SEPTEMBER.

Stationery Department.

Reviewing the Administration Report of the — for the year 1898-99.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper :—

From H. BRADLEY, Esq., Acting Superintendent of Stationery, Madras, to the Chief Secretary to Government, Financial Department, dated 2nd August 1899, Ref. No. 4322.

I have the honour to submit the annual report on the working of the Stationery Department for 1898–99, with appendices A to H.

2. An abstract of the receipts and issues of the year under report, as compared with those of the previous year, is subjoined :—

	1897-98. Rs.	1898-99. Rs.
Value of stock at the beginning of the year	2,75,211	3,52,992
„ stores received	7,96,402	6,69,764
Total ..	10,71,613	10,22,756
Value of stores issued	7,18,621	6,24,926
Value of stock at the end of the year	3,52,992	3,97,830

The increase in the value of stock is more apparent than real and is due principally to non-compliance with indents from the Public Works and Educational Departments until after the close of the official year, the former having been received late in the year from the Chief Engineer, Public Works Department, and the latter being new having entailed considerable trouble and delay before they could be passed. It is also due to the addition of special water-marked paper to the value of Rs. 20,820 which has remained as dead-stock owing to the operation of G.O., No. 384, Revenue, dated 11th July 1898. The details of balance of stock are exhibited in form D appended to the report. There was a large increase under type-writers, viz., from Rs. 243 to Rs. 6,806. Twenty-four machines—twelve Yosts and twelve Remingtons—were obtained from the Director-General of Stores, India Office, on a supplemental indent. Of these 17 remained on hand at the end of the year. In addition to this, the orders of Government sanctioning the sale by public auction of the unserviceable articles in stock were received after the close of the official year. It is hoped that reductions will be effected during the current year.

3. The details of the receipts are as follows :—

	1897-98. Rs.	1898-99. Rs.
1. Europe articles received from the India Office Store Department	2,92,224	1,92,440
2. School-books and materials obtained from Messrs. Baker & Co., London	742	5,979
3. Europe articles purchased locally	8,725	10,173
4. „ „ received from other Presidencies..	2,412	1,067
5. Country articles purchased locally	4,15,639	4,15,459
6. „ „ received from other departments.	40,466	18,136
7. „ „ received from other Presidencies.	1,453	..
8. Articles returned by officers	4,864	2,432
9. Receipts by adjustment	29,877	24,078
Total ..	7,96,402	6,69,764

4. *Item 1.*—The value of stores received through the Director-General of Stores during 1898–99 amounted to Rs. 1,92,440 against Rs. 2,92,224 in 1897–98. The abnormal increase in the value of receipts in the previous year was explained in the administration report of this office for 1897–98 and in my predecessor's letter, Dis. No. 825, dated 6th December 1898, disposed of by G.O., No. 27, Financial, dated 4th January 1899.

5. *Item 2.*—The value of books purchased from Messrs. Baker & Co., London, was Rs. 5,979 against Rs. 742 in the previous year. The increase is due to a change in the curriculum of studies in the British Army Schools, which necessitated the purchase of an unusually large stock of books to comply with the indents from the Deputy Assistant Adjutant-General for British Army Schools, Madras and Bombay Commands, Poona.

6. *Item 3—Local Purchases of Europe Articles.*—The articles of European manufacture detailed below were obtained locally in order to comply with urgent requisitions from various officers :—

	Rs.
1. Type-writers	2,997
2. Accessories for type-writers	912
3. Edison's mimeograph and its accessories	161
4. Transfer paper for *fac-simile* printing process, &c.	130
5. Paper for cyclostyle	852
6. Binder's cloth	595
7. Rubber-tubing	262
8. Gum bottles with brushes	198
9. Coloured paper	117
10. Needles	167
11. Thread	112
12. Chalk	63
13. Printing paper, double foolscap, 28 lb.	66
14. Glass plates, 16″ × 16″	180
15. Brass paper-fasteners	135
16. Blue-black ink	145
17. Europe paste-boards	102
18. Chubb's locks	115
19. Bell's Natural History pictures	1,260
20. Other minor articles	224
	8,793
21. Value of school-books purchased for Military Department, but paid by the Controller of Military Accounts, Madras Command	1,380
Total ..	10,173

Four Yost, one Yost brief, and two Remington type-writers were procured locally under the orders of Government in each case. The increase in the number of type-writers in use subsequent to the despatch of the annual indent for Europe stores in March 1898 necessitated the local purchase of such accessories as carbon paper, manifolding paper, ink-pads, &c., for which there were large demands during the year. An Edison's mimeograph was purchased for trial with reference to official memorandum, No. 1043, Financial, dated 3rd May 1898.

Straker's transfer paper for *fac-simile* printing process, brass paper-fasteners, Chubb's locks and blue-black ink were procured to meet the demands of the Secretariat, the Board of Revenue and the High Court. In the year under review there were unusually large and unexpected demands for cyclostyle paper chiefly in connection with plague operations.

Binder's [illegible] rubber-tubing and gum bottles were purchased locally with reference to special [illegible]s of Government in each case. Enamelled coloured paper, needles, sewing thread a[illegible]halk were purchased in the bazaar to meet the demands of the Educational Dep[illegible]ent, which could not be foreseen when the annual indent for Europe stores was [illegible]omitted. Printing [illegible]per of a special quality and glass plates were

obtained for the Revenue Survey Department in compliance with an urgent demand for them for use in connection with the Cyanotype process. Europe paste-boards of a special quality and size were procured locally for supply to the Meteorological Reporter to Government for printing meteorological tables as they could not be supplied by the Calcutta Meteorological office as originally arranged by the Reporter.

Bell's Natural History Pictures.—Owing to a change in the curriculum of studies in British Army schools during the year many of the books and other articles indented for were not available in stock. A complete list was circulated to several booksellers, and Messrs. King, King & Co., Bombay, offered "Bell's (Philip's) Natural History pictures on cloth rollers varnished" in place of "G. W. Bacon & Co.'s Natural History pictures". As it was understood that the two series were very similar, as "Philip's outline of studies of animals and birds 1 to 12" is included in Army Form No. 180 and the pictures were urgently required, a supply of Bell's pictures was obtained, but the Deputy Assistant Adjutant-General for British Army Schools stated that he was unable to accept them because the pictures prescribed in the Army Form No. 180 were those issued by G. W. Bacon & Co. In reply to a reference, the Director of Public Instruction stated that the pictures would be useful in the Civil Educational Department and requested that they might be issued on payment. This was done and pictures to the value of Rupees 947–14–0 out of a total of Rs. 1,260 have been supplied and paid for. The remainder will be issued as demands are received, and the value will be credited to XXIII. Stationery and Printing in due course.

Of the other minor articles amounting in value to Rs. 224 those detailed below, which exceeded Rs. 10 in value, were purchased locally to meet unforeseen urgent demands from various officers:—

Names of articles.	Names of officers.	Value.
		Rs.
1. Straw-boards ½lb	Superintendent, Government Press	13
2. Indelible ink pencils	Collectors of Ganjám, Chingleput, &c.	23
3. Tissue paper	Board of Revenue (Land Revenue)	30
4. Ink, printing, red	Superintendent of Stamps	21
5. Tuning forks	British Army Schools	24
6. Paper, writing, cream-laid, medium.	Principal, College of Engineering	22
7. Envelope-fasteners	Chief Secretary to Government, Public Department (*vide* G.O., No. 177, Financial, dated 23rd February 1898).	30
	Total ..	163

Before the receipt of supplies from the Director-General of Stores on the annual indent, the Superintendent, Government Press, the Collector of Ganjám and other officers were in urgent need of straw-boards and indelible ink pencils; they were therefore obtained in the local market. Two reams of tissue paper of a special quality were purchased for the Board of Revenue (Land Revenue) for repairing torn records. The red printing ink was required by the Superintendent of Stamps for use with stamping dies. Cream-laid medium printing paper was purchased on account of the Principal, College of Engineering, for section note-books, sketch books, &c., sanctioned in G.O., No. 1195, Financial, dated 9th December 1898. The other items which form the balance of Rs. 61 are below Rs. 10 each and call for no special remarks.

