G.O., &c., Nos. 892—897, 18th October 1898.

OCTOBER.

Stationery Department.

Reviewing the Administration Report of the — for 1897–98; and forwarding copies of the proceedings to the Governments of Bombay and India, to the Superintendents of Stationery of Bombay and Calcutta, to the Secretary to the Board of Revenue, Bengal.

No further action was therefore taken. An Edison's mimeograph (article 18) was purchased for manifolding with type-writers, but the results were unsatisfactory, as the wax paper was affected by the high temperature—*vide* report, No. 728, dated 22nd April 1898, to Government. So far no success has attended the endeavours to obtain a good manifolding substance suitable for use on the plains, but Edison's mimeograph is reported to work excellently on the hills.

6. *Item No.* 4.—The following articles of European manufacture were received from other Presidencies :—

From the Superintendent of Staticnery, Calcutta.

	Rs.
Steel pens	175
Signalling message books with pencils and carbon paper	32
Red tape	100
Automatic pencils	271
Spare lead violet tubes	500
Total	1,078

From the Superintendent of Stationery, Bombay.

	Rs.
Fuchsine	197

From the Mathematical Instruments' office, Calcutta.

	Rs.
Vulcanite set squares	9
Drawing pencils	22
Prismatic compasses	463
Scales, architect, ebonite	59
Measuring tapes	584
Total ..	1,137
Grand Total ..	2,412

The steel pens were obtained for use in Army schools.

The automatic pencils and spare lead violet tubes were furnished to Collectors for the use of Revenue Inspectors. Prismatic compasses and measuring tapes were obtained to meet the urgent demands of the Revenue Survey Office and fuchsine had to be procured as there was no stock on hand.

7. *Items* 5 *and* 6.—The value of country articles purchased from private contractors and from Government factories amounted to Rs. 4,56,105 against Rs. 3,48,615 in 1896–97. Of this amount, Rs. 3,81,342 represents the cost of paper and paste-boards. Writing, printing, cartridge and blotting papers to the value of Rs. 3,66,603 were obtained from the different paper mills at Calcutta as shown below and country paper for covers and country paste-boards to the value of Rs. 14,552 from a local contractor:—

Paper.	Bally Paper Mills, Agents Messrs. Dymes & Co.	Titaghur Paper Mills, Agents Messrs. Gordon, Woodroffe & Co.	Bengal Paper Mills, Agents Messrs. Arbuthnot & Co.	Imperial Paper Mills, Agents Messrs. Binny & Co.

The increase in items 5 and 6 is principally due to the purchase of special water-marked paper for plaints and petitions for Rs. 13,865 and to the receipt of poruvas and dungry cloth from the famine-relief weavers' factories at Nandyal and Pattikonda to the value of Rs. 24,928.

8. Of the minor articles those noted below were obtained from Government factories ;—

Her Majesty's Penitentiary.

Total ..	34,483

10. Tenders were invited as usual for the supply of country articles. Samples of paper, printing ink and glue were examined by the Superintendent, Government Press, and those of writing inks were tested by the Chemical Examiner.

11. Wax-cloth was obtained from the Jail department and the Imperial Trading and Manufacturing Company, Calcutta, as was done in 1896–97. No complaints were received in respect of the sealing-wax and wax-cloth supplied by the Jail department.

12. Country locks of the value of Rs. 11,666 were purchased from Messrs. Periathambi Asari and Sons, Seshadri Sastri and Velianaechari and Brothers of Dindigul and Messrs. Ghose Das and Company of Calcutta. Their samples and a portion of their supplies were examined by the General Superintendent, Public Works Stores, before acceptance.

13. *Item* 8.—This item represents as usual the value adjusted on account of gain arising from the re-valuation of closing balances, excess found in stock-taking, on account of errors in books, &c., and is only nominal. Appendix A gives the details.

14. *Substitution of Country for Europe articles.*—(1) The value of articles of Indian manufacture which were utilized in the place of similar articles made in Europe amounted to Rs. 3,60,357 against Rs. 3,09,125 in 1896–97, and the saving effected thereby is estimated at Rs. 1,58,189 against Rs. 1,53,865. Statement F furnishes the details.

(2) As regards the classes of permanent registers for which country paper can be substituted for that of English make, I have communicated with the various officers in the Presidency concerned, and as soon as their replies are all received, I shall submit a report on the subject as directed in G.O., No. 816 F., dated 2nd October 1897.

