Endorsement of the Government of India, Finance and Commerce Department, dated Simla, 27th September 1898, No. 4157-P.

Read—the following letter from Captain H. DALY, Deputy Secretary to the Government of India, Foreign Department, to the Agent to the Governor-General in Rajputana, dated Simla, 27th August 1898, No. 2337-I.A.:—

I am directed to reply to the letter marked on the margin, recommending that Mr. J. A. Devenish, an Executive Engineer in the service of the Bhartpur State, should be allowed the concessions sanctioned to officers employed on duties connected with famine.

2. These concessions were intended as a recognition of the services of officers on whom a very severe strain had been put, and who had undergone continuous anxiety and almost unceasing labour with much exposure. Supervision of labour employed in road-making and the like falls within Mr. Devenish's ordinary duties, and the Government of India are not convinced, upon the information before them, that there actually existed in Bhartpur any such scale of famine organisation and of measures for the relief of suffering as would bring Mr. Devenish's case within the scope of the Resolution, in the Finance and Commerce Department, No. 5047-P., dated the 15th November 1897. In this respect, however, the Government of India leave the matter to your decision and will not, so far as they are concerned, object to the grant of the concession to Mr. Devenish by the Bhartpur Darbar, if, in your opinion, similar work in British India would have entitled him to the privilege.

3. The principle by which the Government of India desire that this and similar cases should be decided is that laid down in respect to the claims to exchange commissions and rules from time to time prescribed by the Government of India in regard to officers in British service, the claims must be decided by the orders of the foreign employer, who may, at his absolute discretion, either refuse the allowance or grant it in whole or in part.

4. I am to invite your attention to the resolution, as marked in the margin, which conveys rulings in respect to the scope and interpretation of the resolution of the 15th November 1897; and, with reference to paragraph 3 of the later resolution, I am to say that cases in which British officers in the employ of Native States may appear deserving of concessions on account of arduous duties in connection with plague should be determined in accordance with the principles laid down in this letter.
