ACCOUNTANT-GENERAL'S REPORT.

No. ADD
50

The entries in the column of "Present Scale" have been compared with the Registers of this office, and are correct with the exception of the items altered in red ink after taking into account the alterations proposed in the statement submitted with Bd's Pro. Sep. Rev. L. 86 of 18 March 98.

With regard to the entry of 29 pems 2/4 under *Temporary State Permanent* against *Permanent* on page 3 of the proposition statement it is observed that in the Prop. state sanctioned in Bd's L. 768 of 14 June 1897, 28 pems only was shown under *Proposed Scale*. In explanation the Board states that one peme was erroneously shown in that Prop. statement under *Temp. State* for 12 months *Annually* instead of under *Permanent*. The proposed decrease is within the sanctioning powers of the Local Government.

PROCEEDINGS OF THE BOARD OF REVENUE
(SEPARATE REVENUE).

RESOLUTION—No. 134, dated 1st May 1898.

In submitting herewith a statement showing the operations in the several fish-curing yards in the Presidency for the three years ending 1896-97 and for the first nine months of 1897-98, the Board begs to make its recommendations for changes in their administration as follows:—

2. Of the eight temporary yards the only ones that justify their transfer to the permanent list are those at Montgomeripeta in the Konada Circle and Mangalore. The local officers recommend that the sanction for their retention be made permanent and the Board supports the recommendation.

3. No changes of establishment are proposed except the substitution of a 3rd grade for a 2nd grade peon at the Surlagondi yard in the Manginapudi Circle. This is in order to comply with the scale laid down in paragraph 29 of Circular Order III of 1884 (Revised). The Board observes that this scale is not strictly worked up to in several other yards in the Presidency. The Deputy Commissioners will be asked to bear this point in mind when submitting their next proposals.

4. In the other yards the Board proposes to make no changes. It is aware that several of them show decreasing transactions and that some are worked at a loss to Government, but it has examined each of these cases and finds that there are objections to closure in each. It will not trouble Government with these in detail.

5. Sanction is requested to the above-mentioned changes and to the continuance up to 31st March 1899 of the establishment sanctioned for the remaining six temporary yards.