(3) In regard to the reduction in the supply of English cyclostyle ink by the use of that made from the recipe of M.R.Ry. P. Venkata Rao, I have the honour to report that the necessary instructions were communicated to all heads of departments with the request that they would prepare the ink and use it in their offices. Their reports as to the efficacy of the country-made ink are awaited.

15. *Issues.*—One thousand and fourteen indents or 304 more than in the preceding year were received and complied with as shown below:—

	1896–97.	1897–98.
Annual	540	497
Supplemental	170	517
Total ..	710	1,014

The increase is due principally to the following:—

(*a*) Some of the annual indents for articles required in 1897–98 were complied with during the year under report.

(*b*) Type-writers were introduced and there were a number of indents for machines and their accessaries.

(*c*) Large indents for karnams' note-books were received from Collectors.

(*d*) The number of indents for the supply of country locks received from District Forest-officers, Collectors, Executive Engineers and other officers during the year was unusually heavy.

Statement G furnishes the details of supplemental indents received and complied with. The major portion of such indents was received from the Revenue and Civil Works departments on account of stationery, locks and drawing and mathematical instruments.

16. The total value of issues amounted to Rs. 7,18,621 against Rs. 6,04,781 in 1896–97 as shown in the following table which is an abstract of appendix E:—

Net ..	..	..	1,13,840	..	..	..	49,574	..

It will be seen that there was an increase of Rs. 59,872 and a decrease of Rupees 16, 535 in the issues for 1897–98 under Provincial, the net result being an advance of Rs. 43,337. The increases were chiefly on account of the following departments:—

	Rs.
Land Revenue	13,544
Salt	1,698
Forest	2,447
Registration	9,124
General Administration	6,775
Law and Justice—Judicial	18,299
Education	1,377
Stationery and Printing	6,452
Total ..	59,716

17. The demands received in 1896–97 for certain articles were complied with in part only in that year and the balances were supplied in the year under review. This mainly accounts for the increases in the different departments specified in paragraph 16 *supra*. It may be added that the issue of several new articles, such as type-writers and their appurtenances, generally enhanced the value of the issues of the year.

18. *Sales.*—The value of issues on payment during the year amounted to Rupees 40,982 against Rs. 35,774 in 1896–97. The excess was due to large demands from the State Railways, Local Fund Boards, Pudukkóttai State and estates under Court of Wards:—

19. *Other Issues.*—The value of these issues amounted to Rs. 20,931. This is only nominal and not debitable to either Imperial or Provincial. The details are shown below :—

20. *Balance of Stock.*—(*a*) The value of stock at the close of the year was Rs. 3,52,992 against Rs. 2,75,211 at the end of 1896–97 as detailed in Form D.

(*b*) The increase was principally in the undermentioned articles :—

	Rs.
Lithograph paper	13,215
Wax-cloth	26,476
Mathematical instruments	8,842
Pad-locks	6,455
Total	54,988

(*c*) The obsolete books referred to in last year's report were sent to auction, but no sale had been effected before the end of the year. The stock of maps and Indian atlas sheets referred to in paragraph 8 of G.O., No. 746, Financial, dated 13th September 1897, was also sent for sale by auction.

21. *Consumption.*—The annexed statements Nos. I to IX exhibit the consumption of some of the more important articles of stationery in the undermentioned departments during 1896–97 as compared with that in 1895–96 :—

I. Collectorates.
II. District Courts.
III. Sub-Courts.
IV. Forest Department.
V. Public Works Department, Superintending Engineers.
VI. Public Works Department, Executive Engineers.
VII. Military Department.
VIII. Other Departments.
IX. An abstract of the above eight statements.

22. The following table is an abstract of the abovementioned statements showing the total consumption of each article :—

Articles.	Consumption. 1895–96.	Consumption. 1896–97.	Increase.	Decrease.

Tape Rolls.	9,829	11,249	*1,420	..
Twine lb.	4,108	4,289	181	..

* The increase under printing paper, wax-cloth and tape is noticeable. The first is in the Registration and Survey departments, the second in the Survey department and the third in the Government Press.

23. *Collectorates.*—The following table shows the consumption of the several articles in the Collectorates :—

Articles.	Consumption. 1895–96.	Consumption. 1896–97.	Increase.	Decrease.
Writing paper Reams.	2,167	2,037	..	130

Tape Rolls.	3,192	3,430	238	..
Twine lb.	2,266	2,481	215	..

There was a disproportionate increase of 62 and 87 lb. under twine in Anantapur and Ganjám, respectively, and a marked increase under tape in Cuddapah and Nellore of 158 and 233 rolls, respectively. The large decrease under black ink powder is due to a less demand of 1,978 papers from Gódávari and to the non-receipt of any indent from Chingleput.

