With reference to paragraph 2 of G.O., No. 97, Financial, dated the 3rd of February 1898, I have the honour to forward herewith, in print, the statements of expenditure on account of plague for the quarter ended 31st December 1897, and to observe that the abstract statement shows the expenditure *which ought to be borne* by each fund according to the principles laid down in G.O., No. 720, Financial, dated 4th September 1897, whereas the other statements show the expenditure as actully incurred by each fund. The figures will not therefore agree in detail, but the total expenditure according to the several statements will agree with the total figures in the abstract.

Order—No. 577, Financial, dated 4th July 1898.

The total expenditure incurred on plague operations from Provincial, Local and Municipal funds up to the end of December 1897 is reported by the Accountant-General to have been Rs. 87,280.

2. Annexures A and B to these proceedings exhibit the amounts actually debited in the accounts against the several funds and the correct re-distribution in accordance with the principles laid down in G.O., No. 720, Financial, dated 4th September 1897.

3. The result is an excess debit of Rs. 4,209 to Provincial funds which has to be recovered from eight local boards to the extent of Rs. 1,358 and from the Tuticorin Municipality to the extent of Rs. 2,851. Subject to any re-adjustments that may be necessary with reference to G.O., No. 576, Financial, of this date, the Government resolves to accept against Provincial funds, as a special case, half the charges incurred at this port for the reasons assigned in those proceedings.

4. The amounts recoverable from Local funds appear to be comparatively trifling, and before deciding whether any re-adjustments should be ordered, the Government will await the Accountant-General's statements of plague expenditure for the whole year, recast in accordance with the general principles laid down in G.O., No. 547, dated 18th June 1898.

Order—No. 577, Financial, dated 4th July 1898.

The total expenditure incurred on plague operations from Provincial, Local and Municipal funds up to the end of December 1897 is reported by the Accountant-General to have been Rs. 87,280.

2. Annexures A and B to these proceedings exhibit the amounts actually debited in the accounts against the several funds and the correct re-distribution in accordance with the principles laid down in G.O., No. 720, Financial, dated 4th September 1897.

3. The result is an excess debit of Rs. 4,209 to Provincial funds which has to be recovered from eight local boards to the extent of Rs. 1,358 and from the Tuticorin Municipality to the extent of Rs. 2,851. Subject to any re-adjustments that may be necessary with reference to G.O., No. 576, Financial, of this date, the Government resolves to accept against Provincial funds, as a special case, half the charges incurred at this port for the reasons assigned in those proceedings.

4. The amounts recoverable from Local funds appear to be comparatively trifling, and before deciding whether any re-adjustments should be ordered, the Government will await the Accountant-General's statements of plague expenditure for the whole year, recast in accordance with the general principles laid down in G.O., No. 547, dated 18th June 1898.
