To the Chief Secretary to Government, Financial Department.

Order—No. 945, Financial, dated 26th October 1898.

The statements appended to these proceedings show that of the charges in connection with the bubonic plague incurred in the year 1897–98, Provincial funds have been debited with excess amounts aggregating Rs. 2,880, Rs. 2,628 of which should have been borne by District Boards and Rs. 252 by municipalities. The excesses shown in appendix B should, where practicable, be recovered immediately from the District Boards concerned and the sum of Rs. 252 should be made good by the Tuticorin Municipality.

2. In cases in which the recovery of the excess payments is impossible at present, the amounts will be treated as advances from Provincial funds. The Accountant-General will be requested to forward to Government a statement showing the recoveries so postponed together with the contributions from Provincial to cover deficits which have still to be repaid by District Boards.

SUBJECT.

Plague expenditure during 1897-98.

FOR ORDERS.

G.O. 21-577 Finl. 4 July 1898.

When the Accountant-General submitted his statements of plague expenditure for the quarter ending 31st December last it was found that there was an excess debit of Rs.4209 to Provincial Funds, Rs.1358 of which had to be recovered from eight local boards and Rs.2851 from the Tuticorin Municipality. As regards the latter the Govt. resolved to accept against Provincial funds as a special case, half the charges at this port, subject to any readjustments that might be necessary with reference to G.O.No. 576 Finl.d/4th July 1898, and for the reasons assigned in those proceedi... The amount (Rs.1358) recoverable... Local funds being comparatively... it was resolved to await the... General's statements for the... before deciding whether any... should be ordered.

2. These statements hav... mitted by the Accountant... will be seen from the ab...

attached to this note that Provincial has been debited with Rs.2880, of which Rs. 2628 should properly have been charged to Local and Rs.252 to Municipal funds. Of the amount recoverable from Local funds the greater portion (Rs.1402) is debitable to the Anantapur District. It will be observed from para 5 of G.O.No. 1734 L, d 19th Sept.98, that this District Board though it closed, after deducting amounts appertaining to endowed institutions and unions, with a balance of Rs.9835 or 9 per cent of the receipts, has still to repay Rs.46,120 to Provincial for the contributions made to it to avoid the deficit with which the year 1896-97 would otherwise have closed. It is a question therefore for orders whether the excess debit of Rs.1402 to Provincial should be recovered from the Anantapur District Board.

Vide statement B

3. The amounts chargeable to the other Boards shown in statement B are trifling and may it is submitted be waived.

4. As regards the sum of Rs.252 debitable to the Tuticorin Municipality, it is submitted, that as Govt. has already undertaken to bear half the charges incurred at this port, the present amount should in propriety be recovered from the Municipal Council.

Vide para 1 supra.

...submitted that the ...ing by Provincial ...r plague expends

paid by it but properly debitable to a local body would create an undesirable precedent, as although it will probably be some years before Provincial recovers famine & plague ~~expenditure~~ outlay from Dist: Boards such as Anantapur (if it ever does so at all) the exemption of no local body which cannot pay will lead to claims from others which can. It is submitted that these the excesses in the present case should, where possible, be recovered at once & that where recovery must be postponed the excess together with the contributions from Provincial to cover deficits, outstanding famine expends & (plague expends) irrecoverable during the current year should be treated as an advance from Provincial to be recovered ultimately

Chas.
18/10/98 I do not think that the municipality should have come through

they may be issued. We shall have to make assignments from Provincial but it does not appear to be ground to have these minor matters out of the way -