24. *Judicial.*—The consumption of the several articles in the district and subordinate courts is shown below :—

Articles.	District Courts. 1895–96.	District Courts. 1896–97.	District Courts. Increase.	District Courts. Decrease.	Subordinate Courts. 1895–96.	Subordinate Courts. 1896–97.	Subordinate Courts. Increase.	Subordinate Courts. Decrease.

Tape Rolls.	1,962	2,058	96	..	403	420	17	..
Twine lb.	402	425	23	..	78	95	17	..

It will be observed that the expenditure of black ink powder was rather high in the District Courts, especially in Vizagapatam and Madura.

25. *Forest.*—

Wax-cloth .. .. Yds.	364	321	..	43
Tape .. .. Rolls	525	657	132	..
Twine .. .. lb.	141	158	17	..

The increased consumption of black ink powder was principally due to the Forest officers of Kistna and Vizagapatam who expended 201 papers more than in the previous year. It may be remarked that the District Forest-officer, Vizagapatam, used 60 rolls of tape more than in 1895–96. This explains nearly one-half of the increase under tape. The remaining increase under the item was shared by the District Forest-officers of Bellary, Nellore and Kurnool.

26. *Public Works Department.*—

Articles.	Superintending Engineers. 1895-96.	1896-97.	Increase.	Decrease.	Executive Engineers. 1895-96.	1896-97.	Increase.	Decrease.

Twine .. .. lb.	124	77	..	47	304	212	..	92

There was a decrease in the consumption of almost all articles in the offices of Superintending Engineers, while the differences in the Divisional Offices are not appreciable, except under black ink powder. The officers who were chiefly responsible for the increase under that item are the Executive Engineers of Kistna Northern Division and Gódávari Central Division.

27. *Military Department.*—The following table shows the consumption of the several articles in the Military Department :—

Articles.	Consumption. 1895-96.	Consumption. 1896-97.	Increase.	Decrease.
Writing paper .. .. .. Reams.	512	348	..	164

Tape .. .. Rolls.	923	675	..	248
Twine .. .. lb.	254	150	..	104

It will be observed from the above table that the consumption was much less in all but two cases. As far as this office is concerned, the reason for the decrease under writing paper, black ink powder, tape and twine is the non-receipt of requisitions from the following officers :—

(1) Pay Examiner, Madras, (2) Superintendent of Pensions, Fort St. George, (3) Inspector-General of Ordnance, Madras Command.

28. *Miscellaneous.*—The following table shows the consumption of the several articles in the Miscellaneous departments :—

Articles.	Consumption. 1895-96.	Consumption. 1896-97.	Increase.	Decrease.
Writing paper	3,553	2,623	..	930
Printing ,, ...	11,883	14,182	2,299	..

Fuchsine	121	125	4	..
Red sealing-wax	100	86	..	14
Wax-cloth	1,434	2,097	663	..
Tape	759	1,933	1,174	..
Twine	539	691	152	..

There was a marked increase in the expenditure of printing paper in the offices of the Superintendent of the Madras Survey, Inspector-General of Registration and the Superintendent of the Government Press. The increase under black ink powder and red sealing-wax is chiefly due to the Superintendent of Madras Survey. Out of 1,174 rolls of tape expended in excess of the figure for 1896–97, the Superintendent of the Government Press was responsible for 977 rolls.

29. *Rubber Stamps.*—The total value of rubber stamps, stamping ink, &c., supplied to the several departments during the year was Rs. 7,130 against Rs. 5,307 in 1896–97. The details are given in Statement H, of which the following is an abstract :—

	1896-97. Rs.	1897-98. Rs.
(1) Land Revenue	1,034	1,185
(2) Salt	52	95
(3) Stamps	2	2

Out of the eighteen departments specified above, there was an increase in twelve during the year under report. There was a total net increase of Rs. 1,823 against a net decrease of Rs. 1,423 in 1896–97. The increase against "Registration" and "Law and Justice (Judicial)" was considerable. The number of stamps supplied to the Registration department was 256 against 5, while 395 were issued to the Judicial department against 162 in 1896–97. The Board of Revenue (Land Revenue branch), in its orders Nos. 198, dated 12th June 1897, and 289, dated 24th August 1897, prescribed the descriptions and style of the stamps to be used by Revenue officers and in the district treasuries. Enquiries in regard to other departments were made in accordance with G.O., No. 673, Financial, dated 25th August 1897. In G.O., No. 578, Public, dated 21st April last, the description of stamps to be used by officers

in the Civil Medical department was decided. When final orders have been passed as to the particular rubber stamps to be used in other departments, they will be embodied in the Stationery rules. It is my intention to open a register of rubber stamps in which each one will receive a number and a standard design. A duplicate of this register will be furnished to the contractors. It will then be necessary to do no more than to order a stamp of a particular number, and the present waste of time and labour in obtaining proofs and forwarding them to the officers concerned for approval will be obviated.