In obedience to paragraph 9 of G.O., No. 892, Financial, dated 18th October 1898, the facsimile process of duplication with Straker's transfer paper was again tried. The process is tedious though successful and does not compare favourably with the cyclostyle or trypograph as not more than twenty clear copies can be taken by it. I agree with the Board of Revenue, the Accountant-General and the Inspector-General of Police in regard to its usefulness in large offices.

Every endeavour was made to discover a successful method of manifolding with type-writers that is suitable for use in the plains. Eventually an improved apparatus was heard of in England, and a complete set was sent out by the India Office Store Department. It arrived after the close of the official year and was thoroughly tested

in the Stationery Office with satisfactory results. The apparatus is now being tried in the Secretariat. It has the great advantage that wax is not used in the preparation of the stencil paper, which has been found to retain its properties at a temperature of 190° Ft.

7. *Item 4.—Europe articles from other Presidencies.*—This item comprises the following:—

From the Superintendent of Stationery, Calcutta.

	Rs.
Books, signalling, message	84
Pencils for the above	3
Parchment, Imperial	53
Straw-boards, 3 lb.	35
Do. 2½ „	48
Do. ½ „	15
Paper, writing, double foolscap, 28 lb., cream wove	313
Gum bottles with brushes	78
Book-binder's cloth	50
Cards or Bristol boards	8
Total ..	687

From the Superintendent of Stationery, Bombay.

Scissors, small	43

From the Mathematical Instruments Office, Calcutta.

Rule, parallel, rolling, electrum 15"	242
Tape, measuring 100 ft.	94
Ink bottle, surveying	1
Total ..	337

The stock of the articles specified above having been exhausted, supplies were obtained from the Superintendents of Stationery, Calcutta and Bombay, and from the Mathematical Instruments Office, Calcutta, to meet urgent requisitions.

8. *Items 5 and 6.*—The value of country articles purchased from private contractors and from Government factories amounted to Rs. 4,33,595 against Rupees 4,56,105 in the previous year. The details are given below.

Item 5.—Purchase of country-made paper.—Writing, printing, cartridge, and badami papers were obtained, as usual, from the Bally, Titaghur, Bengal and Imperial Mills to the value shown below against Rs. 3,66,603 in the previous year:—

	Writing papers.				White printing paper.	Coloured paper.	Printing badami.	Cartridge.	Special water-marked paper for plaints and petitions.	Total.
	Yellow wove.	Azure laid.	Cream wove.	Octavo post.						
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1. Bally Paper Mills—Agents, Messrs. Dymes & Co.	..	..	..	..	80,222	..	..	593	..	80,815
2. Titaghur Paper Mills—Agents, Messrs. Gordon Woodroffe & Co. ..	..	..	..	..	48,511	..	9,302	..	29,872	87,685
3. Bengal Paper Mills—Agents, Messrs. Arbuthnot & Co.	..	248	2,937	..	89,311	5,648	..	..	..	98,144
4. Imperial Paper Mills—Agents, Messrs. Binny & Co.	2,868	3,711	..	60	64,849	305	..	20,638	..	92,431
Total ..	2,868	3,959	2,937	60	2,82,893	5,953	9,302	21,231	29,872	3,59,075

One hundred reams of blotting paper ordered in 1898–99 were supplied after the close of the official year by the Bengal Mill. Owing to the Government having made the use of special water-marked paper for plaints and petitions optional, no further supply of the paper was obtained. The best way of utilising the 11,000 reams of it which are now on hand is at present under consideration. The paper delivered by the Bengal and Imperial Mills was on all occasions up to the accepted sample, but that supplied by Titaghur and Bally was not always equal to the standards of quality and colour and on more than one occasion considerable rejections had to be made. Every endeavour is made to ensure supplies of paper being of the requisite quality; consignments are accepted only after ten per cent. of the bales have been examined and approved by the Superintendent, Government Press.

On a representation from the Superintendent, Government Press, in regard to the additional work thrown on him and his establishment in connection with the examination of paper delivered by the several Indian mills, the Government of Bengal was addressed in view to the work being undertaken by the Store Examiner attached to the Calcutta Stationery Office, but that Government intimated that the proposed arrangement was not feasible.

The arrangements that should be made in the Government Press in view to the continuance of the present system under which samples and portions of supplies of paper are tested there, are now under the consideration of Government.

Item 5—Country paper and paste-boards.—The value of country papers for covers and paste-boards obtained from a local contractor amounted to Rs. 7,880 against Rupees 14,552 in the previous year. The decrease is due to the strict examination of the supplies and consequent rejections of paper which was not up to the tendered sample. A considerable portion of the rejections was replaced by better paper after the close of the official year. There has lately been a distinct improvement in the quality of this country paper; the contractors are now required to deliver it flat instead of folded as the paper is weakened at the crease.

Item 5—Country locks.—In G.O., No. 233, Financial, dated 16th March 1897, the Government approved the Superintendent's proposal that locks should be obtained from Messrs. Periathamby Asary & Son on their furnishing a security of Rs. 500, and also sanctioned the supply being supplemented by orders to Seshadri Sastri and Ghose Das & Co. when found necessary.

In January 1898 the Superintendent considered it expedient to enter into a contract with Periathamby Asary and fixed the rates for 3″ and 2½″ locks at Rs. 11–8–0 and Rs. 7–8–0, respectively. As already reported to Government in this office letter No. 3458, dated 25th November 1898, great difficulty was experienced in getting the contractor to comply with demands and orders were accordingly placed with other mechanics of Dindigul whose samples were certified by the Superintendent, Public Works Workshop, to be equal to the contractor's locks.

The competition that then sprang up at once brought down the price of the locks and on the completion of Periathamby's contract he was told that he must reduce the price of the locks which had already been ordered under the contract but not supplied by the date the contract expired. His application to have his contract renewed was refused and applications for contracts from other mechanics, who have been satisfactorily complying with orders, were similarly disposed of. I recently required a hundred each of 3″ and 2½″ locks and sent a circular to the firms named in the margin asking for quotations. The lowest were submitted by Periathamby Asari & Son; Rs. 7–14–0 for 3″ locks and Rs. 4–14–0 for 2½″ locks, while the other rates tendered were all much less than the contract rate.

Messrs. Periathamby Asary & Son.
" Vellayan Asary & Brothers.
" Mammundy Asary & Brothers.
" Sankaralingam Asary & Brothers.
C. Seshadri Sastri.

During the year country locks of the value of Rs. 19,951–5–0 were purchased from Messrs. Periathamby Asary & Son, Vellayan Asary & Brothers, Mamundy Asary & Brothers, Sankaralingam Asary & Brothers and from C. Seshadri Sastri of Dindigul. The majority of the locks obtained were 2½″ for remittance boxes for supply to Collectors—*vide* Board's Proceedings (Land Revenue), No. 455, dated 4th December 1896, and G.O., No. 606, Revenue, dated 11th November 1896. As usual, a lock out of each consignment was taken to pieces and carefully examined at the Public Works Workshops before acceptance. The examination fee Re. 1 was collected from the suppliers. Consignments of 2½″ and 3″ locks of Messrs. Ghose Das & Co. of Calcutta were rejected as they were reported by the General Superintendent, Public Works Workshops, to be inferior in make to the standard sample. Similarly, Messrs. Periathamby Asari's locks were rejected once and Messrs. Vellayan Asary's twice. Every precaution was taken to secure good and reliable supplies and the sample lock for examination was picked out of the consignment by the Assistant Superintendent and sent under seal to the Public Works Workshops, with an intimation of the number of the lock selected so as to obviate any chance of its being changed.

The total number of each of the three descriptions of locks obtained during the year are as follows. Particulars of the contract rates paid to Periathamby Asari and those for which the locks are available now are also given:—

Description of locks.	Number obtained.	Contract rate.	Present rate.
		Rs. A. P.	Rs. A. P.
Brass padlocks, 2½″	2,391	7 8 0	4 14 0
Do. 3″	157	11 8 0	7 14 0
Cupboard locks, 4″	41	7 0 0	5 12 0

The cost of the locks supplied by the various Dindigul firms and the saving effected by their local purchase are shown in statement F, appended to the report as directed in paragraph 12 of G.O., No. 892, Financial, dated 18th October 1898. The saving would have been considerably greater but for the contract which was given to Periathamby in January 1898. The objects in view were to obtain a hold over the contractor and to ensure the early supply of the locks for remittance boxes. Presumably at the time there was no indication of the demand creating other sources of supply.

