DECEMBER.

Inoculation.

Authorising the grant of three days' casual leave on full pay to all Government servants for the purpose of being inoculated, and giving a similar concession to those attending Government and aided schools.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

Office-note from the Plague Commissioner, dated 16th November 1898.

ORDER—No. 1532 P., dated 7th December 1898.

Inoculation as a protection against plague should be followed by complete rest for a few days. The necessity for rest may deter some from being inoculated, owing either to the want of desire to devote leave to such a purpose, or to the loss of pay or privileges that absence from duty may entail.

2. With a view to encourage inoculation among its servants, especially in the City of Madras and in the districts of Bellary, Anantapur, Cuddapah, North Arcot and Salem, Government authorises the grant of three days' casual leave on full pay to all Government servants for the purpose of being inoculated. Leave granted under this authority to those who are inoculated will not count against the leave permissible under G.O., No. 853, Financial, dated 17th October 1894. It should, however, be distinctly understood that submission to inoculation is voluntary.

3. A similar concession will be given to those attending Government and aided schools. Students in those institutions who hereafter undergo inoculation may be marked in the registers for not more than three consecutive days as "under inoculation" and such an entry will be regarded as equivalent to attendance.
