WITH ORDER

Roads.

SUBJECT.

Declining to retransfer the Calicut
Ludalur road which lies within the limits of
the Malabar District to the Public Works
Department as requested by the Secretary to
the United Planters' Association of Southern
India, passing the grant of Rs 6000 made
from Provincial funds for the upkeep
of certain roads by 10000, approving
with remarks the proposal of the
Public Works Department to hand
over to the Executive Engineer Western
Division the road from Chandale to
Sullans battery & requesting the Presd
Dist Board, Malabar to report
on this point.

CURRENT No. 3755

Local and Municipal Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:-

From the President, District Board, Malabar, Ref. on Cur. No.1257/L.F., dated 30th July 1898, requesting to grant a further allotment for the repair and maintenance of certain portions of Road No.4 under the District Board, detailed in statement III.B.

From the Public Works Department, No.878/D., dated 26th August 1898, transferring papers regarding the maintenance of the Calicut Gudalur Road.

From the same officer, No.1025/D., dated 6th October 1898, transferring to the L & M Department, papers regarding the average amount of timber traffic that passes along the Calicut Gudalur road from the Government forests in Malabar and the profits accruing to Government therefrom.

From the President, District Board, Malabar, Ref. on Cur. No.3118/L.F., dated 3rd November 1898, reporting in continuation of this office letter, Ref. on Cur. No.1257/L.F. of 98, dated 30th July 1898, on the deteriorated condition of District Board road No.4.

From the same officer, stating that the repair of the Chundale Sultan's battery road can be withdrawn from the existing contractor only after three months' notice and that the matter could be arranged if he (the President) is informed what Government wants to do.

ORDER No.2379 L.Mis., dated 13th December 1898.

The transfer to the District Board of that portion of the Calicut Gudalur road which lies within the limits of the Malabar

Malabar District having been decided upon after careful consideration, His Excellency the Governor in Council sees no reason to re-transfer the road to the Public Works Department, as requested by the Secretary to the United Planters' Association of Southern India in his letter, dated 2nd February 1898, transferred with the endorsement of the Public Works Department read above.

2. A recent inspection of this road as well as that from Chundole to the Mysore Frontier, via, Sultan's Battery, by the Chief Engineer, Public Works Department has however shown that portions of these roads are in bad order, owing chiefly to scanty allotment for maintenance. The grant of Rs. 6,000 now made from Provincial Funds for the upkeep of the first of the roads above referred to will therefore be raised by Rs. 10,000 from 1899-1900, so as to provide larger maintenance allotments to portions of both the roads as shown in the statement appended to this order. The necessary provision should be made in the District Board's budget for 1899-1900.

3. In his inspection notes referred to in the preceding paragraph, the Chief Engineer, Public Works Department, recommends that the road from Chundole to Sultan's Battery should be thoroughly improved by the Public Works Department at an estimated outlay of Rs. 74,000, of which Rs. 20,000 should be handed over immediately to the Executive Engineer, West Coast Division, to enable him to commence the collection of metal at once all along the line and to employ some maintenance coolies, to do such repairs as are urgently required. The Government approves of this proposal and will be prepared to place at the disposal of the Public Works Department the required sum of Rs. 20,000 out of the anticipated savings in the amount of Rs. 1,43,000 placed at the disposal of this Department for public works and general purposes, provided that the