Twelve postal scales were purchased from Dindigul at a cost of Rs. 111 for general supply to offices as directed in G.O., No. 177, Financial, dated 23rd February 1898. It was subsequently ascertained that better and cheaper scales could be obtained from the Postal Workshop at Aligarh and two orders have since been placed there.

Eighteen 3″ locks with one master key to open them all were specially procured at a cost of Rs. 217 for the use of the Collector of Sea Customs. This is included in the total cost of locks quoted above.

Item 5—Other Country articles.—The articles enumerated below to the value of Rs. 18,136, were obtained from the Jail department and Government factories:—

Her Majesty's Penitentiary.

	Rs.
Sealing-wax	3,711
Wax-cloth	3,198
Wooden articles (paper weights, ink-stands, rulers and drawing boards)	2,692
Tape	312
Tin funnels	10
Tin slabs for thumb impressions	84
Rubber rollers for thumb impressions	1,627
Total ..	11,934

District Jail, Palamcottah.

Tape	4,125
Cotton thread (white and coloured)	1,750
Total ..	5,875

School of Arts.

	Rs.
Ink bottles	149
„ wells	50
Total	199

General Superintendent, Public Works Stores.

Stencil copper plates	79
Spare punch screws	49
Total	128
Grand Total	18,136

Stencil copper plates were procured specially for supply to the Chief Engineer for Irrigation, Tank Restoration Scheme. Spare punch screws were obtained for issue to all officers in general.

Item 5.—The minor country articles enumerated below to the extent of Rupees 48,504 were purchased from private contractors as detailed therein:—

	Rs.
Twine	2,159
Record tags	279
Salampore cloth	1,342
Black ink powder	3,123
„ printing ink	4,062
Blue-black ink	3,169
Glue and gum	5,781
Blank books	7,752
Locks	19,951
Postal scales with weights	111
Rubber rollers for thumb impressions	193
Tin slabs for thumb impressions	16
Miscellaneous	266
Total	48,504

Item 6.—The value of country articles obtained from other departments was Rs. 18,136 against Rs. 40,466 in the previous year. The latter includes Rs. 24,928, the value of dungry and poruva cloths, the major portion of which was disposed of to Messrs. Binny & Co.'s Agent at Bellary—*vide* Board's Proceedings (Revenue Settlement, Land Records and Agriculture), Mis. No. 7128, dated 12th December 1898.

The other items call for no remarks.

9. *Tags.*—Only ordinary tags costing Rs. 3 per 1,000 have hitherto been purchased and supplied by the Stationery Department. But during the year under report the following superior tags were obtained and issued to departments of the Secretariat in accordance with official memoranda No. 2268, Financial, dated 27th October 1898 and No. 2574, Financial, dated 21st November 1898:—

	Per 1,000. Rs.	A.	P.
Round Imperial tag	10	0	0
Pointed do.	9	0	0
Flat do.	6	8	0

The question of the extended use of tags for office files as well as for correspondence with Government is now under consideration—*vide* G.O., No. 650, Financial, dated 1st June 1899.

10. *Gum.*—In G.O., No. 177, Financial, dated 23rd February 1898, the Government directed that the supply of gum to officers in the mufassal should be made by the Stationery Department in lieu of the irregular system of obtaining it by local purchase. On the receipt of the Government order all District Forest Officers were asked whether gum, such as is used for the preparation of liquid office gum, was collected in their districts. After considerable correspondence it appeared that the District Forest Officer, North Coimbatore, was the only officer who could supply an appreciable quantity at a reasonable price. Subsequently, the Board of Revenue was addressed in view to an arrangement being devised, if possible, under which Forest Officers of districts in which gum is available would distribute the requisite quantities to offices in their own and adjoining districts. It was thought that this would provide a market for forest produce and at the same time effect an economy in the expenditure of this department. No satisfactory progress could, however, be made in the matter and the papers were eventually recorded by the Board in its resolution, Forest No. 153 (Land Revenue), dated 29th March 1899. A contract was accordingly entered into with a local man for the supply required during 1899–1900 in addition to what North Coimbatore is able to supply. Notwithstanding a marked improvement in the quality of the supply, the price was brought down from As. 3–9 a lb in 1898–99 to As. 2–5.

11. *Wax-cloth.*—Only the ordinary stout brown jail-made wax-cloth was obtained during the year, as a sufficient stock of the white wax-cloth obtained from the Imperial Trading and Manufacturing Company, Calcutta, was on hand. In their last annual indents several officers asked to be supplied with white wax-cloth in preference to the brown jail-made article. As the former costs As. 2–6 a yard less than the latter an appreciable saving would be effected by its adoption. An opportunity was given to the Jail department to see if it could manufacture white wax-cloth equally good and as cheap as the Calcutta article. Four samples were received from the Penitentiary for inspection and trial. The prices quoted were as follows:—

	Per yard. Rs.	A.	P.
First sort	0	6	0
Second sort	0	5	9
Third sort	0	5	6
Fourth sort	0	4	6

The cheapest is an anna a yard more than the Calcutta cloth and did not compare altogether favourably with it. The white wax-cloth obtained from Calcutta has hitherto been supplied to the Telegraph and Survey departments only. I ascertained that both considered it to be well suited for packing purposes. Samples of it were thereupon forwarded to the undermentioned heads of departments for an expression of opinion:—

(1) Chief Secretary to Government, Financial Department.
(2) Secretary to Government, Revenue Department.
(3) Do. Educational and Legislative Departments.
(4) Do. Local and Municipal Department.
(5) Do. Public Works Department.
(6) Board of Revenue (Land Revenue).
(7) Do. (Separate Revenue).
(8) Do. (Land Records and Agriculture).
(9) Inspector-General of Police.
(10) Do. of Registration.
(11) Accountant-General.

All the officers consulted, with the exception of the Secretary to Government, Revenue Department (from whom a reply has not yet been received), and the Board of Revenue (Separate Revenue) stated that the Calcutta cloth is well suited for packing purposes. The Chief Secretary to Government, the Inspector-General of Registration, the Secretary to the Board of Revenue (Revenue Settlement, Land Records and Agriculture) and the Inspector-General of Police are of opinion that it is far superior

to the wax-cloth supplied by the Jail department. The Board of Revenue (Separate Revenue) stated that the Calcutta cloth appears to be made with cloth of a flimsy texture too heavily coated with wax which comes off very easily and that the cloth parts at the seams when stitched. The Under Secretary to Government, Public Works Department, reported that the white wax-cloth is suitable for packing light parcels only and that the stouter cloth now in use should still be employed for packing heavy parcels. I am disposed to agree with this officer from my personal experience of the two cloths. Under the circumstances I would propose, in supersession of previous recommendations from this office and orders of Government thereon, that 75 per cent. of the wax-cloth required by this department during the next issue season may be white at a cost not exceeding As. 3–6 a yard and the remaining 25 per cent. the Jail department cloth as supplied at present. The approximate saving will be Rupees 1,172. If that department, as the result of further experiments, succeeds in turning out an equally good cloth at the price named, I shall consider the advisability of placing at any rate part of the order with it. For the present, I have taken over all the brown cloth for which it had materials on hand.

12. *Sealing-wax.*—This article was obtained from the Jail department during the year at the rate of As. 10 per ℔. The result of inquiries made is that equally good, if not better, wax can be obtained elsewhere at As. 7–6 a ℔—*vide* memorandum from Government, No. 889, Financial, dated 28th March 1899. The Jail department is endeavouring to compete with this supply and a sample of its wax at that rate has recently been received for trial. Complaints having been received in regard to the English sealing-wax for which Rs. 1–12–6 per ℔ is paid, a representation on the subject was made to the Director-General of Stores. I have recently received a sample of locally-manufactured wax with a wick in the centre of each stick which burns and drops well, and in this respect compares favourably with the English wax. The price is As. 11–4 a ℔. I have given a small trial order.

13. Country paper and paste-boards and other sundry articles, such as gum, glue, twine, &c., were obtained from local contractors upon tender. Samples of paper, printing ink and glue were examined by the Superintendent, Government Press, and of writing inks by the Chemical Examiner.

14. Complaints were received during the year in regard to the following articles supplied by the Stationery Department—

(1) Country twisted thread, plain and coloured.
(2) Black ink powder.
(3) Country demy and foolscap papers.
(4) Tracing cloth.
(5) Blotting paper.
(6) Accommodation for nibs in penholders.
(7) Sealing-wax.

