EXPLANATORY REMARKS.

The average of the actuals of the past three years, viz., Rs. 51, has been adopted in round figures for both the revised and the budget estimate.

As the totals of the Collectors' estimates very nearly approximate to the sanctioned estimate, viz., Rs. 750, the same figure has been adopted for both the years.

The Collectors' figures for the revised and budget estimates of 1898-99 and 1899-1900, respectively, have been adopted in round numbers.

Establishment.—The actuals of 1895-96 and 1896-97 being Rs. 43,320 and 48,293, respectively, the revised and budget estimates have been fixed at Rs. 48,300.

Other items	...	6,782	6,594	5,994

Cost of Materials and Stock.—The decrease under actuals as compared with the sanctioned estimate for 1897-98 (Rs. 8,400) was due to the purchase of a smaller quantity of Press materials than was anticipated when the budget was under preparation. It was found possible altogether to dispense with purchases in six districts, and in only two cases was the budget estimate worked up to or exceeded. Collectors provide Rs. 10,150 for the revised estimate, but this includes Rs. 1,750, the cost as originally estimated of Malayalam types the purchase of which the Collector has since consented to defer until 1899-1900. Excluding this sum, the balance comes to Rs. 8,400, which would be adopted if it were safe to assume that the budget provision will be fully utilized; past experience, however, shows that this is not a safe assumption; for during the past three years the actuals have on the average fallen short of the budget estimate by over Rs. 4,000. Having regard to this circumstance and to the fact that the actuals of the first four months of the current year only amount to Rs. 595, the Board considers that it will amply suffice to provide Rs. 6,000 in the revised estimate. For 1899-1900, Collectors provide Rs. 8,334 which may for similar reasons be reduced to Rs. 6,000; adding to this Rs. 4,000 which is the amount now ascertained to be required by the Collector of Malabar for the purchase of Malayalam types, the Board would fix the estimate at Rs. 10,000.

Cost of European stores.—The revised estimate includes the cost of the Wharfedale printing machine, royal size, which it was proposed to supply to the District Press Trichinopoly. The Superintendent, Government Press, considers the supply to be unnecessary—vide Board's Proceedings, No. 430, dated 7th December 1897.

Carriage of Gazettes and forms to Taluk, &c.—The actuals of last year were in excess of the sanctioned estimate (Rs. 4,700) of that year by Rs. 1,318. The increase occurred chiefly in Kurnool (Rs. 1,124) and Ganjam (Rs. 558) and was mainly due to the despatch of famine forms to taluks. As the actuals of the first four months of the current year have amounted to Rs. 1,142 and the totals of Collectors' estimates amount to Rs. 4,220 and Rs. 4,170, respectively, the Board repeats the sanctioned estimate of the current year for both the revised and the budget estimate. The estimates for the remaining items have been fixed with reference to the requirements of Collectors with the exception of the provision under "Fuller's earth, &c." which has been reduced with reference to the actuals of 1897-98 and the first four months of the current year.

This is a variable item, and the estimates have been based on the Collectors' figures.

EXPLANATORY REMARKS.

Collectors estimate the charges at Rs. 24,260 for the current year and at Rs. 23,560 for 1899-1900. Seeing that the actuals of the first four months of the current year have amounted to Rs. 25,576 which includes Rs. 19,056 being payments made at the Presidency town (Rs. 18,480) and Mysore (Rs. 576) and that the actuals of the last year amounted to Rs. 52,514, the Board has provided Rs. 52,000 for the revised estimate for the current year. For the budget estimate of next year, the average of the actuals of the past three years has been adopted in round figures.

Rewards for the destruction of wild animals.—This is a fluctuating item and depends on the number of wild animals killed. Collectors provide Rs. 21,550 for the revised estimate of the current year and Rs. 21,970 for 1899-1900. As the average of the actuals of the past three years has amounted to Rs. 22,175 the Board would fix the estimate at Rs. 22,000 in round figures for both the years.

The Collector of Tinnevely estimates the charges under this head at Rs. 6,910 for the revised estimate and at Rs. 7,850 for 1899-1900. Having regard to the average of the actuals of the past three years, the Board would fix the revised and budget estimates at Rs. 6,800 and Rs. 7,000, respectively. The increase in the budget estimates is due to the provision made for the purchase of a canoe costing Rs. 200 to guard the pearl banks during the south-west monsoon.

	Rs.
1895-96	8,818
1896-97	5,551
1897-98	5,924
Average	6,764

Travelling allowance.—The increase in the actuals of 1897-98 as compared with the sanctioned estimate for that year (Rs. 300) was due to the payment of railway fare to the Superintendent who went to Bombay to bring down the pearl fishery vessels.

Supplies and Services.—The small expenditure on account of coals during 1897-98 was due to the fact that the vessels were at Bombay for repairs during a portion of the year.

Actuals of		
1895-96.	1896-97.	1897-98.
4,680	Rs. 4,133	Rs. 4,658

The Collector of Tinnevely expects that the fishery during 1899-1900 will be prosperous and accordingly estimates the charges for the year at Rs. 7,240. But considering that the actuals for the past three years have ranged from Rs. 4,133 to Rs. 4,680, the Board thinks it safer to reduce the Collector's estimate to Rs. 6,000.