30. *Quills and Steel pens.*—A statement exhibiting the issue of quills and steel pens during the year as compared with the previous year is subjoined :—

There was a decrease in the issue of quills amounting to Rs. 2,972 while the value of steel pens issued rose by Rs. 1,333. The net result was a saving of Rupees 1,639. In accordance with the directions contained in G.O., No. 892, Financial, dated 18th December 1896, a revised draft of appendix E to the Stationery Rules has been submitted for the orders of Government.

31. *Printed Forms.*—Indents for printed forms for 1897–98 were received from all Collectors and the Agent to the Governor in Vizagapatam. They were duly scrutinized and forwarded to the Superintendent, Government Press, for compliance. The total number of different forms passed for supply was 5,438 and the saving effected by the scrutiny exercised by this office is estimated at Rs. 1,324 against Rs. 3,359 in 1896–97, as will be seen from the subjoined statement :—

The Agent to the Governor in Ganjám and the Government Agent, Gódávari, did not submit indents. The former stated that he had a sufficient stock on hand and the latter has not yet replied to a reference made to him on the subject. With reference to the last sentence of paragraph 12 of G.O., No. 746, dated 13th September 1897, the marginally-noted officers were consulted as to the advisability of extending the system of supplying printed forms from a central depot; but none of them is in favour of the system. Indents for judicial forms were received from ten District Judges. These were checked and forwarded to the Superintendent, Government Press, for compliance. The total number of forms passed for supply was 458 and the saving effected was Rs. 40 as detailed below :—

(*a*) In the above figure, Rs. 295, the value of clothing supplied to the Public Works Department and paid by the Examiner of Public Works Accounts, and Rs. 68, the value of pieces of mull supplied from stores received from England, are included. An item of Rs. 21, the value of seven turbans supplied in 1896–97 but paid in 1897–98, is not included.

(*b*) Of the materials required for clothing, 63½ yards of grey woollen cloth were obtained from the Army Clothing department for great coats at a cost of Rs. 217; 95 cumblies were purchased from the District Jail, Bellary, at a cost of Rs. 174; 80 cumblies from the District Jail, Trichinopoly, for Rs. 127; and the remaining articles were obtained in the local market; long-cloth, mull, socks and flannel were received for the India Office Store Department. The making of forest guards' uniforms was entrusted to Messrs. Ambaji Row and Rajagopala Naidu of Vellore as they have been the contractors for many years, and their work has been satisfactory. Other clothing for head-quarter offices, &c., was obtained from the Friend-in-Need Society's Women's Workshop, Egmore, as it was convenient and economical to do so, and as that institution had satisfactorily carried out orders in previous years.

(*c*) In G.O., No. 608, Financial, dated 3rd August last, the Superintendent of Stationery was directed to arrange for the supply of clothing to all offices for which such supplies are sanctioned by Government; it was found to be impossible to complete the necessary arrangements for undertaking the duty before the end of the year.

33. *Cash Transactions.*—The total receipts of the year amounted to Rs. 37,872, and the charges to Rs. 4,55,197, against Rs. 52,215 and Rs. 4,04,167, respectively, in 1896–97. The sub-joined table shows the details :—

Disbursements—Item No. 1.—The amount disbursed on account of stationery was Rs. 4,25,023 against Rs. 3,74,999 in 1896–97. The increase was due to the purchase of large quantities of printing papers and other sundry articles as explained in my letter to Government, No. 71, dated 19th January 1898, embodied in G.O., No. 82, Financial, of 1st February 1898. The amount under this item, viz., Rs. 4,25,023, differs from that shown in paragraph 3—Rs. 4,37,704. The difference is explained below :—

	Rs.
Value of articles from the Mathematical instrument office included in Rs. 2,412, item No. 4..	1,137
Europe articles purchased in the local market included in Rs. 8,725, item No. 3	7,449
Country articles purchased locally included in Rs. 4,15,639, item No. 5	4,13,937

Value paid by the Military Department	297	
Value of papers issued for binding books	3,602	
		31,607
		4,37,704

Item No. 3—*Freight paid in India on imported stores.*—The increase under this head was due to the complete supply of this office indent on the Secretary of State and other causes as explained in paragraph 4 of this report.

