NOTE FOR THE Secy

Chs 2400 P.

File no 114 D 19. 8. 99

Passports are issued not only at Ry Inspection Stations but also at all other railway stations where persons coming from infected areas alight. The H. is not only to charges at Ry Inspection Stations but leaves untouched the expenditure incurred at other stations. The Collector's reference relates principally to expenditure incurred at by the passport office who get their pay from local funds & by Ry Station masters. This seems purely a local charge unless the Govt declares that the whole cost of working the passport rules including the cost of scissors supplied under P. C's Order No 461 dt 21. 2. 99 is Provincial. The Govt. does not dispose of the Collis question fully & it is submitted a further reference may be made w.o. to the Secy.

NOTE.

The questions raised in these files are

(1) whether the pay of the Hospital assistant entertained at the Patchur Railway station (Salem) and the lantern supplied to him form a PROVINCIAL or LOCAL charge.

(2) whether the cost of the construction of a kitchen and of repairing the Hospital assistant's quarters at the Patchur Railway station should be debited to PROVINCIAL or LOCAL.

(3) whether the pay of passport issuing officers should be debited to PROVINCIAL or LOCAL.

(4) whether the cost of carbon paper supplied to passport issuing officers should be debited to PROVINCIAL or LOCAL.

2. Points (1) & (2). The L & M Dept points out that a hospital assistant is stationed at Patchur to ensure the

proper working of the Inspection Sta-  
tion at Jalarpet, and that without him  
the arrangements at Jalarpet would be ~~in~~  
~~in~~complete. That Dept. appears to be of  
opinion that the whole cost of the  
arrangements for inspection at Patchur  
Railway Station should be PROVINCIAL.  
The hospital assistant is shown in the  
monthly plague establishment list under  
LOCAL; and in the recent plague estimates  
provision was made for his pay and  
allowance under that head. Patchur was  
not notified as a Railway inspection  
Station and the hospital assistant  
entertained there writes passports in  
the same way as the passport issuing officers  
entertained at Chittoor, Sholingur and  
Kerigunta stations. The pay of the latter  
class of officers is debited to LOCAL.  
Again at large stations such as Con-  
jeeveram, Coimbatore, Cuddapah and Nellore  
hospital assistants are entertained  
by the Municipalities concerned with  
reference to G.O. No. 1105, <sup>P</sup> ~~1105~~, <sup>W</sup>

dated 15th September 1898 and their  
duties are (1) to inspect medically  
the passengers at the Railway stations  
coming from infected areas and (2) to  
issue passports to them. The pay of  
the officers is debited to MUNICIPAL.

Submitted that the pay of the  
hospital assistant at Patchur, the cost  
of the lanterns supplied to the sta-  
tion and the cost of the ~~estimate~~  
~~for the~~ construction of a kitchen  
and for the repair of the hospital  
assistant's quarters should all be  
debited to LOCAL. It will be safer and  
lead to less confusion if the princi-  
ple that Inspection Stations form a  
PROVINCIAL <sup>al</sup> charge is applied to <sup>only</sup>  
Railway Inspection Stations proper.

applied in the case of Bangalore*

Point (3). The pay of passport  
issuing officers at stations which  
are notified as Railway Inspection  
Stations is a PROVINCIAL charge as  
the whole cost of the Inspection sta-  
tion is debited to PROVINCIAL. ~~Apply~~

diture should, it is submitted, be ~~borne~~<sup>borne</sup>

Point (4). The L & M Dept. has

already been informed that the cost of

should be debited to PROVINCIAL. That

Dept. now enquires whether the cost of

carbon paper supplied to passport is-

should be PROVINCIAL or not. With refer-

ence to this it is submitted that the cost

of carbon paper supplied to stations

which are not notified as Inspection

stations and to road frontier stations

is ~~only~~ a local charge and should be borne

by the District Boards or the Munici-

palities concerned. As the whole cost at

Ports is PROVINCIAL, the carbon paper

Note for the Secretary.

C. No. 2408 P. was sent u.o. to Financial Dept for favor of definite orders on the point raised in the office note of 16.8.99. In its note put up below the Financial Dept has explained when the cost of carbon paper supplied to passport issuing officers should be debited to Provincial & when to local funds. The Fin. fo. on the subject is not free from doubt and without the above explanation it is likely that the cost of carbon paper supplied to honorary passport issuing officers (certainly by station masters) at other than Railway inspection Stations would be considered a Provincial ~~charge~~ charge. Submitted therefore that this file may be sent back u.o. to

The papers in these files relate to

(1) the debit of the pay of passport  
issuing officers.

(2) the debit of the cost of the carbon  
paper supplied to those officers for  
writing passports &c.

Passport issuing officers are  
entertained at (1) the Railway  
Inspection Stations proper (2) the  
ordinary railway stations (3) the  
Ports & (4) the Road Frontier inspection  
Stations. All charges incurred  
at Railway inspection stations proper  
and at Ports are debited to Provincial  
the pay of passport issuing officers  
entertained at those stations and  
Ports <sup>also</sup> forms a Provincial charge.  
The pay of passport issuing officers  
entertained at ordinary railway stations

are debitable to Local or Municipal according to the area in which the stations are situated. For instance the passport establishment entertained at Sholimgaur or Katpadi is debitable to Local funds, while that entertained at Kumbha Kham or Negapatam, where municipalities exist, is charged to Municipal.

~~The cost of passport issuing officers at the ordinary railway stations is local or municipal according to the area in which the stations are situated. The cost of paper supplied to officers at the Road frontier inspection stations is non-provincial.~~

The Collector of Anantapur enquires whether the pay of the passport clerk transferred from the office of the S<sup>t</sup> Medical and Sanitary Officer to the Collector's Office should be shown under Local or not. It has been decided that the cost of addition to the Office establishment of the Medical and Sanitary Officers is Local and as the passport clerk in the Collector's Office is doing the same duties he was discharging while working under the S<sup>t</sup> Medical and Sanitary Officer, the pay of the clerk should, it is submitted, be debited

to Local.

2. The cost of carbon paper supplies to passport issuing officers and to station masters and port health officers at railway inspection stations paper and ports is a Provincial charge, while that of carbon paper supplied to passport officers and station masters at the ordinary railway stations is Local or municipal according to the area in which the stations are situated. The cost of paper supplied to officers at the Road frontier inspection stations is non-provincial.

It is submitted that this classification of plague charges may be embodied in the revised circular of distribution and classification of plague charges recently called for from the Accountant General.
