EXPLANATORY REMARKS.

(a) In the case of all these examinations, both the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed with reference to the actuals of 1898-99.

(b) The figure shown under 'Revised Estimate' for 1899-1900 has been arrived at with reference to the fees paid by the candidates for the ensuing examinations to be held in October this year.

(c) It has been decided by Government that this examination shall not be held this year. There is, therefore, no entry against this examination under 'Revised Estimate' for 1899-1900. A sum of Rs. 300 is entered in the estimate for 1900-1901 in view of the possibility of an examination being held next year.

(d) Under G.O., No. 332, Educational, dated 30th May 1898, the Sub-Assistant Inspectors' tests have been placed under the control of the Director of Public Instruction.

(e) Both the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed at Rs. 30,000 in view of the fact that a large number of candidates who, under the old notification, might have come up as pupil candidates free of fee will, under the revised notification, have to appear as private candidates, paying the prescribed fee, and also of the fact that, under the revised notification, candidates must come up for the whole of the examination at one and the same time. There will, no doubt, be a fall in the number of pupil candidates, but as these pay no admission fee, there will be no corresponding diminution in the fee receipts.

(f) Vide G.O., No. 640, Educational, dated 23rd September 1899.

(g) The revised estimate for 1899-1900 has been fixed with reference to the actuals of 1898-99 and in view of the progressive increase in the number of candidates.

(h) There is no entry under 'Revised Estimate' for 1899-1900, as it has been decided that there shall be no examination this year. In view of the possibility of there being an examination next year, a sum of Rs. 500 has been entered under the budget estimate for 1900-1901.

(i) The revised estimate is the actual amount of remuneration due to the examiners that conducted the examination of 1898-99, who will be paid during the current year. The budget estimate for 1900-1901 has been placed at a reduced figure, as, under the revised notification, there will be a fall in the number of pupil candidates, and consequently the number of candidates to be examined will not be so large as last year.

(i) The charges for the practical examinations always depend upon the subjects brought up by the candidates, and must, therefore, necessarily vary to a larger extent than other items. The actuals for 1898-99 have amounted to Rs. 600, and the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed at the same figure.

(k) These charges are incurred in connection mainly with the Special Tests and the Lower Secondary, Upper Secondary and Technical Examinations. Large numbers of question papers, diagrams, plans, etc., have to be lithographed, as also the certificates for the Technical Examinations. The revised estimate for 1899-1900 has been fixed with reference to the actuals of 1898-1899 and the budget estimate for 1900-1901 has been placed at the same figure.

(l) These include charges on account of the Offices of the Chairmen of the Primary Examination Boards.

(m) The excess in the 'accounts' for 1898-99 over the budget estimate was met by an additional grant of Rs. 13,000 sanctioned by Government in its Order, No. 438, Financial, dated the 22nd March 1899.

EXPLANATORY REMARKS.

(a) In the case of all these examinations, both the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed with reference to the actuals of 1898-99.

(b) The figure shown under 'Revised Estimate' for 1899-1900 has been arrived at with reference to the fees paid by the candidates for the ensuing examinations to be held in October this year.

(c) It has been decided by Government that this examination shall not be held this year. There is, therefore, no entry against this examination under 'Revised Estimate' for 1899-1900. A sum of Rs. 300 is entered in the estimate for 1900-1901 in view to the possibility of an examination being held next year.

(d) Under G.O., No. 332, Educational, dated 30th May 1898, the Sub-Assistant Inspectors' tests have been placed under the control of the Director of Public Instruction.

(e) Both the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed at Rs. 30,000 in view of the fact that a large number of candidates who, under the old notification, might have come up as pupil candidates free of fee will, under the revised notification, have to appear as private candidates, paying the prescribed fee, and also of the fact that, under the revised notification, candidates must come up for the whole of the examination at one and the same time. There will, no doubt, be a fall in the number of pupil candidates, but as these pay no admission fee, there will be no corresponding diminution in the fee receipts.

(g) The revised estimate for 1899-1900 has been fixed with reference to the actuals of 1898-99 and in view of the progressive increase in the number of candidates.

(h) There is no entry under 'Revised Estimate' for 1899-1900, as it has been decided that there shall be no examination this year. In view to the possibility of there being an examination next year, a sum of Rs. 500 has been entered under the budget estimate for 1900-1901.

(i) The revised estimate is the actual amount of remuneration due to the examiners that conducted the examination of 1898-99, who will be paid during the current year. The budget estimate for 1900-1901 has been placed at a reduced figure, as, under the revised notification, there will be a fall in the number of pupil candidates, and consequently the number of candidates to be examined will not be so large as last year.

(i) The charges for the practical examinations always depend upon the subjects brought up by the candidates, and must, therefore, necessarily vary to a larger extent than other items. The actuals for 1898-99 have amounted to Rs. 600, and the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed at the same figure.

(k) These charges are incurred in connection mainly with the Special Tests and the Lower Secondary, Upper Secondary and Technical Examinations. Large numbers of question papers, diagrams, plans, etc., have to be lithographed, as also the certificates for the Technical Examinations. The revised estimate for 1899-1900 has been fixed with reference to the actuals of 1898-1899 and the budget estimate for 1900-1901 has been placed at the same figure.

(l) These include charges on account of the Offices of the Chairmen of the Primary Examination Boards.

The excess in the 'accounts' for 1898-99 over the budget estimate was met by an additional grant of Rs. 13,000 sanctioned by Government in its Order, No. 438, Financial, dated the 22nd March 1899.