Item No. 8.—The increase under this head was due to the recent classification of items under disbursement, by which "work bills" was added. The amount covered by the additional item is Rs. 148. There is a corresponding decrease in item No. 7.

Item No. 9.—In each of the two preceding years, an Assistant Collector was deputed to do the work of "stock-taking" gratuitously; but for the year under review, a remuneration of Rs. 150 was paid.

34. The service books of the employés of the Stationery department have been verified up to 31st March 1898, and the finger-tip impressions of all the subordinates, with the exception of absentees, were recorded in my presence in their service registers as laid down in G.O., No. 918, Pension, dated 4th December 1897. An inventory of valuable stock was duly maintained.

35. The stock of stationery stores was verified with the books by Mr. E. C. Woods-Scawen in September 1897, and his report was recorded in G.O., No. 851, Financial, dated 11th October 1897.

36. *Audit of Accounts.*—The accounts for 1896–97 were audited as usual by the Chief Superintendent of the Accountant-General's office in January last and his report was disposed of by G.O., No. 574, Financial, dated 4th July 1898.

From the Superintendent of Stationery, Madras, dated 20th August 1898, No. 1927.

Order—No. 892, Financial, dated 18th October 1898.

The following statement compares the receipts, issues and balances of the Madras Stationery Office for the five years ending 1897–98 :—

Years.	Receipts.	Issues.	Closing balance.
1893–94	4·89	4·63	3·84
1894–95	5·61	5·76	3·69
1895–96	6·28	6·49	3·48
1896–97	5·32	6·05	2·75
1897–98	7·96	7·18	3·53

The main cause which has contributed to the rise of 55 *per cent.* in the value of issues during the period covered by the foregoing statement has been the general increase of work in all departments. Other special causes are to be found in the abolition in 1894–95 of the system under which District and Sub-Registrars received an allowance for their stationery, these officers having since obtained their supplies from the Stationery Office; the extended use of printed forms; the issue of various codes and manuals; the supply of type-writers and their accessories to all the larger offices in the Presidency; the introduction of the heliographic printing process; the increased consumption of forms and stationery generally in the Salt Department owing to the extension of the tree-tax system; the issue of stationery for the first time in 1896–97 to Police stations; and the more extended use of locks of country manufacture.

2. The figures for 1896–97 were abnormally low owing to the fact that a large portion of the indent for that year was received in 1897–98, while the indent for the latter year itself was more or less completely complied with.

3. The increase (2·64 lakhs) in the value of the stores received during 1897–98 as compared with 1896–97 fell under the items—

	Lakhs.
Articles of European manufacture received from the Secretary of State	1·36
Do. do. purchased locally	·06
Do. Indian manufacture purchased locally	·82
Do. do. do. from other departments ..	·26
Receipts by adjustments	·15

The last item was, as explained in paragraph 13 of the report, nominal.

4. The bulk of the increase in the issues in the year occurred under Provincial (1·01), but this was more apparent than real owing to the inclusion of arrear supplies; the issues for the year 1897–98 itself being only ·43 in excess of those for 1896–97.

Paragraph 16 of the report.

5. Of the increase (·78) in the closing balance, lithograph paper, wax-cloth, mathematical instruments and padlocks account for ·55 lakh. The Superintendent of Stationery has not yet submitted the report called for in paragraph 1 of G.O., No. 130, Financial, dated 12th February 1898, in regard to the question of the reduction of the stock in hand raised in paragraph 4 of Government of India, Finance and Commerce Department, Resolution No. 576–S.R., dated the 4th idem. The matter should receive early attention and the Superintendent should personally enquire into it.

Paragraph 20 *ibid.*

6. The increase under stores received from the Secretary of State was mainly due to the causes noticed in paragraph 2 *supra* and to the fact that the quantity of drawing and mathematical instruments received in 1897–98 was more than double that in the previous year. No explanation has been offered by the Superintendent for the latter rise and he will be requested to report further on the point.

Paragraph 4 *ibid.*

7. Articles of European manufacture purchased locally consisted chiefly of type-writers and accessories, a sufficient stock of which could not be procured in time

from England as the requirements of the various departments were not known. Fifteen type-writers of different descriptions were purchased, the cost of those supplied to the Manager of the East Coast Railway being recovered. The question of the best pattern of machine to be purchased for use in public offices is still under consideration. It has been decided in separate proceedings to restrict the pattern of type-writers supplied to public offices to the Yost No. 4 and the latest pattern of the Remington. The Superintendent will discontinue the local purchase of these articles and will immediately submit an indent on the India Office for a small stock, half of the Yost pattern and half of the Remington.

