G.O., No. 920, 21st October 1898.

OCTOBER.

Budget Estimate.

Passing orders on the — of Civil Agency Works in the Ganjam Agency for 1899-1900.

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following papers:—

From H. D. TAYLOR, Esq., Acting Agent to the Governor in Ganjám, to the Chief Secretary to Government, dated Chatrapur, 30th August 1898, Dis. No. 339 R.—A.G.

In forwarding herewith budgets of civil agency works for 1899–1900, I have the honour to state that I have entered a fresh head for petty establishment, in conformity with the course adopted in the adjoining district, Vizagapatam.

2. I have ascertained from the local officers concerned the probable strength of the establishment required from time to time for each road and period for which it is required. The charges for petty establishment have hitherto been debited to the roads themselves, but I think it more correct to show these charges under a separate head.

3. To avoid objection from the Accountant-General and the necessity for submission of detailed proposition statements, I have the honour to request that I may be empowered, as in the case of the Agent, Vizagapatam district, to sanction, within the budget allotment, such temporary establishment on each road for such period in each year as may be found necessary.

Official Memorandum, dated 14th September 1898, No. 1976, Financial.

From H. D. TAYLOR, Esq., Acting Agent to the Governor in Ganjám, to the Chief Secretary to Government, dated Chatrapur, 21st September 1898, Dis. No. 355 R.—A.G.

With reference to your memo. No. 1976, dated 14th instant, I have the honour to retransmit the budget estimate of civil agency works for 1899–1900 duly revised with reference to the omissions and discrepancies pointed out in the above reference.

2. I have not included any provision for the extension and repairs of the dispensary building at Balliguda on the presumption that the necessary provision has been made in the Police Department.

ORDER—No. 920, Financial, dated 21st October 1898.

The estimate, as altered, is accepted for 25 lakh.

2. With reference to paragraph 3 of the first of the foregoing letters, the Agent to the Governor will be authorized to entertain temporary establishment for petty supervision within the budget grant whenever found necessary.

3. The expenditure (estimated roughly at Rs. 150) on the extension of the dispensary building at Balliguda must be met from the present grant of 25 lakh, the Agent making the necessary redistribution.

(True Extract.)

G. STOKES,
Chief Secretary.

To the Agent to the Governor in Ganjám.
" Accountant-General.
" Judicial Department.
Editors' Table.

Exd. W. D'Moss.

[Appendix.

BUDGET Estimate of Civil Agency works in the Agency Tracts of Ganjám for 1899–1900.

Name of taluk or division.	Description of work.	Length of road.	Cost per mile.	Budget Estimate.		Actual expenditure in		Remarks.
				1899–1900.	1898–99.	1897–98.	1896–97.	
1	2	3	4	5	6	7	8	9
		MILES.	RS. A. P.	RS.	RS.	RS.	RS.	
Principal Assistant Agent's division.	I.—NEW WORKS.							
	(a) Buildings.							
	1. Constructing rest shed at Namanagaram ..	..	..	200	200	..	..	This work was provided for in the budget for 1896–97, but the instruction was put off in that year.
	2. Construction of rest shed at Gandahatti ..	..	..	..	800	..	..	
Special Assistant Agent's division.	3. Do. of rest sheds at Nowgam, Domduva, Odaba and Sarangadu at Rs. 200 each. ..	..	..	207	..	..	..	
	4. Construction of rest shed at Simonbadi ..	..	..	..	..	..	..	
	5. Do. of sheds for clerks at 16 halting places. ..	..	..	355	..	..	..	
	6. Rest shed at Tumba ..	..	..	..	200	..	..	
Senior Assistant Agent's division.	7. School at Tumba ..	..	..	..	200	..	..	
	Total, Buildings ..	..	..	762	1,400	..	..	
	(b) Communications.							
	1. Road from Mahendratnaya river at Burajang to Rayagada road, metalling and graveling ..	6	166 0 0	1,000	1,000	1,000	1,500	
Principal Assistant Agent's division.	2. Constructing Jiranghi ghat road, masonry works and earth-work with turling. ..	..	..	500	..	450	..	
	3. Metalling six miles of Kalipano road ..	6	500 0 0	3,000	3,000	..	..	
	Carried over ..	..	..	4,500	4,000	1,450	1,500	

mbadi is an important place, being the junction of a road for layagiri, and main military road. The existing shed is either of convenient size nor worth repair as it was constructed 22½ ago. Therefore a proposal is made to build a new one at cost of Rs. 225. Experience has proved that the sum of 200 for a shed is quite inadequate to build both a bungalow and godowns and stables, all of which are absolutely necessary for the rains. Rs. 207 has been provided under this work and the remaining sum of Rs. 18 has been provided under "re-establishment."

