FINANCIAL DEPARTMENT.

Read—again the following paper :—

G.O., Mis. No. 785, Financial, dated 12th July 1899.

Abstract.—Passing orders on the plague estimates submitted by the Collector of South Canara for the quarter ending 30th September 1899.

Read—also the following paper :—

G.O., Mis. No. 1372 P., dated 16th September 1899.

Read—the following letter from A. F. PINHEY, Esq., Acting Collector of South Canara, to the Secretary to Government, Local and Municipal Department, dated 31st August 1899, Ref. on C. No. 638-P :—

I have the honour to report that, as the trading season has almost commenced and plague is still prevalent in the Bombay Presidency, including the City of Bombay, it has become necessary to revive the arrangements which were in force till the end of the last trading season for carrying out the quarantine regulations notified in G.O., No. 745, Marine, dated 23rd August 1897. I have therefore issued orders for the re-entertainment of the establishments previously sanctioned (*vide* enclosed list) and for the erection of the necessary sheds, as the old sheds had been pulled down and their materials sold at the commencement of the monsoon because the sheds would not have stood out the monsoon and also because their necessity, after the close of the monsoon, could not be foreseen. I request that my above action may be approved and that the amount of Rs. 5,800, which was estimated under "Provincial" in my quarterly estimate of plague expenditure No. 101 P.D., dated 2nd July 1899, but which was not passed for reasons given in G.O., No. 785, Financial, dated 12th July 1899, may be now sanctioned.

NOTE FOR THE C.S.

The plague estimates of the S. Canara district for the quarter ending the 30th September 1899 were prepared by the Collector on the assumption that the inspection and observation of travellers by sea would be recommenced when communication by sea was restored. The Fin! department remarked "The necessity for Shemiri for this "province will be clear when the "estimates for the next quarter are "submitted. At present there does not "appear to be any reason to provide "for the contingency". The estimate was placed at Rs 1500 instead of at Rs 5800, the amount provided by the Collector under 24 D. grants for medical purposes.

The Collector now brings to notice that the trading season has almost commenced, that in view

the prevalence of plague in the Bombay Presidency it has become necessary to revise the arrangements in force at the end of the last season and that he has issued orders for the reinstatement of the establishments previously entertained and for the erection of the necessary sheds. He requests that his action may be approved & that the amount (Rs 5800) estimated by him under Provincial may now be sanctioned.

The Govt. department approves the Collector's action. As regards funds, Collectors and other officers have already been warned that if their estimates are inadequate, & will be their duty to apply for extra grants. The Collector has applied for extra grant in time.

Submitted that the Govt. below may be communicated. On receipt of a copy of the Govt order, steps will be taken with reference to para 2 to provide extra grant (Rs 5800-1500 or 4300) under 24 D grants for Medical purposes.

NOTE FOR THE C. A.

This paper came before for counter-initials and the note (flagged) was then put up.

The Collector's original estimate under 24 D. Grants for Medical purposes was Rs 6,800 while the estimate passed by Govt. was for Rs 1500. An additional grant of Rs 4300 will now have to be made. Orders are solicited as to whether this addl. amount may be provided from the unallotted portion (2.77 Lakhs — Rs 150) under 24 D. Grants for Medical purposes — Expenses in connection with the bubonic plague.

The next plague estimates are due in November next. Provision will be duly made for these charges in the Revised Estimate for 1899-1900.