Paragraph 5 *ibid.*

G.O., No. 863, Financial, dated 10th Oct. 1898.

8. The increase under articles of Indian manufacture purchased locally and received from other departments was occasioned chiefly by larger purchases of papers from Indian Mills (3·66 lakhs against 3·00), including the special water-marked paper for plaints and petitions in Revenue and Criminal Courts (·14), and by the receipt of poruvas and dungry cloth (·25) from the famine-relief weavers' factories in Kurnool and Pattikonda.

Paragraph 7 of the report.

G.O., No. 332, Revenue, dated 14th May 1897.

9. The fac-simile process of duplication with Straker's transfer paper has been reported on unfavourably by the Board of Revenue, the Accountant-General and the Inspector-General of Police. The process has, however, been found of great use in the Secretariat and the Superintendent will arrange for its being given a further trial. An Edison's mimeograph for manifolding with type-writers was found to produce unsatisfactory results in the plains owing to the effect of the high temperature on the wax. The mimeograph has, however, proved a decided success on the hills. The Superintendent will place himself in communication with the manufacturing agents and institute further enquiries regarding improved methods of manifolding with type-writers and other useful apparatus of this description.

Paragraph 5 of the report.

10. The saving effected by the substitution of articles of Indian for those of European manufacture is compared below with the figures of the previous four years :—

Paragraph 14 *ibid.*

	Lakhs.
1893–94	·49
1894–95	1·59
1895–96	1·95
1896–97	1·54
1897–98	1·58

The principal articles so substituted are writing, printing and cartridge papers, but it is observed that there has been a gradual decline in the saving effected under the first two of these as shown below :—

—	1895–96.	1896–97.	1897–98.
Writing paper	·25	·11	·08
Printing ,, ...	1·11	·93	·79

Cartridge ,, ...	·42	·31	·54
Inks	·09	·06	·11
Others	..	·02	·01
Total ..	1·95	1·54	1·59

This result is doubtless due in part to variations in exchange and in the relative prices of articles of English and of Indian manufacture, but as a large portion of the supplies * from the India Office consists of writing paper there appears to be room for further economies in this direction.

	Total supply.	Writing paper.
*1895–96	2·20	·43
1896–97	1·56	·61
1897–98	2·92	1·33

11. In paragraph 6 of the last review of the administration report of the Stationery department, the Superintendent was requested to report in due course on the quality of the wax cloth purchased from Calcutta and on the improved samples of sealing-wax supplied by the Jail department. From paragraphs 8 and 9 of the present communication it would appear that the wax-cloth manufactured by the Jail department has been more extensively used than the article purchased from private contractors. It is stated that no complaint has been received in regard to the supply by the Jail department and the Superintendent will report whether there is any necessity for the continuance of the sanction accorded for the purchase from Calcutta of 50 *per cent.* of the wax-cloth required for issue.

Paragraph 11 of the report.

12. Country locks were purchased to the extent of Rs. 11,666, and in accordance with the instructions in paragraph 2 of G.O., No. 233, Financial, dated 16th March 1897, the samples as well as a portion of the supplies were examined by the General Superintendent, Public Works Stores, before acceptance. In those proceedings the Superintendent was authorised to obtain locks from Periathambi Achari and Seshadri Sastri of Dindigul and from Messrs. Ghose Das & Co., Calcutta, and it is not understood why it was found necessary to indent upon Vellianachari and Brothers of Dindigul. It is not clear moreover, whether any precautions are adopted by the Superintendent against the possibility of fraud as respects the keys of these locks. This is a matter of importance when it is considered that these locks of Indian manufacture are used for treasure remittance boxes. The subject of locks receives but a passing notice from the Superintendent and the report is silent as to the quality and cost of the articles supplied by the various firms and the saving effected by local purchase. These articles should in future be included in Form F appended to the report.

Paragraph 12 *ibid.*

G O., No. 37, Revenue, dated 20th January 1897.

13. The attention of the Honourable the Judges of the High Court and of all officers concerned will be drawn to the remarks in paragraphs 21—29 of the report as regards the increased consumption of certain articles. Heads of departments will be requested to bear in mind the instructions in the latter part of paragraph 4 of G.O., No. 516, Financial, dated 26th August 1896.