It is proposed to construct sheds at 16 halting places next year and 13 more at a cost of Rs. 345 in the following year. The total cost would then be Rs. 700. The custom has been to carry a tent for the use of the office through the Agency. This has been done at the great yearly expense of Rs. 234 both for the tent and the carriage. In order to save this yearly expenditure, the proposal of building small huts for the clerks at the places where there is no accommodation has been made. The present office tent of the Special Assistant Agent is nothing but patches and is quite unfit for another year's use. Therefore a new one will have to be purchased at a cost of about Rs. 400. This expenditure will also be saved by the construction of the new sheds.

The masonry work on this road is a bridge for which a sum of Rs. 300 has been provided. The remainder is for the earth-work with turling.

As remarked in last year's budget, this is the main route for traffic from Udayagiri to Balliguda and therefore it was intended to metalling the whole road of 44 miles. Last year 6 miles were proposed to be metalled and 6 miles more are provided for next year.

Budget Estimate of Civil Agency Works in the Agency Tracts of Ganjam for 1899-1900—cont.

Name of taluk or division.	Description of work.	Length of road.	Cost per mile.	Budget Estimate.		Actual expenditure in		Remarks.
				1899-1900.	1898-99.	1897-98.	1896-97.	
1	2	3	4	5	6	7	8	9
Special Assistant Agent's division—cont.	(b) Communications—cont.							
	4. Constructing a road from Mohano to Pothi Govindupore.	8	187 0 0	4,500 1,496	4,000	1,450	1,500	At present to go to Ramagiri from Russellkonda it is necessary to travel over 60 miles in the plains which means a loss of 8 days going and returning which does not count towards tour. The direct route is via Bodagada and the Jorow ghāt to Govindupore and so on to Mohano and down the military road. By this route one is in the Agency in two days. The objection to it is, however, that from Govindupore to Mohano there is no road and the elephant's feet suffer much from the stumps of burned trees. Ramagiri requires more attention than any part of the Agency, it is therefore proposed to make an Agency road from Govindupore to Mohano, a distance of 8 miles. There is already a track used by the Police beat which merely requires to be cleared and widened and the tanks of one or two nullas cut away. The road is estimated to cost Rs. 200 a mile or a total of Rs. 1,600. The remaining sum of Rs. 104 has been provided under "Establishment." The subsequent upkeep of the road will be very small.
	5. Constructing a bridge at Kurtingbur across Bodonadi.	1	458 0 0	458	..	..	..	It is proposed to build a bridge across the Bodonadi near Kurtingbur, as at present the Tumribund and Belghur Police stations are cut off entirely from Balliguda in the rains for days together. There was formerly a bridge, but it was swept away the year of the big flood when the Mahasingi bridge went. The road is an important one and should be rendered passable at all times of the year especially as if ever trouble arises amongst the Khonds, it will be in this Kuttinga country. The bridge needs to be well built and therefore Rs. 500 is provided. The remaining Rs. 42 has been provided under "Establishment."
	Total, Communications ..	..	..	6,454	4,000	1,450	1,500	It is proposed to build two separate latrines, one for boys and the other for girls, and an enclosure of a permanent nature around the building. Some other additional repairs are also proposed. Hence the grant is raised this year.
	Total, New Works—Buildings and Communications ..	..	..	7,216	5,400	1,450	1,500	Grant is raised for the construction of a permanent enclosure to the building and for some other repairs. The roof having required repairs, excess amount was provided in 1898-99. For the next year the usual grant is repeated.
	II.—REPAIRS.

	34. Military road in Balligunda and Ramagiri taluks.	97	21 12 0	2,110	2,425	1,940	1,940	
	35. Special repairs to ghats on do.	..	..	507	675	..	..	
	36. Kalipano road ..	44	29 0 0	1,276	1,640	2,550	2,550	
	Carried over ..	..	..	7,490	9,115	10,535	10,630	
		..	..	..	..	..	..	

Much hardship is experienced in repairing this portion. The usual allotment of Rs. 60 being found inadequate, the increase of Rs. 20 has been provided.
Hitherto the cost of establishment, employed to supervise the works in this division, used to be included in the provisions made for the several works. But in the present budget, this is separately shown under "Establishment." Hence the rate per mile and the amount of budget grant has been reduced.

Budget Estimate of Civil Agency Works in the Agency Tracts of Ganjam for 1899-1900—cont.

Name of taluk or division.	Description of work.	Length of road.	Cost per mile.	Budget Estimate.		Actual expenditure in		Remarks.

C. No 2423.

Budget estimate for 1899-1900 under—

Major Head ... 45 A. Civil works
Minor Head ... In charge of Civil Officers.

Off. No. 1976/14.2.28.

Returned to the Agent to the Governor, Ganjam.

