READ—the following paper :—

From H. HESELTINE, Assistant Secretary to the Government of India, Finance and Commerce Department, to the Secretary to the Government of Madras, dated Simla, 19th August 1899, No. 3760-P.

I am directed to inform you that complaints have been received from the India Office that much waste paper is sent home with the medical cases of officers and that these reports are not the only ones so overloaded. It is said that the medical cases of officers are sometimes sent home in duplicate and even triplicate, and that the covering letter is at times needlessly bulky. All that is needed by the India Office in these cases is one copy of the case with a covering letter on a single page. I am to request that in future care may be taken to avoid putting spare sheets into any collection of papers sent to the India Office and to keep down, in every possible way, the bulk of such collections.

ORDER—No. 1018, Financial, dated 21st September 1899.

NOTE FOR THE C. S.

C. no 3020

Sir, I have the honour to direct that, with reference to the Government of India, Finance and Commerce Department, letter No. 3760-P., dated the 19th August 1899, the Right Honble the Secretary of State notice that Indian officers, whether Civil (including Uncovenanted) or Uncovenanted, proceeding to England on leave on medical certificate, should report upon their arrival to the India Office for the information of the Medical Board, and that the report should be forwarded either before or at the same time as the officer's dispatches from India.

This rule is now embodied in the Civil Service Regns. 2nd

article 901.

2. In a late despatch, it was ruled that the report should be forwarded even in cases in which furlough is granted, on medical certificate, under art 371(a), Civil Service Regns.

3. The practice in the Chief Secretariat is for the Surgeon General to send the medical report in a sealed cover with a covering letter to Govt. The letter is recorded and the sealed cover transmitted to the Indian Office. It is my decision that the same practice prevails in the Secretariat.

4. Search may be made for any papers showing that the practice of sending in duplicate and triplicate exists here the medical reports and also for the documents. But no papers have been found. Most probably it is the practice in other ports.

5 The draft order, on the docket, may it is submitted issue.