14. There was a large increase in the number of supplemental indents, the following being credited with 8 and more :—

Collector of Gódávari	10
„ of Ganjám	10
Commissioner of Salt, Abkári and Separate Revenue	14
High Court of Judicature	18
Inspector-General of Police	11
Consulting Engineer for Railways	8
General Superintendent, Public Works Workshops	12
Superintendent, Government Press	19

The Superintendent should satisfy himself as to the necessity for these supplemental indents before complying with them and all possible efforts should be made to reduce the number.

15. *Rubber Stamps.*—Rubber stamps and inks and accessories for the same were issued to the value of Rs. 7,130 against Rs. 5,307 in 1896–97. The principal increases were under Registration (Rs. 420), Law and Justice (Rs. 1,585) and Military (Rs. 403). The District Judges of Gódávari and Tinnevelly between them indented for these articles to the value of Rs. 801. The recent orders limiting the supply to sanctioned patterns should effect some economy in the future. The arrangement proposed in paragraph 29 of the report will be productive of much saving of time and labour.

Paragraph 29 of the report.

G.O., No. 418, Finl., dated 3rd May 1898.
„ „ 285, „ „ 18th March „
„ „ 124 „ „ 10th Feb. „

16. *Printed Forms.*—As directed in paragraph 12 of G.O., No. 746, dated 13th September 1897, several heads of departments have been consulted with regard to the advisability of extending the system of supplying forms from a central depot, but all of them are opposed to the system. The Government is unable to judge of the validity of these objections on the information now before it and the Superintendent of Stationery will be requested to furnish a complete report on the subject.

17. The administration of the Stationery department continued to be satisfactory. From reports separately received by Government it is understood that the Superintendent is endeavouring to improve the personnel of his establishment, which has not been found equal to its duties.

Review of the Stationery

Report

C nos. 2107-2297. Financial Dept:

N O T E

The following is submitted with reference to the Hon'ble Member's remarks:--

H.M's remark No. I

Here we have an increase in the issues of 55% in 4 years. The reasons given in para 2 are not sufficient to account for this. I think some explanation should be given. If it can't be given in the office, it should be obtained.

Reply

It is submitted that the wide variations in the figures for 1893-94, 1894-95, 1895-96 and 1896-97 have been explained in previous reports. Please see (i) paragraphs 12 to 16 of the report on pages 4 to 7 of G.O.Nos.693-8, d/ 6th Septr. 1894, for the explanation of the increase in 1893-94 over 1892-93; (ii) paragraphs 20 to 24 of the report on pages 5 and 6 of G.O.No.611 Finl., d/24th August 1895, for the increase in 1894-95; (iii) paragraphs 16 to 19 of the report on pages 4 to 6 of G.O.No.516-21 Finl., d/26th August 1896, for the increase in 1895-96; and (iv) paragraphs 16 to 20 of the report on pages 5 to 7 of G.O.Nos.746-51 Finl., d/ 13-9-97, for the variations of

of figures in 1896-97.

The increase in 1897-98 is explained in paragraphs 15 to 19 of the present report and the remark in para 2 of the draft order had reference more particularly to the variations in the figures of 1897-98 as compared with 1896-97.

Orders are solicited as to whether the various causes that have contributed to raise the total value of the issues from 4.63 lakhs in 1893-94 to 7.18 lakhs in 1897-98 should be set out.

H. M's remark No. II

Please see paragraph 4 (a) of the present report for the statement that the indent on the Secy. of State was more or less completely complied with.

H.M's remark No. III

It is proposed to add to paragraph 6 of the draft order the following:--

"No explanation has been offerred by the Supt. for the latter rise and he will be requested to report further on the point."

H.M's remark No.IV

It is proposed to add at the end of paragraph 7 of the draft order the following:--

"It has been decided in separate proceedings to restrict the pattern of typewriters supplied to public offices to the Yost No. 4 and the latest pattern of the Remington. The Supt. will discontinue the local purchase of these articles and will immediately submit an indent on the India Office for a small stock, half the Yost pattern and half the Remington."

H.M's remark No. V

Surely this should be a rise- at least there has been a rise, not a fall of late - On the other hand, a fall would have the effect stated. But then, now can you speak of a fall when there has been a rise?

Reply

The rate at which the English value of articles of Indian manufacture which have been substituted for those of European make has been converted into rupees during the last three years has been as follows:--

	s	d	
1895-96 --------	1	1¼	K
1896-97 --------	1	1½	L
1897-98 --------	1	2½	M

What was meant by a fall in exchange was that gold had become cheaper so that, taking an example, the same quantity of paper substituted for the European article and converted from ~~the~~ English ~~value~~ into the Indian ~~rate~~ value at the above rates would in 1897-98 represent less in silver money than it would have represented in 1896-97 or in 1895-96. The saving (the Indian + ~~European~~ English costs being taken as constant quantities) would therefore decrease. The English and the Indian prices however vary and perhaps it would be safest to substitute for the sentence queried by the Hon'ble Member the following:--

"This result is doubtless due
"in part to variations in exchange and
"the relative prices of articles of
"English and Indian manufacture."