* G.O., No. 602, Financial, dated 20th August 1895.

for favour of revision, completion and immediate return with reference to the requirements of the budget rules* quoted below:—

* Rule No. 10.

(1) Repairs — Buildings.

The total for 1896-97 is ^{actual} as Rs 3,326 against Rs 3,576, the total for the same year shown in the appendix to G.O. No 761, Financial, dated 16th Sep 1897. The difference is apparently due to the omission of Rs 250 shown in the current year's budget against item 27 — Special Assistant Agents ^{for Chief Secretary.}

bungalow at Russelkunda.

(2) Repairs — Communications.

The amounts ^{intend} against items

To

Items 18, 19, 33 and 37 appear to be incorrect when calculated according to the rates given against each.

3). The total of the details given ^{in the column of Remarks} against item 37, of the length of the Sarangada Road comes to 36 miles ~~only~~ and not to 37 ~~as given in the estimate.~~

2. More care should be taken in the preparation of budget estimates.

Budget Estimate of Civil Agency Works in the Agency Tracts of Ganjam for 1899-1900—cont.

Name of taluk or division.	Description of work.	Length of road.	Cost per mile.	Budget Estimate.			Actual expenditure in		Remarks.
				1899-1900.	1898-99.	1897-98.	1897-98.	1896-97.	
1	2	3	4	5	6	7	8	9	
	(b) Communications—cont.								
Special Assistant Agent's division—cont.	4. Constructing a road from Mohano to Poti Govindupore.	8	187 0 0	4,500 1,496	4,000	1,450	1,500		At present to go to Ramagiri from Russellkonda it is necessary to travel over 60 miles in the plains which means a loss of 8 days going and returning which does not count towards tour. The direct route is via Bodagda and the Jorow ghāt to Govindupore and so on to Mohano and down the military road. By this route one is in the Agency in two days. The objection to it is, however, that from Govindupore to Mohano there is no road and the elephant's feet suffer much from the stumps of turned trees. Ramagiri requires more attention than any part of the Agency, but owing to this difficulty of access, is steadily neglected. It is therefore proposed to make an Agency road from Govindupore to Mohano, a distance of 8 miles. There is already a track used by the Police beat which merely requires to be cleared and widened and the banks of one or two nullas cut away. The road is estimated to cost Rs. 200 a mile or a total of Rs. 1,600. The remaining sum of Rs. 104 has been provided under "Establishment." The subsequent upkeep of the road will be very small.
	5. Constructing a bridge at Kurtlinghur across Bodonadi.	1	458 0 0	458					It is proposed to build a bridge across the Bodonadi near Kurtlinghur, as at present the Fumrind and Belghur Police stations are cut off entirely from Balligada in the rains for days together. There was formerly a bridge, but it was swept away the year of the big flood when the Mahasingi bridge went. The road is an important one and should be rendered passable at all times of the year especially as if ever trouble arises amongst the Khonds, it will be in this Kurtlinghur country. The bridge needs to be well built and therefore Rs. 500 is provided. The remaining Rs. 42 has been provided under "Establishment."
Principal Assistant Agent's division.	Total, Communications ..			6,154	4,000	1,450	1,500		It is proposed to build two separate latrines, one for boys and the other for girls, and an enclosure of a permanent nature around the building. Some other additional repairs are also proposed. Hence the grant is raised this year.
	Total, New Works—Buildings and Communications ..			7,216	5,400	1,450	1,500		Grant is raised for the construction of a permanent enclosure to the building and for some other repairs.
	II.—REPAIRS.								The roof having required repairs, excess amount was provided in 1898-99. For the next year the usual grant is repeated.
	(a) Buildings.

		Total, Petty Establishment		..	..	2,382	..	..	..					
		Grand Total		..	..	25,027	25,000	22,450	21,940					

This distance has by some over-sight been given wrong in the previous two budgets. Route book gives from Udayagiri to Sarangodo 20 miles, Sarangodo to Kurtli is 11 miles, and it is 5 miles to Mahasingi; total 36 miles.

The distance is 18 miles and not 16 miles as already given, from Balliguda to the top of the Mohangiri ghat where the Public Works Department road begins. It is hoped that this road will be handed over to the Agency by the Public Works Department from April 1899. Hence Rs. 160 is provided for its upkeep.

This is in charge of the Public Works Department.

Hitherto the cost of establishment used to be included under this item, but this year it is shown separately under "Establishment."

vide above remark.
vide remark against item No. 26.

wide page only roundings.

Just in case

The altered is accepted for .25 lakh.

2. With reference to paragraph 3 of the first of the foregoing letters, the Agent to the Governor will be authorized to entertain temporary establishment for petty supervision within the budget grant, whenever found necessary.

3. The expenditure (estimated roughly at Rs 150) on extending ~~repairing~~ the dispensary building at Balliguda must be met from the present grant of .25 lakh, the Agent making the necessary distribution.

