Dated Camp Valtai 20th December 1897.

Sir,

- I have the honour to report that in the course of my recent hill tour through the Parlakemeri Malishe, I noticed that vaccination was extremely defective.
- For the whole of the tract of country, there is only one agency vaccinator, whose head quarters is fixed at Lavanika-Kota, which is practically a plain village, surrounded by ordinary tracks.
 - It is absolutely impossible for a single vaccinator thoroughly to work this large area and, in fact, it is all that he can do to visit merely the main villages in the course of two months, whereas he is supposed to visit all villages once a month.
 - I accordingly request sanction for the entertainment of an additional 2nd class agency vaccinator on Roio with his head quarters at Gumma.
 - The present man can either be retained at Lavanika Kota or his head quarters transferred to Rayanada.
 - A proposition statement is enclosed.

I have the honor to be
Sir,

Your most obedient servant.