In regard to the country articles the steps taken have already resulted in an improvement. The manufacture of country demy and foolscap papers is entirely in the hands of a single set of contractors who work together and who all contribute to the supplies no matter which one of them happens to obtain the contract. The complaints were undoubtedly well founded—a frequent result arising from a practical monopoly. The stringent measures taken have, however, convinced the contractors that the stores are in a position to do without the paper altogether by suitable replacements. The result has been an improvement in supply which I trust will be maintained.

15. *Coloured Pencils.*—The inferior quality of Hardtmuth's blue and Faber's red pencils was brought to notice by the Chief Secretary to Government and by the Board of Revenue, Land Revenue Department. After some correspondence, it was decided that only Messrs. Rowney & Co.'s red and blue pencils should be obtained in future—*vide* official memoranda No. 2813, Financial, dated 13th December 1898, and No. 897, Financial, dated 29th March 1899. The Director-General of Stores was requested to arrange accordingly and has agreed to do so.

16. *Substitution of Country for Europe Articles.*—Statement F gives the details of articles of Indian manufacture obtained and substituted for those of European make during the year under review. The total value of the articles amounted to Rupees 3,60,924 against Rs. 3,60,354 in the previous year. The result was a net loss of Rs. 6,234 against a net gain of Rs. 1,58,189 in the previous year. The difference is chiefly under the head of printing paper which exhibits a loss of Rs. 32,570 or about 11 per cent. on the total cost. The quantity and the value of printing paper purchased in 1898–99 are nearly the same as those of the previous year; the large difference in value is due partly to the variation in the rates at which the cost of the corresponding Europe paper was estimated and partly to the rise in the official rate of exchange from 1*s.* 2½*d.* to 1*s.* 3¼*d.* at which the sterling value of European stores has been converted into Indian currency for the purpose of comparison. The rates adopted for 1898–99 are those furnished by the Director-General of Stores, India Office, in his S. No. 4220, dated 3rd June 1898, received here on the 27th June 1898 or just too late for adoption in the calculations for 1897–98. They are lower than the rates furnished by him previously and adopted for 1897–98. If the Director-General's rates had been received a month earlier, the accounts would have shown a large loss for 1897–98 instead of a gain of a lakh and a half. Too much importance should not be attached to these figures as it is improbable that the requirements in the matter of paper could have been met for the rates quoted. The question of obtaining paper more largely from England is at present under the consideration of Government. It is quite possible that the rates for different kinds of paper may have altered again as no later ones have been received.

Cyclostyle Ink.—A report on the proposed substitution of cyclostyle ink made in accordance with M.R Ry. P. Venkata Row's recipe for that obtained from England was submitted to Government in this office Ref. No. 3624, dated 3rd proximo, and orders are awaited. This is another matter in which it has been found possible to effect an economy.

17. *Issues.*—In the year under review, 570 annual and 878 supplemental, or 1,448 indents in all, were complied with against 1,014 in the previous year. The increase is due mainly to the following reasons :—

(1) The indents of the Educational Department were received and complied with for the first time.

(2) Some of the annual indents for 1897–98 were complied with during the year under report.

(3) The use of type-writers was extended to several offices, which resulted in a number of requisitions for type-writers and their accessories.

(4) There were unusual requisitions from officers connected with plague-preventive measures.

(5) There were a number of applications for finger-tip apparatus from the Civil and Educational departments.

(6) There were numerous requisitions for locks for remittance boxes, for dungry cloth and for gum bottles.

Supplemental Indents.—In the year under report 878 supplemental indents were received against 517 in the previous year, notwithstanding the publication of a circular on the subject in the *Fort St. George Gazette* of October 1898. The total value of these indents amounted to Rs. 60,458 against Rs. 46,347 in 1897–98 as shown in the margin. Form G appended to the report gives particulars of these indents. They were invariably challenged unless their necessity was demonstrated in the first instance. Only the careful exercise of check and scrutiny on the part of indenting officers can minimise the number of supplemental indents.

	Rs.
Stationery, etc.	26,015
Cyclostyle, type-writers and their appurtenances, etc.	7,277
Drawing and mathematical instruments	3,883
Locks	21,619
Finger-print apparatus	1,664

18. The total value of issues amounted to Rs. 6,24,926 against Rs. 7,18,621 as shown in the following table which is an abstract of Appendix E:—

Departments.	Issues in 1897-98.	Issues in 1898-99.	Increase.	Decrease	Issues for 1897-98.	Issues for 1898-99.	Increase.	Decrease

Net ..	..	..	..	93,695	..	..	44,221	..

(1) The decrease under "Imperial" was chiefly due to the fall in the demands from the Mysore Residency and the Meteorological department as detailed below:—

	1897-98.	1898-99.	Decrease.
	RS.	RS.	RS.
Mysore Residency	1,696	953	743
Meteorological department	1,450	116	1,334
Total ..	3,146	1,069	2,077

(2) Under "Provincial" the decrease was due partly to the careful scrutiny of indents by this department and partly to the fall in the value of the demands from the Survey department from Rs. 58,280 to Rs. 11,485. It was, however, chiefly due to the non-compliance with indents relating to the "Educational" and "Civil Works" departments before the close of the official year. This was unavoidable.

(3) Notwithstanding the fall in the value of issues generally, the following facts are noticeable:—

The large increase in the case of the Collector of Bellary from Rs. 6,191 to Rs. 31,791 was due to the fact that 14,214 pieces of poruva cloth were issued to him under instructions from the Board of Revenue for delivery to Messrs. Binny & Co.'s Agent at Bellary.

The abnormal increase under printed forms to Collectors, etc., from Rs. 565 to Rs. 46,705 is due to the fact that papers required for printing forms for supply to Collectors, etc., were issued on a consolidated indent from the Superintendent, Government Press, instead of on separate individual indents from each Collector as in the previous year.

19. *Sales.*—The issues under this head show an excess of Rs. 2,276 over those of the previous year. This is due chiefly to the Special Fund establishments of the Collectorates having had larger supplies of stationery articles in the year:—

—	1897-98.	1898-99.	Increase.	Decrease.
	RS.	RS.	RS.	RS.
State Railways	5,780	1,106	..	4,674

Net ..	..	..	2,276	..

20. *Other Issues.*—This item represents adjustments, etc., which are nominal only and not properly debitable either to Imperial or Provincial. The total value amounted to Rs. 26,675 against Rs. 20,931 in 1897-98. The details are noted below:—

—	1897-98.	1898-99.	Increase.	Decrease.
	RS.	RS.	RS.	RS.

I. Collectorates.
II. District Courts.
III. Sub-Courts.
IV. Forest Department.
V. Public Works Department— Superintending Engineers.
VI. Public Works Department—Executive Engineers.
VII. Military Departments.
VIII. Other Departments.
IX. Miscellaneous.

21. *Consumption.*—In the annexed statements Nos. I to IX, the details are given of consumption of some of the more important articles of stationery such as writing, printing and cover papers, black and red-ink powders, sealing-wax, tape and twine, in the marginally noted departments in 1898–99 as compared with those in 1897–98. The totals are given in the subjoined comparative table.

Articles.	Consumption.		Increase.	Decrease.
	1896-97.	1897-98.		
Writing paper .. .. Reams.	7,993	7,509	..	484
Printing ,, ... ,,	44,187	44,536	349	..
Country and cartridge paper .. .. .. ,,	5,114	5,307	193	..
Black ink powder .. .. Papers.	53,228	59,358	6,130	..
Red ink ,, ... oz.	3,201	3,714	513	..
Red sealing-wax .. .. lb.	4,759	5,226	467	..
Wax-cloth .. .. Yds.	6,132	5,265	..	867
Tape .. .. Rolls.	11,863	12,372	509	..
Twine .. .. lb.	4423	4,887	464	..

There has been a general increase under all articles except writing paper and wax-cloth.

22. The consumption of the several articles in the *Collectorates* was as noted below :—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	2,056	2,117	61	..
Printing ,,	,,	26,810	27,385	575	..
Country and cartridge paper	,,	2,562	2,936	374	..
Black ink powder	Papers.	29,632	35,115	5,483	..
Red ink ,,	oz.	1,756	2,204	448	..
Red sealing-wax	lb.	3,971	4,483	512	..
Wax-cloth	Yds.	1,846	1,737	..	109
Tape	Rolls.	3,696	4,251	555	..
Twine	lbs.	2,459	2,982	523	..

