SUBJECT.

Pilgrims for the Hedjaz.

Requesting with remarks, the Collector of Anantapur to provide at once six sheds at Guntakal for the observation camp of the ----- and stating that orders will be issued in the Finl. Deptt. placing at his disposal Rs 1000 ^{required} for the purpose.

BACK PAPERS.

G.O.	No.	Department.	Date.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Read the following:-

Telegram from the Collector of Anantapur, dated 17th January 1898, stating that 5 additional sheds are necessary at an estimated cost of Rs 250 each for the accommodation of pilgrims for the Hedjaz at the observation camp to be established at Guntakal.

From the Resident at Hyderabad, No. 345, dated 10th January 1898, informing that the probable number of pilgrims to the Hedjaz from His Highness the Nizam's territory is 300 and desiring to be informed when the Madras Government will be prepared to receive the pilgrims at the Calicut observation camp.

Order No. 163 M.His., dated 30th January 1898.

The Government considers that the Collector's estimate is much too high. Allowing twenty superficial feet for each pilgrim, a shed say 80' x 13' must be enough for 50 persons. As the Resident at Hyderabad has now reported that the probable number of pilgrims from His Highness the Nizam's territory will be 300, the Collector is requested to provide at once six sheds of the above dimensions at a total cost of not exceeding Rs 1000. The sheds need not be solidly built, as no rain is expected at this time of the year. The materials required for the sheds such as bamboos, thatching grass and fibres, can be procured from the Kurnool jungles by rail, if not available locally.

2. Orders will be issued in the Financial Department placing at the Collector's disposal the sum of Rs 1,000 above referred to.

3. The following telegram will be despatched to the Collector

"One shed measuring thousand square feet enough for fifty persons at Guntakal camp. Construct immediately six such sheds for three hundred pilgrims at total cost not exceeding thousand rupees, obtaining if necessary materials by rail from Kurnool jungles, and wire when sheds are ready."
