NOTE.—The actuals of the first four months of the current year amount, according to the Collectors' reports, to Rs. 10 and the probable expenditure for the next eight months is estimated by them at Rs. 455. The sanctioned grant for the current year is accordingly repeated as the revised estimate.

* The actuals of 1897-98 amounted, according to the Accountant-General's statements of charges, to Rs. 2-13-0, against Rs. 91-13-5 reported by the Collectors of Vizagapatam, Chingleput and Salem. The Collector of Chingleput has been requested to explain why the amount spent by him on account of collections for the Imperial Institute was not shown in his District Treasury Account. The Collector of Salem has reported that the sum of Rs. 1-7-0 spent by him on account of such collections was debited in the Forest accounts.

To Under Secy:-

It will be seen from the notes under G.O. No. 896 D 28. 10. 97 that prior to 1896-97 the Govt of India and the Reporter on Economic Products had specially requested that a provision of Rs 500 might be made in Provincial budgets for the purchase of 2000 lbs of the Imperial Institute. Since 1896-97, however, no such requisition has been made but in view of the fact that some expenditure is incurred every year it has become usual to provide Rs 500 under the head 26 G - Scientific and other minor Dep^{ts} - Imperial Institute. The actuals during the past three years, the budget and revised estimates for the current year and the

2. The actuals of the first four months of the current year have amounted to Rs 10 only but the collector's estimate that Rs 455 will be required for the remaining months. The Board has accordingly adopted Rs 500 both for the revised estimate for the current year and the budget estimate for 1899-1900.

3. The amount involved is very small and the estimate may it is submitted be approved. It is, however, a question for consideration whether any provision need be made at all under the head "Imperial Institute". As pointed out above the actual expenditure incurred

incurred is very small and it would appear to be simpler if the expenditure is debited to the Deptⁿ which makes the collection. It will be seen from the explanatory memorandum to the estimates that the actuals of the past years as reported by the Collectors were Rs 91-13-5 whereas the Accountant General's statements give only Rs 2-13-4. As a matter of fact in 1895-96 the amount spent on account of collections for the Imperial Institute, viz, Rs 1-7-4, was debited in the Forest accounts and probably a similar procedure was adopted in this department also the collector of which district has been asked to explain.

4. A ~~draft~~ Draft order to issue in the Financial Deptⁿ is submitted below accepting the estimates.

the expenditure. The Govt of India apparently wishes some provision to be made & probably the omission of a special head for this item from the Budget estimates would be noticed.

Yps: I believe there is some understanding between the Govt of India & the S. of State to make a small annual provision on acct. of purchases for the Imp. Institute

I would suggest Rs 100 only being provided for next year. If the charges are on account of the Imperial Institute they should be debited as such, a special head having been provided for them in the accounts -