It will be observed that the consumption in 1897–98 exceeded that in 1896–97 in almost all cases. The increase under black ink powder is noticeable chiefly in the Collectorates of North Arcot, South Arcot, Kistna, Madura, Malabar and South Canara. The Collectors of North Arcot, Kurnool, Kistna, Malabar, Tinnevelly and Trichinopoly used much larger quantities of printing paper than in the previous year. The consumption under the other articles has increased chiefly in the undermentioned districts :—

Cover paper.	*Tape.*	*Fuchsine.*	*Twine.*	*Red sealing-wax.*
Anantapur.	Trichinopoly.	Gódávari.	Anantapur.	Anantapur.
South Canara.	Vizagapatam.	Kistna.	Cuddapah.	Cuddapah.
Ganjám.	Tinnevelly.	Madura.	Kistna.	Kurnool.
Madura.	Kistna.	Nellore.		Madura.
Tanjore.	Ganjám.	Vizagapatam.		
Vizagapatam.	Anantapur.			

23. *District Courts.*—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	1,348	1,210	..	138
Printing ,,	,,	1,269	1,181	..	88
Country and cartridge paper	,,	481	488	7	..
Black ink powder	Papers.	10,798	10,923	125	..
Red ink ,,	oz.	405	451	46	..
Red sealing-wax	lb.	351	332	..	19
Wax-cloth	Yds.	513	565	52	..
Tape	Rolls.	2,058	1,963	..	95
Twine	lbs.	450	392	..	58

There was an increase in four articles, but it is very small when each office is taken separately.

24. *Sub-Courts.*—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	251	259	8	..
Printing ,,	,,	220	199	..	21
Country and cartridge paper	,,	77	83	5	..
Black ink powder	Papers.	1,640	1,588	..	52
Fuchsine	oz.	52	50	..	2
Red sealing-wax	lb.	51	50	..	1
Wax-cloth	Yds.	181	160	..	21
Tape	Rolls.	376	411	35	..
Twine	lb.	79	109	30	..

The variations in the Sub-Courts are very small. It may however be remarked that in the Sub-Courts of Tanjore, Palghat, Tinnevelly and Kumbakónam, the consumption of tape exceeded that in the previous year.

25. *Forest Department.*—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	224	182	..	42
Printing ,,	,,	736	704	..	32
Country and cartridge paper	,,	271	292	21	..
Black ink powder	Papers.	2,140	2,062	..	78
Fuchsine	oz.	223	229	6	..
Red sealing-wax	lb.	74	60	..	14
Wax-cloth	Yds.	337	368	31	..
Tape	Rolls.	689	693	4	..
Twine	lb.	178	158	..	20

Although the differences in the aggregate are small the consumption of "country and cartridge papers" and "wax-cloth" was rather high in the undermentioned district offices :—

Country and Cartridge papers.	*Wax-cloth.*
Salem.	Gódávari.
Madura.	Kurnool.
Vizagapatam.	Salem.
	North Malabar.

26. *Public Works Department—Superintending Engineers.*—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	178	163	..	15
Printing ,,	,,	57	71	14	..
Country and cartridge paper	,,	144	134	..	10
Black ink powder	Papers.	376	386	10	..
Fuchsine	oz.	52	64	12	..
Red sealing-wax	lb.	48	56	8	..
Wax-cloth	Yards	268	283	15	..
Tape	Rolls.	1,257	1,309	52	..
Twine	lb.	92	122	30	..

The consumption of red ink powder and twine in the office of the Superintending Engineer, IV Circle, was nearly double that of the previous year, while there was also a considerable increase in the expenditure of tape in the same office.

27. *Executive Engineers.*—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	792	902	110	..
Printing ,,	,,	436	597	161	..
Country and cartridge paper	,,	397	530	133	..
Black ink powder	Papers.	4,719	6,203	1,484	..
Fuchsine	oz.	512	540	28	..
Red sealing-wax	lb.	99	98	..	1
Wax-cloth	Yds.	621	575	..	46
Tape	Rolls.	1,048	1,141	93	..
Twine	lb.	217	326	109	..

The increase under black ink powder is specially noticeable in the following offices:—

Executive Engineer,	Vizagapatam.	Executive Engineer,	Kurnool.
Do.	Ganjám.	Do.	West Coast, Calicut.
Do.	Bellary.	Do.	North Arcot.
Do.	Cuddapah.		

28. *Military Department.*—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	511	494	..	17
Printing ,,	,,	235	237	2	..
Country and cartridge paper	,,	196	211	15	..
Black ink powder	Papars.	1,091	1,120	29	..
Fuchsine	oz.	75	84	9	..
Red sealing-wax	lb.	79	73	..	6
Wax-cloth	Yds.	265	287	22	..
Tape	Rolls.	802	764	..	38
Twine	lb.	272	232	..	40

The variations are small and call for no special remarks.

29. *Other Departments.*—

Articles.		Consumption.		Increase.	Decrease.
		1896–97.	1897–98.		
Writing paper	Reams.	2,633	2,182	..	451
Printing ,,	,,	14,424	14,162	..	262
Country and cartridge paper	,,	986	633	..	353
Black ink powder	Papers.	2,832	1,961	..	871
Fuchsine	oz.	126	92	..	34
Red sealing-wax	lb.	86	74	..	12
Wax-cloth	Yds.	2,101	1,290	..	811
Tape	Rolls.	1,937	1,840	..	97
Twine	lb.	676	566	..	110

There was a decrease in the expenditure of all articles in the eight miscellaneous departments. It may, however, be remarked that in the office of the Director of Public Instruction the consumption of printing paper in 1897–98, far exceeded that in the previous year.

30. *Quills and steel pens.*—A statement showing the consumption of quills and steel pens during the year as compared with the previous year is given below:—

—	1897–98		1898–99.	
	Quantity.	Value.	Quantity.	Value.
Quills, goose No.	67,126	Rs. 1,332	34,287	Rs. 683
Steel pens Gross.	14,793	17,970	12,717	15,248
Total ..	..	19,302	..	15,931

Owing to the careful checking of demands and the restriction of supplies to the scale laid down in Appendix E to the stationery rules, there was a decrease in the issue of quills and steel pens amounting to Rs. 649 and Rs. 2,722 respectively.

The net result was a saving of Rs. 3,371 against a net saving of Rs. 1,639 in the previous year. During the current and succeeding year goose quills will be issued on the scale which existed previous to 1896 in order to utilise the large surplus stock on hand.

G.O., No. 743, Financial, dated 29th June 1899.

31. *Printed Forms.*—During the year under report indents for printed forms were received from all Collectors, the Agents to the Governor in Ganjám and Vizagapatam, and the Government Agent, Gódávari. They were duly checked and passed on to the Superintendent, Government Press, for compliance. The total number of forms passed for supply was 5,668 and the saving effected by the scrutiny exercised by this office is estimated at Rs. 1,692 against Rs. 1,324 in 1897–98 as shown in the subjoined statement:—

Serial number.	District.	Uniform forms.			Different forms.					Total number of forms passed for supply.	Estimated savings.
		Magisterial.	Revenue.	Total.	Magisterial.	Revenue.	Account.	Miscellaneous.	Total.		
		No.	No.	No.	No.	No.	No.	No.	No.	No.	Rs.

