Abstract.—Submitting proposals for the transfer of fish-curing yards from the temporary to the permanent list and for the abolition of unimportant yards.

Read—letter from the Deputy Commissioner of Salt, Abkári and Customs Department, Central Division, dated 17th February 1899, No. 666.

Abstract.—Submitting proposals for the transfer of fish-curing yards from the temporary to the permanent list and for the abolition of unimportant ones.

Resolution—No. 97, dated 1st May 1899.

In submitting herewith a statement showing the operations in the several fish-curing yards in the Presidency for the three years ending 1897–98 and for the first nine months of 1898–99, the Board begs to make its recommendations for changes in their administration as follows.

2. There are seven temporary yards, none of which has justified its transfer to the permanent list and the local officers recommend that the establishments sanctioned for them may be continued up to the 31st March 1900. The Board supports the recommendation.

3. As regards the other (permanent) yards, the Board proposes to make no changes. Some of them show decreasing transactions and some are worked at a loss to Government, but it has examined each of these cases carefully and finds that there are objections to closure in each. It will not trouble Government with these in detail. As regards establishments, the only minor change that the Board recommends is the substitution with reference to G.O., No. 552, Revenue, dated 10th July 1897, of the scale * of establishment laid down in paragraph 29 of Circular Order No. III of 1884 (Revised) for the following establishment now sanctioned for the Malpe and Quilandi yards :—

* 1 Sub-Inspector.
1 First-grade peon.
2 Second-grade peons.

Malpe yard.

* 1 Petty-officer	on Rs. 12	for 8 months.
1 Peon	on „ 7	for 12 months.
1 „	on „ 8	for 8 months.
2 Peons	on „ 7	each for 8 months.

Quilandi yard.

1 Peon on Rs. 8 for 12 months.
2 Peons on Rs. 7 each for 12 months.

4. The Board takes this opportunity to enquire whether in view of the routine character of this report it may not be abolished. It was necessary when, owing to the fact that the fish-curing industry was in its infancy, most of the yards had to be placed on the temporary list and when in consequence the sanction of Government had to be applied for year after year for the retention of the yards and for the employment of the temporary establishment. Now, however, that all the existing yards but the seven referred to in paragraph 2 *supra* are on the permanent list and the Board itself is able to determine with reference to the actual requirements of the localities the question of opening new or abolishing existing yards, applying to Government only in regard to establishments, the Board would suggest that, with a view to saving time and labour in its own and in the Government offices, it may be given as in the case of distilleries and saltpetre refineries lump grant for all the yards. There are at present 122 permanent and 7 temporary yards, and the establishments sanctioned for them are noted in the margin. It may be said in the case of the permanent yards at least that the establishment has been permanently sanctioned for them and that it may be taken as a lump sanction, but it will be observed from G.O., No. 552, Revenue, dated 10th July 1897, that the establishments in the permanent yards should be on the scale sanctioned in G.O., No. 1136, Revenue, dated 6th October 1885, so that the present establishments will require modification with reference to that scale if the operations in the yards improve or decrease. The Board therefore requests that the lump grant may include the present establishment of all the existing yards—permanent and temporary—together with an allowance for increased establishment in case the operations of the yards expand and for any additional yards that may be opened in the next five years and that the following grant may be sanctioned :—

Permanent yards.

The Board will, of course, take care to see that the establishments are employed only with reference to the number of yards that may be actually working and for such periods each year as the extent of operations in them may demand.

Read—again Endorsement, Mis. No. 1898, Revenue, dated 29th May 1899.

Read—also the following Endorsement by W. H. DAWSON, Esq., Officiating Accountant-General, Madras, dated Fort St. George, 6th June 1899, No. T-37--Salt—2360:—

Government may, if it so desires, sanction a definite scale of establishment for fish-curing yards, *i.e.*, a scale in which the number of men of each class and grade and the rate of pay of each grade are specified, leaving it to the discretion of the Board to employ any members of the establishment in any particular yard in the province according to its requirements. Similar arrangements have been sanctioned in the case of distillery guards and amins for supervision of saltpetre refineries.

2. The establishment should, however, be based on present requirements. "An allowance for increased establishment in case the operations of the yards expand and for any additional yards that may be opened for the next five years" is inadmissible, as the result would be to habitually swell the estimates of expenditure which must be based on the sanctioned grant.

The Accountant-General's endorsement will be referred to the Board of Revenue for favour of remarks.

Resolution—Mis. No. 3174, dated 15th July 1899.