Wt
The question whether the Police Hospital budget, or the Agency budget, or both should bear the cost of repairs may stand over. The Hospital now belongs to the Police, this will probably be provisionally to the Agent to the Governor in Ganjam.

Accountant-General.

This work was provided for in the budget for 1896-97, but the construction was put off in that year.

Simonhadi is an important place, being the junction of a road for Udayagiri, and main military road. The existing shed is neither of convenient size nor worth repairs as it was constructed a long ago. Therefore a proposal is made to build a new one at a cost of Rs. 225. Experience has proved that the sum of Rs. 200 for a shed is quite inadequate to build both a bungalow and godowns and stables, all of which are absolutely necessary in the rains. Rs. 207 has been provided under this work and the remaining sum of 18 has been provided under "Establishment."

It is proposed to construct sheds at halting places this year and next year. The total cost would then be Rs. 700. The expenditure has been carried to the use of the office through the agency. This has been done at the great yearly expense of Rs. 100 both for the tent and the carriage. In order to save this yearly expenditure, the proposal of building small huts for the clerks at the places where there is no accommodation has been made. The present office of the Special Assistant Agent is nothing but patches and is quite unfit for another year's use. Therefore a new one will have to be purchased at a cost of about Rs. 400. This expenditure will also be saved by the construction of the new sheds.

The masonry work on this road is a bridge for which a sum of Rs. 300 has been provided and the remainder to the earth-work with turding.

As remarked in last year's budget, this is the main route for traffic from Udayagiri to Balliguda and therefore it was intended to metal the whole road of 44 miles. Last year 6 miles were proposed to be metalled and 6 miles more are provided in this year.

At present to go to Ramagiri from Russellkonda it is necessary to travel over 60 miles in the plains which means a loss of 8 days going and returning which does not count towards tour. The direct route is via Bodagada and the Jorow ghat to Govindupore and so on to Mohano and down the military road. By this route one is in the Agency in two days. The objection to it is, however, that from Govindupore to Mohano there is no road and the elephant's feet suffer too much on the stumps of burned trees to make it desirable. Ramagiri requires more attention than any part of the Agency, but owing to this difficulty of access, is steadily neglected. It is therefore proposed to make an Agency road from Govindupore to Mohano, a distance of 8 miles. There is already a track used by the Police beat which merely requires to be cleared and widened and the banks of one or two nullas cut away. The road is estimated to cost Rs. 200 a mile or a total of Rs. 1,600. The remaining sum of Rs. 104 has been provided under "Establishment." The after upkeep of the road will be very small.

It is proposed to build a bridge across the Bodonadi near Kurtinghur, as at present the Tumribund and Belghur Police stations are cut off entirely from Balliguda in the rains for days on end. There was formerly a bridge, but it was swept away the year of the big flood when the Mahasingi bridge went. The road is an important one and should be rendered passable at all times of the year especially as if ever trouble arises amongst the Khonds, it will be in this Kurtinghur country. The bridge needs to be well built and therefore Rs. 600 is provided. The remaining Rs. 42 has been provided under "Establishment."

It is proposed to build two separate latrines, one for boys and the other for girls, and an enclosure of a permanent nature around the building. Some other additional repairs are also proposed. Hence the grant is raised this year. Grant is raised for the construction of a permanent enclosure to the building and for some other repairs. The roof having required repairs, excess amount was provided in 1898-99. For the next year the usual grant is repeated.

(Ramagiri)

Allotment raised to meet the repair to the doors and for the construction of a permanent enclosure around the building.

Allotment raised to meet the repairs to the doors and for the construction of an enclosure around the building. The whole roof requires to be constructed as it is in a dangerous state and brick pillars are to be built in place of existing wooden posts.

The building was constructed at a cost of Rs. 200 in this year. Hence a provision of Rs. 48 is made to meet its repairs in next year.

The allotment is reduced by Rs. 42 which is provided under "Establishment."

The allotment is reduced by Rs. 14 which is provided under "Establishment."

The major part of the previous year's allotment having been taken to replace the Sub-jail iron doors, it is necessary to have a slight increase this year to bring the buildings into proper order.

The difference between the budget estimate of this year and the grant of 1898-99, has been provided under "Establishment."

The grant is reduced by Rs. 14 which is provided under "Establishment."

The decrease of Rs. 10 over the grant for 1898-99 has been provided under "Establishment."

Much hardship is experienced in repairing this portion. The usual allotment of Rs. 60 being found inadequate, the increase of Rs. 20 has been provided.

Hitherto the cost of establishment, employed to supervise the works in this division, used to be included in the provisions made for several works. But in the budget of the year, this was separately shown under "Establishment." Hence the rate per mile and the amount of budget grant has been reduced.