In accordance with G.O., No. 368, Financial, dated 13th March 1899, the supply of birth, death and cattle mortality forms was undertaken by this office. Although it was understood from G.O., No. 754, Financial, dated 6th November 1896, that the

scrutiny of indents for printed forms received from District and Subordinate Judges would be undertaken by the High Court, this office was not relieved of the work until October last when the size and description of paper to be used for the forms were finally settled. Prior to the transfer, indents for printed forms were received from sixteen District Judges and four Subordinate Judges. These were checked and forwarded to the Superintendent, Government Press, for compliance. The total number of forms passed for supply was 953 and the saving effected was Rs. 85 as detailed below :—

18. Military	1,232	1,118
19. Port Funds	22	32
Total ..	7,130	14,127

Although the indents for rubber-stamps and ink were carefully scrutinized before being passed on to the contractors for compliance, yet there was an increase of Rupees 6,997 over the previous year's expenditure. Of the nineteen departments specified above there was an advance in ten. The increase against Land Revenue was very considerable. It was chiefly owing to the introduction of the disposal number system stamps in all the Collectorates, Divisional, Tahsildars' and Deputy Tahsildars' offices. The number of stamps supplied to the department was 3,337 against 228 in 1897–98. The increase under "Education" is mainly due to G.O., No. 463, Financial, dated 18th May 1898, which sanctioned certain stamps for use in Educational offices. As final orders have been passed by Government as to the particular rubber-stamps to be used in the various Civil departments, lists of them have been prepared for embodiment in the Stationery rules. The register of rubber-stamps referred to in paragraph 29 of the last report was prepared and is now being printed by the contractors. It will not only save much time and trouble but also some expense, as the present system of sending impressions of the stamps to the contractors who then have to furnish a proof of the new stamps before finally taking action on the indent, will be superseded and it will be necessary only to quote the catalogue number of the stamp to the contractors who will then prepare it without delay.

Lists showing the description of stamps to be used in the various Military departments have also been received from the controlling heads concerned and have been duly embodied in the Stationery rules. Other consolidated lists have been promised by the Controller of Military Accounts, the Superintending Engineer, Military Works, the Chief Engineer, Public Works Department, &c. When received they will also be incorporated in the Stationery rules.

At the instance of the Board of Revenue (Land Revenue) a rubber-dating stamp (costing 7*d.*) and a consecutive numberer (costing 11*d.*) numbering up to 100,000 were obtained from the India Office Store Department for trial. They were pronounced by the Board to be of no practical use for public offices in this Presidency. I append below a statement showing the number and quantity of rubber-stamps and ink, respectively, indented for by various offices during the year and those passed after careful scrutiny. As it was ascertained that indents for rubber-stamp ink were prepared without reference to any particular scale of issue and that unnecessarily large quantities were demanded by officers, a standard allowance of one ounce of ink per annum for fifty impressions per diem was decided on. This with care should be ample. There appears to have been considerable unnecessary expenditure on this item hitherto. Instructions for the use of rubber-stamps and ink were published for the information and guidance of all indenting officers.

Statement showing the number and quantity of rubber-stamps and ink, respectively, indented for and passed.

N.B.—This list comprises only cases in which saving was effected by reduction of demands.

The saving effected on six hundred bottles of ink was Rs. 187-8-0.

The savings effected under stamps cannot be estimated as the value is determined by the dimensions of the stamp supplied.

33. *Clothing.*—Nothing practical appears to have been done previous to 1898 to carry out the orders of Government on this subject with the exception of the supply of articles of warm clothing to the Secretariat peon establishments and uniforms for the forest guards of certain districts. As the description and cost of clothing supplied to the various offices in the Presidency differed widely, a circular was issued to all officers pointing out the impossibility of supplying exactly similar material in each case to that that had been used hitherto, and it was proposed that a standard material for all articles of the same description should be approved. Officers were requested to state whether any particular pattern obtained or whether there was any other peculiarity in regard to their clothing supply that could not be dispensed with. They were further requested to submit indents for warm clothing not later than 1st October each year, accompanied by complete measurements, to intimate the month in which it was usual for the supply to be made and to arrange for warm clothing locally for 1898–99 if that had not already been done. A form of indent embodying all the necessary requirements was introduced and a supply of printed forms was made to each indenting officer. After considerable trouble and correspondence in the matter of details of supply, it was decided that two standards of clothing should be adopted. A class A suit of blue serge adapted for wear in cold climates, such as the Nilgiris, hilly tracts, &c., and a class B suit of less costly material suitable to the plains and ordinary climates were fixed upon. Tenders were then invited for the supply of the two classes of suits, and contracts were eventually entered into for the class A serge suit (completely lined) at Rs. 7–8–0 and the class B suit (completely lined) at Rs. 5–8–0.

Similarly, tenders were invited for the supply of all the clothing required by the General Hospital and the Port establishments, respectively; and contracts were entered into on the most favourable terms that could be obtained. Some correspondence took place in regard to the standard of supply to the servants of the Separate Revenue Department. The Board desired that khaki serge might be issued instead of blue woollen cloth to the duffadars, petty officers and peons of the Salt, Abkári and Customs Department. Frequent references passed between the Board and the Stationery office and local suppliers.

As the number of suits required was only 59, no regular contract was entered into for them. Eventually Messrs. Wrenn, Bennett & Co., the contractors for class A warm clothing, undertook the supply of the khaki serge suits within the sanctioned amount. In the generality of cases indents received from officers had to be returned on account of omissions or for want of the countersignature of the head of the department, or for reduction of the demands to the sanction contained in G.O., No. 1036, Public, dated 4th August 1897. Correspondence was thus considerably increased. Endeavours were also made to fix standards of cumblies for supply to all departments. It was decided to adopt the pattern supplied to the Police department for Forest guards and for the servants of the Salt, Abkári and Customs Department and a large warm woollen cumbly manufactured at the Trichinopoly Jail for Rs. 2–14–0 was fixed as the standard for use in the Nilgiris and such other cold places. Forty-five indents for warm clothing for 1899–1900, as detailed below, were received and 173 serge suits, 47 serge coats, 246 dungry suits, 16 dungry coats, 314 drill coats, 166 pairs of drill trousers, one khaki cotton suit and 36 khaki serge suits were supplied at the contract rates. No material complaints have been received in regard to any portion of the supply. The clothing is made up in accordance with the measurements furnished by the indenting officer. The saving effected by this department having undertaken the supply to all offices during the current year will probably be considerable. In the matter of the supply of cumblies to Forest guards and to the servants of the Separate Revenue Department it was found impossible to obtain a suitable article at less than the sanctioned rate of Rs. 1–13–3 and there is therefore no saving under that head.

Several important questions concerning the passing and payment of clothing bills the packing of clothes, the mode of despatch and the payment of incidental charges connected therewith had to be considered partly in consultation with the Accountant-General. These were not all settled before the close of the year. During the year all District Forest-officers were requested to report whether the Forest guards' uniforms made of shikar cloth as supplied by the contractors Messrs. Ambajee Rau and

Rajagopaul Naidu of Vellore were satisfactory. In reply some officers complained that the colour of the cloth fades after being washed once or twice or owing to exposure to sun or rain. One officer suggested that serge should be supplied in lieu of Mission drill. The whole question was laid before the Board which did not approve of the use of serge in preference to shikar cloth but passed orders to the effect that uniforms made of khaki cloth as used in the Salt Department might be substituted for shikar cloth according to the discretion of District Forest-officers. On receipt of the Board's resolution enquiries were made locally and from the Vellore contractors as to the rate at which uniforms made of khaki cloth could be supplied and all particulars with samples were ready. It was then suggested that there might be danger in obtaining Forest guards' uniforms from Vellore on account of the prevalence of plague there. The result was that Messrs. Shaik Madar & Sons, this office contractors for some other clothing, offered to supply at Rs. 7-4-0 a suit against Rs. 7-8-0, the Vellore rate. The Vellore contractors then offered to make up the clothing in Madras and to supply it at Rs. 7-4-0 a suit. In all about 900 suits are required. Orders for other clothing for head-quarter offices, &c., were entrusted to the Women's Workshop, Egmore, which has been doing the work for a number of years. Of the materials required for clothing, grey cloth for great coats was obtained from the Army Clothing department at a cost of Rs. 159-8-8; cumblies were obtained from the District Jail, Trichinopoly, for the Secretariat departments and from the same jail and from Cannanore Jail for District Forest-officers. Flannel and socks to the value of Rs. 322-8-1, obtained from the India Store Department, were issued to the Secretariat departments, to the departments of the Board of Revenue and the Plague Commissioner, &c., as store issues. Mull to the value of Rs. 120-14-2 was issued to the Secretariat departments, to the The subject of treating clothing articles like ordinary articles of stationery supply and accounting for them in the regular register of receipts and issues as recommended by the Auditor in his report for 1896-97 was dealt with in the Superintendent's letter to Government, No. 1259, dated 28th June 1898. The recommendation was subsequently withdrawn by the Accountant-General.