Variations in exchange and in the relative prices of articles of English & Indian manufacture?

Para. 11 of the report.

Para. 12 of the report.

J

This result is doubtless due in part to the fall in exchange, but as the large portion of the supplies from the India office consists of writing paper there appears to be room for further economies in this direction.

11. In para. 3 of the last review of the administration report of the Stationery department, the Supt. was requested to report in due course on the quality of the wax cloth purchased from Calcutta and on the improved samples of sealing wax supplied by the Jail Dept. From paras. 8 & 9 of the communication it would appear that the wax cloth manufactured by the Jail dept. has been more extensively used than the article purchased from private contract[illegible]. It is stated that no complaint has been received in regard to the supply by the Jail Dept. and the Supt. will report whether there is any necessity for the continuance of the sanction accorded for the purchase from Calcutta of 50 per cent of the wax cloth required for issue.

12. Country locks were purchased to the extent of Rs 11,666, and in accordance with the instructions in para. 2 of G.O.No.233, Finl., dated 16th March 1897 the samples as well as a

portion of the supplies were examined by the General Supt., P.W.Stores before acceptance. In these proceedings the Supt. was authorised to obtain locks from Periathambi Achari and Seshadri Sastri of Dindigul and from Messrs. Ghose Das & Co., Calcutta and there it is not understood why it was found necessary to indent upon Vellianachari and Brothers of Dindigul. It is not clear moreover, whether any precautions are adopted by the Supt. against the possibility of fraud as respects the keys of these locks. This is a matter of importance when it is considered that these locks of Indian manufacture are used for Treasury Remittance boxes. The object of locks receives but a passing notice from the Supt. and the report is silent as to the quality and cost of the articles supplied by the various firms and the saving effected by local purchase. These articles should in future be included in Form F appended to the report.

13. The attention of the Honourable Judges of the High Court and of all officers concerned will be drawn to the remarks in paras. 21-29 of the report as regards the increased consumption of certain articles. Heads of Depts., will be requested to bear in mind the instructions in the latter part of para. 4 of G.O.No.516, Financial, dated 26th August 1896.

14. There was a large increase in the number of supplemental indents,

the following being credited with 8 and more:-

High Court of Judicature ...	18
Inspector-General of Police..	11

General Supt., P.W.W, ...	12

The Supt. should satisfy himself as to necessity in these supplemental indents before complying with them and all possible efforts should be made to reduce the number.

15. Rubber Stamps

Rubber stamps and inks and accessories for the same were issued to the value of Rs.7,130 against 5,307 in 1896-97. The principal increases were under Registration (Rs 420) Law and Justice (Rs 1585) and Military (Rs 403). The District Judges of Godavari and Tinnevelly between them indented for rubber stamps to the value of Rs.758. These articles The recent orders limiting the supply of these articles to sanctioned patterns should effect some economy in future. The arrangement proposed in para. 29 of the report will be productive of much saving of time and labour.

16. Printed forms.

As directed in para. 12 of G.O. No.746, dated 13-9-97 several heads of departments have been consulted with regard to the advisability of extending the system of supplying forms from a Central Depot but all of them are opposed

opposed to the system. The Govt. is unable to judge of the validity of the objections on the information now before it and the Supt. of Stationery will be requested to furnish a complete report on the subject.

17. The administration of the Stationery dept. continued to be satisfactory. From reports separately received by Govt. it is understood that the Supt is endeavouring to improve the personnel of his establishment, which has not been found equal to its duties.

(A)

The main cause which has contributed to the rise of 55 % in the value of issues during the period covered by the foregoing statement has been the general increase of work in all depts. Other special causes are to be found in the abolition in 1894-95 of the system under which District and Sub Registrars received an allowance for their stationery, these officers having since obtained their supplies from the Stationery Office; the extended use of printed forms; the issue of various codes and manuals; the supply of typewriters and their accessories to all the larger offices in the Presidency; the introduction of the heliographic printing process; the increased consumption of forms and stationery generally in the Salt Dept. owing to the extension of the Tree Tax System; the issue of stationery for the first time in 1896-97 to Police Stations, and the more extended use of locks of country
