Sir,

With reference to Financial Department Memorandum No. 1323, dated 6th July 1896, I have the honor to acquaint you, for the information of Government, that a saving in the direction indicated in that Memorandum is not feasible in the Establishment charges of this office as there are no persons exclusively employed as Copyists, the copying work being distributed among the different clerks who have each of them a section of other work to perform according to the rearrangement of work carried out on my assuming charge of the office in 1888.

2. The necessity for a separate Copyist to be employed exclusively for copying purposes was felt and with this view a type-writer was asked for. On obtaining the same it was found more convenient to employ one of the two godown-keepers (on Rupees 10 each) for the type-writing work in addition to his own. This man having been trained for the work performs the same in a very satisfactory manner, I submit, is deserving of a slightly better pay. I propose therefore to do away with one godown-keeper (as two are not absolutely necessary under the present simplified system of the work

no copy is available in the Chief Secy. here. if required will be called from Madras not come up to Marine Dept. office need slightly

ment as Copyist on Rupees 15. The increase of 5
can be met out of the saving of Rupees 17-8-0 pay of a
Carpenter and will thus entail no increase on the sanctioned
cost of the Establishmen, but will leave a saving still of
Rupees 12-8-0.

I have the honor to be,
Sir,
Your Obedient Servant,