The following statement shows the number of officers to whom clothing was supplied during the year, together with the sanctioned rate, the actual cost at which the supply was made and the saving effected thereby. The clothing department is now in full working order and larger transactions will be shown in the next report.

Receipts—Item No. 1.—This item includes Rs. 23,035, the value of stationery supplied by the Superintendent of Stationery, Calcutta, to State Railways in this Presidency. The amount realized by the sale of stationery and service books (items

Nos. 1 and 3) was Rs. 53,962 (Rs. 52,867 + Rs. 1,095) as shown above; while that under sales in paragraph 19 *supra* is Rs. 43,258 (Rs. 42,132 + Rs. 1,126). The difference is accounted for as follows:—

		Rs.
Value recovered on account of stationery sold to public offices ..		52,867
Deduct—		
Value of stationery supplied in 1897–98 and recovered in 1898–99	5,144	
Value of stationery supplied by the Superintendent of Stationery, Calcutta	23,035	
Value of stationery sold by Collectors	620	
		28,799
		24,068
Add—		
Amount recovered in 1899–1900 for supplies made in 1898–99 ..		1,190
Do. in 1897–98 for supplies made in 1898–99 ..		38
Amount outstanding		16,836
	(*a*)	42,132
Value recovered on account of service books sold		1,095
Deduct—		
Value adjusted on account of books issued in previous years ..		816
Add—		
Value of books outstanding with Collectors		279
		847
	(*b*)	1,126
	(*a*+*b*)	43,258

Disbursements—Item No. 1.—The amount disbursed on account of stationery purchased was Rs. 4,79,977 against Rs. 4,25,023. The former figure includes Rs. 30,000, sanctioned in G.O., No. 459, Financial, dated 28th March 1899, which was all spent with the exception of Rs. 22. The increase is mainly due to the large amount, *i.e.*, Rs. 42,485, paid during the year under report on account of purchases made in the previous year and also to the purchase of special water-marked paper and locks for Rs. 29,872 and Rs. 19,951, respectively. The amount under this item, *i.e.*, Rs. 4,79,977, differs from that shown in paragraph 3—Rs. 4,44,105.

	Rs.
Value of articles received from the mathematical instrument office included in Rs. 1,067 (item No. 4)	337
Europe articles purchased in the local market (item No. 3) ..	10,173
Country articles purchased locally (item No. 5)	4,15,459
Country articles received from other departments (item No. 6) ..	18,136
Total ..	4,44,105

		Rs.
Value of stationery purchased locally		4,79,977
Deduct—		
Value of articles brought to account in 1897–98 and paid in 1898–99	27,708	
Value of Poruva and dungry cloths brought to account in 1897–98 and paid in 1898–99 ..	13,839	
Value of articles recovered from Her Majesty's Penitentiary and adjusted by this office in 1897–98, but adjusted by the Accountant-General in 1898–99	928	
Value of stationery articles purchased by the Principal, Civil Engineering College, Madras, for conducting entrance examinations in mofussal circles and paid by this office	10	
Value of rubber-stamps purchased	14,127	
		56,612
		4,23,365

Add—

	Rs.	Rs.
Value of articles brought to account in 1898–99 and paid in 1899–1900	12,739	
Paid by the Military Department	1,380	
Value of papers and rubber tubings issued for rubber rollers and for binding books, &c.	6,621	
		20,740
		4,44,105

The increase under the several heads of contingent expenditure is due to the general increase of work in all branches of the office as already explained in my predecessor's letters to Government disposed of in G.O., Nos. 916 and 51, Financial, dated 21st October 1898 and 9th January 1899, respectively.

The freight charges were hitherto included under "Landing and Shipping charges"; but during the year under report such charges were included under "Carriage of stationery"; hence the decrease.

Freight paid in India on imported Stores.—The greater portion of charges for stores received from England was paid during the current official year hence the decrease under this head.

35. *Office establishment and interior economy.*—In paragraph 17 of G.O., No. 892, Financial, dated 18th October 1898, the Government remarked "it is understood that the Superintendent is endeavouring to improve the *personnel* of his establishment which has not been found equal to its duties." With reference to this a thorough change was made during the year in the establishment and in the mode of working. The Manager proceeded on six months leave and died. He was replaced by a graduate Deputy Tahsildar from the Kistna district. The Head Accountant was granted six months' leave and retired on medical certificate at the end of it. He was succeeded by a younger man—a Muhammadan—who had considerable experience of account work in the General Stamp office. Two aged clerks who were past work were retired and replaced. Two additional clerks on Rs. 17 each—one for "clothing" and one for "rubber stamps" and an assistant packer for clothing on Rs. 15 were sanctioned in G.O., No. 916, Financial, dated 21st October 1898. The services of an efficient typist were also secured.

An experienced clerk from the Chingleput Collectorate was taken on to the establishment and the records were placed in his charge in addition to other miscellaneous duties. Owing to the great increase of work in all branches of the office it was found necessary to separate the duties of "fair copying" and "despatching." It is not too much to say that the establishment has to work continuously at high pressure to keep pace with the ordinary work, and when any special business is on hand—such for instance as the preparation of the statements which accompany this report—it can only be done with considerable effort and at the expense of the current work. The following brief particulars will show how work has increased. The figures are for the official year:—

—	1896–97.			1897–98.			1898–99.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Carriage of stationery (railway and freight charges)	16,076	15	3	14,402	0	0	18,526	9	6
Purchase of packing cases	994	2	2	2,320	12	2	2,964	7	11
,, of ropes, nails and mats	53	10	0	66	3	10	396	15	9

Service postage	345	0	0	423	0	0	615	2	0
,, telegrams	16	0	0	24	0	0	64	5	0
Rubber stamps	5,307	0	0	7,130	0	0	14,127	0	0

—	1896-97.	1897-98.	1898-99.
Number of currents received	6,834	8,405	12,286
,, of letters issued	2,069	2,375	7,598

—	1896-97.	1897-98.	1898-99.
Number of issues made	2,296	2,321	3,463

Office Registers and Forms.—Previous to 1898 there were only two registers maintained in the office, one for papers received and the other for papers despatched. The old registers afforded no check whatever over the distribution of papers, the consequence was not only serious delays, but in many cases papers were undoubtedly made away with. In several cases a search through the desks of certain clerks revealed currents as much as a year old on which no action had been taken.

The old despatch register included all papers sent out, whether as a reference or a final disposal, and there was nothing to show which was which. There are now two registers—one for references to which a reply is required and the other for final disposals. Prior to 1898 no particular clerk was in charge of the records. Papers were simply tied in bundles and thrown into almirahs without any attempt at arrangement. There was absolutely no clue to the whereabouts of any particular paper.

During the year under report several complaints were received from officers that requisitions made in 1895, 1896 and 1897 had not been complied with and that reminders sent had received no attention. They had either been destroyed or bundled without disposal. One of the clerks has been placed in charge of the records in addition to his usual duties and the records for the past year have been carefully kept. The two temporary clerks sanctioned by Government in G.O., No. 803, Financial, dated 22nd June 1899, will be employed in sorting the old bundles. The want of a record attender is much felt.

A simple list of indents was previously in use. It served no useful purpose. A register has now been introduced which shows at a glance the various stages through which an indent passes and the date on which the Storekeeper received the indent for issue after being passed by the Superintendent. New forms and registers in connection with the work of clothing supply have been opened with reference to the orders of Government contained in G.O., No. 890, Financial, dated 12th November 1895, and G.O., No. 608, Financial, dated 3rd August 1897.

They are—

(1) an indent form in which officers submit their demands in full detail;

(2) a register of clothing indents received;

(3) a receipt and issue register in which the articles indented for, received, and issued are exhibited together with the sanctioned cost, the actual expenditure incurred and the saving effected on each transaction;

(4) a counterfoil receipt book in which the articles received from contractors are acknowledged; and

(5) a counterfoil voucher book in which the issues are noted and the officers' acknowledgments are filed. The forms in which the monthly stationery receipts were reported by various officers differed considerably and contained items which should properly be credited to the respective departments. New forms—A for stationery receipts and B for service registers—have been introduced after consultation with the Accountant-General. The store indent registers were also defective and unsatisfactory. A revised register containing the requisite particulars has been opened.

The Committee Book—in use before 1898 was not suited for permanent record and contained only five headings in manuscript—

(1) Date of receipt.
(2) Name of article.
(3) Quantity.
(4) Date of examination.
(5) Remarks of the Committee.

