ORDER. No 607, 21st July 1898

*This presumption is
not borne out by § 1360
which applies to
Incorporated Local Fund
Curd*

The Accountant-General cannot close the final accounts or arrive at the correct balances of Provincial services under Article 1360 of the Civil Account Code without incorporating the receipts and charges in the Public Works department.

It is presumed that he obtains the necessary materials from the Examiner of Public Works Accounts and there seems to be no reason why the same course should not be adopted in the present case.

The Public Works Department will be requested to furnish the Accountant-General with complete statistics of

famine expenditure under Imperial, Provl. and Local, including all final adjustments to enable a complete record being obtained such as that for as in the case of the security of 1889-93 embodied in G.O. No. 983 Financial dated 5th October 1893.

2. The expenditure incurred in 1896-97 should ~~be~~ be shown separately, but

*In 1896-97
and 1897-98*

but according to the same classification
as ^{has been} adopted for 1897-98.
