitted to the Government of India for the completion of the lists of offices in which European qualifications are held to be indispensable and of services and departments in which the employment of a proportion of Europeans is considered to be absolutely necessary ~~given in~~ paragraphs 7 and 8 of Finance and Commerce Department Resolution, No. 2422 Ex., dated 31st May 1897. Until the Government of India has passed final orders in regard to these lists, such officers included in the Accountant-General's lists A and D recorded in G.O., No. 1005, Financial, dated 3rd December 1897, as are declared to be eligible for the allowance

+ Top R.S 3

4. It is to be observed that since the Accountant-General reports that all officers in his lists drew exchange compensation allowance under the old rules, they cannot be domiciled in India and therefore cannot be Statutory Natives of India. Departments and Heads of Departments will, however, be requested to scrutinize the lists and to make further inquiries in doubtful cases.

5. As regards the case of Mr. R. L. Swann, ~~Reserve~~ Acting Port Officer, Gopalpore, dealt with in the letters from the Presidency Port Officer, No. 1713—14-G and 49-G., dated 5th January and 2nd February 1898, it is observed that Mr. Swann holds an appointment connected with Marine or Shipping—a class of appointments which is considered by the Government of India to demand European qualifications—and that the fact of his having received the allowance under the old rules proves that he is not domiciled in India and therefore not a Statutory Native of India. The retrenchment order issued by the Collector of Ganjám should therefore be cancelled.

Page 16 of Cts in linked file

6. With reference to the case of Mr. Woodhouse dealt with in Board's Proceedings, No. 3751, dated 6th October 1897, it is observed that, like Mr. J. G. Wood, this officer must be held to have been appointed as a European to maintain the necessary proportion of that class considered to be indispensable in the Deputy Collector's grade. Mr. Woodhouse is not a Statutory Native of India and should the Government of India concur in the contention of this Government that a proportion of Europeans is indispensable in the Deputy Collector's grade, he will be entitled to draw the allowance as a Deputy Collector from the 1st April 1897 until he joined his present appointment as Second Assistant in the Chief Secretariat. The latter is not an appointment in which European qualifications are held to be indispensable and Mr. Woodhouse is not entitled to draw exchange compensation allowance in it.

7. In paragraph 3 of his letter recorded in G.O., No. 1005, Financial, dated 3rd December 1897, the Accountant-General enquired whether in the case of officers transferred from departments coming under class A or class B of the Government of India Resolution to departments not coming under either of those classes, exchange compensation allowance should be continued. This point will be referred to the Government of India. His Excellency the Governor in Council is of opinion that in cases of temporary transfers the allowance should be continued, but in cases where officers are permanently transferred to departments or services in which they would not have drawn the allowance if originally appointed to those departments or services, they should cease to draw the allowance.

A 22.5.98

SIR,

With reference to Finance and Commerce Department Resolution, No. 2422-Ex., dated 31st May 1897, I am directed to submit, for the orders of the Government of India, the question of the treatment under the revised exchange compensation rules forwarded therewith of cases of officers transferred from offices in which European qualifications are held to be indispensable or from services or departments in which a proportion of Europeans is held to be absolutely necessary to offices, services or departments not coming under either of these categories. I am to state that, in the opinion of His Excellency the Governor in Council, the allowance should be continued in the case of officers who are so transferred temporarily; but that, when an officer is permanently transferred to a department in which he would not have drawn the allowance if originally appointed to that department, he should cease to draw it.

I have the honour to be,
Sir,
Your most obedient servant,