The register was incomplete and defective as it did not show the serial number, date of receipt, the quantity brought by the contractor, the quantity passed and accepted by the Committee, the initials of the Members of the Committee in token of acceptance, the number and date of counterfoil receipt with which the bills are checked and passed, the initials of the Assistant Superintendent with the date on which he passed the bill, the date of payment and how discharged, whether by cash, cheque, bill or adjustment. A printed form of register embodying these details has been introduced and shows at a glance the various stages from the date of receipt of an article down to the date of payment for it.

A special register has also been introduced for use in connection with each of the four Indian paper mills. It shows the current number and date, the description of paper advised, the quantity of paper advised, the quantity of paper sent to Government Press for examination, the balance, the initials of the Assistant Superintendent, the number and date of letter forwarding paper to the Superintendent, Government Press, for examination, the number and date of report of the Superintendent, the result of examination, the balance taken into store and remarks.

36. *Notifications.*—During the past year, notifications on the undermentioned subjects were published in the *Fort St. George Gazette* for the information and guidance of indenting officers:—

(1) The submission of annual indents on the due dates and the necessity for avoiding supplementary indents as far as possible—15th October 1898.

(2) Instructions for using rubber-stamps and ink—13th December 1898.

(3) Necessity for a strict adherence to the Stationery rules in the preparation of annual indents as many disregard the sanctions embodied in the Stationery rules—5th January 1899.

(4) Necessity for making sufficient provision in annual indents for the quantities of paper required for printing forms at the Government Press—6th March 1899.

(5) Instructions for unpacking a box containing a Remington type-writer—27th March 1899.

37. *Service Books.*—The service books of the employés of the Stationery Department have been verified up to 31st March 1899 and the finger-tip impressions of all the subordinates have been recorded in their service registers.

G.O., No. 918, Pension, dated 4th December 1897.

An inventory of valuable stock was maintained.

38. *Audit of Accounts.*—The accounts of 1897-98 were audited by the Chief Superintendent of the Accountant-General's office in March last. His report was disposed of by G.O., No. 446, Financial, dated 24th March 1899.

39. *Stock taking.*—The stock of stationery stores was verified with the books by Mr. E. C. Woods Scawen in September 1898, and a remuneration of Rs. 150 was paid to him. His report was disposed of in G.O., No. 948, Financial, dated 26th October 1898. Owing to Mr. Scawen being able to spare only a part of each day to it, the examination occupied fifteen days, from 5th to 20th September, which necessitated the work of the stores being carried on as usual. This is not a satisfactory arrangement and accordingly it has been arranged that issues shall cease during the next stocktaking.

40. The preparation of the statements to accompany the Administration report is a work of considerable magnitude and under the system which has hitherto existed it

has occupied a large portion of the time of the majority of the establishment throughout the three months preceding the submission of the report. Even after the figures have been collected discrepancies are invariably found and much time is consumed in tracing errors and carrying out the necessary corrections. This is mainly due to the custom of permitting the whole year to elapse before dealing with the figures instead of bringing them up month by month. To facilitate work in the current and future years, the following arrangements have been made.

Receipts.—The daily receipts are posted by the posting clerk and the ledger-keeper ticks them off in token of check. No further action is taken. In future, at the end of each month, the receipts will be checked by the Head Accountant, after which the postings will be made in the appropriate register under the several headings, for the annual statement. The totals will be carried forward from month to month up to the end of March This will obviate entries under wrong heads and incorrect postings being carried forward and will enable the checker to trace mistakes with more ease than at the end of the year.

Issues.—As soon as supplies on indents have been issued, they will be priced, checked and posted in the register from which the figures for the E statement of the Administration report are extracted. Hitherto this work has been postponed until after the end of the year and has resulted in overwork to the whole establishment. If the receipts and issues are posted in the respective registers and kept up to date, the delay that usually takes place in the submission of the report and the sacrifice of current work will be obviated. Every endeavour will be made to have this done during the current year.

41. *Stationery Rules—Revision.*—The list of addenda and corrigenda to the Stationery Rules returned with G.O., No. 1244, Financial, dated 17th December 1898, has been corrected up to date with reference to the orders of Government received from time to time. The revision of the rules has been postponed for the present. It will be taken up as soon as final orders are passed on the several matters relating to stationery supply that are now under the consideration of Government. In the meanwhile, particulars are being collected from the Educational and other departments for embodiment in the Stationery Rules.

G.O., No. 88, Financial, dated 12th January 1899.

42. At Mr. Atkinson's request I beg to bring to the notice of Government the very valuable assistance rendered to the Superintendent by Mr. Bird, the Assistant Superintendent of Stationery. To him is due most of the attention which is now paid to the Stationery Rules.

The Manager C. Tiruvenkata Chari has done excellent work since he joined in June 1898.

Enclosures.

Order—No. 1026, Financial, dated 23rd September 1899.

The receipts, issues and balances of the Madras Stationery office for the three years ending 1898–99 compare as follows :—

Years.	Receipts.	Issues.	Closing balance.
	LAKHS	LAKHS.	LAKHS.
1896–97	5·32	6·05	2·75
1897–98	7·96	7·18	3·53
1898–99	6·70	6·25	3·98

2. The abnormal rise in the receipts for 1897–98, which was explained in the report for that year, and the fact that those receipts took into account the value of cloths manufactured by weavers on famine-relief works in Kurnool, account for the lower figure in 1898–99. The fall in the value of issues in 1898–99 was due to the facts that the figure for the previous year included a large arrear supply and that before the close of the year under review indents relating to the Public Works and Educational Departments had not been complied with. The increase in the value of the closing balance of stock is accounted for by the large balance of special water-marked paper for plaints, the use of which has since been withdrawn, and by the circumstance that seventeen type-writing machines remained on hand at the close of the year. Under the orders * recently issued the surplus stock should rapidly decline.

G.Os., Nos. 892-97, Financial, dated 18th October 1898.

3. The substitution of articles of Indian for those of European manufacture resulted in a net loss of Rs. 6,234 against a gain of 1·58 lakhs in 1897–98; but, as explained in paragraph 16 of the report, the comparison between the figures for the two years is vitiated by several causes.

4. The consumption of stationery during the year appears, on the whole, to have been commensurate with the amount of work that fell to the lot of the various offices to which it was supplied. The Superintendent can exercise a great check on waste by a close adherence to the stationery rules and this check has apparently been applied with beneficial results. The endeavours of the Superintendent to improve the quality of articles, where these are admittedly inferior, and to introduce improved machinery into public offices in view of the saving of labour, are to be commended.

5. Orders have been passed on the following points since the submission of the report :—

(i) *The testing of samples of papers at the Government Press.*—In G.O., No. 893, Financial, dated 10th August 1899, it was decided that the present arrangement should continue.

(ii) *The use of English cyclostyle ink*—Has been restricted to the offices of the Secretariat, of the High Court, of the Board of Revenue, and of the Deputy Adjutant-General, Madras Command, and the Superintendent has been requested to report at the end of six months on the cyclostyle ink of local manufacture in view of its general use.

G.O., No. 384, Revenue, dated 11th July 1898.

* G.Os., Nos. 972–73, Financial, dated 31st October 1898.
G.Os., Nos. 1203–4, Financial, dated 10th December 1898.
G.Os., Nos. 563–64, Financial, dated 2nd May 1899.
G.O., No. 641, Financial, dated 29th May 1899.
G.O., No. 660, Financial, dated 5th June 1899.
G.Os., Nos. 743–44, Financial, dated 19th June 1899.
G.O., No. 876, Financial, dated 3rd August 1899.

G.O., No. 869, Financial, dated 2nd August 1899.

(iii) *The use of tags* for *all* purposes has been restricted to certain of the larger offices in G.O., No. 852, Financial, dated 26th July 1899.

(iv) Orders have been passed in regard to outstanding matters connected with the revision of the stationery rules—G.O., No. 942, Financial, dated 29th August 1899.

6. The recommendation of the Superintendent as regards wax cloth in paragraph 11 of his report is approved.

7. The report evidences throughout a great improvement in the administration of the Stationery department, and the Government notes the testimony borne to the good work of the Assistant Superintendent, Mr. F. D. Bird, and the Manager, M.R.Ry. C. Tiruvenkatachari.
