SEPTEMBER.

Famine Expenditure.

Accepting, with remarks, the estimates of expenditure under "33. Famine Relief" for September 1898.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper:—

G.O., No. 550, Revenue, dated 23rd September 1898.

Read—the following paper:—

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), No. 344, dated 13th September 1898.

Resolution—No. 344, dated 13th September 1898.

With reference to paragraph 3 of G.O., No. 33, Financial, dated 5th January 1898, and G.O., No. 466, Revenue, dated 23rd August 1898, the Board begs to submit a statement showing the actual expenditure up to the end of August 1898, and the probable expenditure in the current month under "33. Famine Relief."

2. The figures of actual expenditure are adopted from statements furnished by the Accountant-General and the Examiner of Public Works Accounts. These statements were received only on the 10th and 12th current, respectively. In G.O., No. 466, dated 23rd August 1898, the Government directed that when submitting the estimates for each month, the differences, if any, between the actuals and the estimates for the previous month should be explained. This the Board finds impossible, without a reference to the Collectors concerned. Any satisfactory explanation for the variations between the actuals for August now reported by the Account departments and the estimates furnished last month by the Collectors, can only be given by the latter. The statements received from the Accountant-General and the Examiner, Public Works Accounts, will now be communicated to the Collectors concerned, with the request that all noticeable variations between the figures shown therein, and the estimates framed by them for August 1898, may be explained, and the reason for incurring expenditure, where no estimates have been submitted, may be reported at a very early date.

3. Famine relief operations are in progress only in the Nellore district, and in no other district are they likely to be required during the current month. In Nellore, provision is made for the relief of 500 persons on works, and 25 persons gratuitously. The cost of relief works has been calculated at Rs. 3 per head per mensem including contingencies. The provision made under "33-A. Salaries and Establishments" for Kurnool, Bellary and Anantapur is to meet the cost of the establishments still retained in weavers' depots, where the whole stock of cloths has not yet been disposed of. For Kurnool, a sum of Rs. 500 has been provided under "33-C. Weavers' Relief", in order to meet contingent charges, such as house-rent, cost of carriage of cloths from the depots to the place of delivery, &c., which have been incurred, or are likely to be incurred during the current month, in connection with the storage and disposal of the cloths remaining to be disposed of in that district.

4. With reference to paragraph 2 of G.O., No. 3607, dated 2nd September 1898, a list of establishments at present employed in connection with famine relief is herewith submitted.

5. The Board begs to represent the impracticability of submitting these monthly estimates in print as required by Government by the 10th of each month. The Account officers do not send in their statements before the 10th and the compilation and printing take about five days. It is requested that the 15th may be fixed as the due date.

(True Extract.)