With reference to G.O., Mis. No. 2121, Revenue, dated 13th June 1899, the Board begs to state that a scale has already been prescribed in paragraph 29* of Circular Order III of 1884 (Revised) for the establishments to be employed at fish-curing yards and to suggest that, *in lieu of* the establishment asked for in Board's Proceedings, No. 97, dated 1st May 1899, it may be authorized to employ the full establishment to which it is entitled according to that scale and given discretion to post men according to requirements.

* Based on paragraph 4 of the Salt Commissioner's letter submitted with Board's Proceedings, No. 3599, dated 18th October 1884, disposed of in G.O., No. 1136, Revenue, dated 6th October 1885.

2. The establishment which would be employed in the yards at present opened, if the scale laid down in paragraph 29 of Circular Order III of 1884 were strictly enforced, would be as follows:—

EXPLANATORY REMARKS.

(*a*) In the case of all these examinations, both the revised estimate for 1899–1900 and the budget estimate for 1900–1901 have been fixed with reference to the actuals of 1898–99.

(*b*) The figure shown under 'Revised Estimate' for 1899–1900 has been arrived at with reference to the fees paid by the candidates for the ensuing examinations to be held in October this year.

(*c*) It has been decided by Government that this examination shall not be held this year. There is, therefore, no entry against this examination under 'Revised Estimate' for 1899–1900. A sum of Rs. 300 is entered in the estimate for 1900–1901 in view to the possibility of an examination being held next year.

(*d*) Under G.O., No. 332, Educational, dated 30th May 1898, the Sub-Assistant Inspectors' tests have been placed under the control of the Director of Public Instruction.

(*e*) Both the revised estimate for 1899–1900 and the budget estimate for 1900–1901 have been fixed at Rs. 30,000 in view of the fact that a large number of candidates who, under the old notification, might have come up as pupil candidates free of fee will, under the revised notification, have to appear as private candidates, paying the prescribed fee, and also of the fact that, under the revised notification, candidates must come up for the whole of the examination at one and the same time. There will, no doubt, be a fall in the number of pupil candidates, but as these pay no admission fee, there will be no corresponding diminution in the fee receipts.

(*f*) *Vide* G.O., No. 640, Educational, dated 23rd September 1899.

(*g*) The revised estimate for 1899–1900 has been fixed with reference to the actuals of 1898–99 and in view of the progressive increase in the number of candidates.

(*h*) There is no entry under 'Revised Estimate' for 1899–1900, as it has been decided that there shall be no examination this year. In view to the possibility of there being an examination next year, a sum of Rs. 500 has been entered under the budget estimate for 1900–1901.

(*i*) The revised estimate is the actual amount of remuneration due to the examiners that conducted the examination of 1898–99, who will be paid during the current year. The budget estimate for 1900–1901 has been placed at a reduced figure, as, under the revised notification, there will be a fall in the number of pupil candidates, and consequently the number of candidates to be examined will not be so large as last year.

(*j*) The charges for the practical examinations always depend upon the subjects brought up by the candidates, and must, therefore, necessarily vary to a larger extent than other items. The actuals for 1898-99 have amounted to Rs. 600, and the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed at the same figure.

(*k*) These charges are incurred in connection mainly with the Special Tests and the Lower Secondary, Upper Secondary and Technical Examinations. Large numbers of question papers, diagrams, plans, etc., have to be lithographed, as also the certificates for the Technical Examinations. The revised estimate for 1899-1900 has been fixed with reference to the actuals of 1898-1899 and the budget estimate for 1900-1901 has been placed at the same figure.

(*l*) These include charges on account of the Offices of the Chairmen of the Primary Examination Boards.

(*m*) The excess in the 'accounts' for 1898-99 over the budget estimate was met by an additional grant of Rs. 13,000 sanctioned by Government in its Order, No. 438, Financial, dated the 22nd March 1899.

EXPLANATORY REMARKS.

(*a*) In the case of all these examinations, both the revised estimate for 1899–1900 and the budget estimate for 1900–1901 have been fixed with reference to the actuals of 1898–99.

(*b*) The figure shown under 'Revised Estimate' for 1899–1900 has been arrived at with reference to the fees paid by the candidates for the ensuing examinations to be held in October this year.

(*c*) It has been decided by Government that this examination shall not be held this year. There is, therefore, no entry against this examination under 'Revised Estimate' for 1899–1900. A sum of Rs. 300 is entered in the estimate for 1900–1901 in view to the possibility of an examination being held next year.

(*d*) Under G.O., No. 332, Educational, dated 30th May 1898, the Sub-Assistant Inspectors' tests have been placed under the control of the Director of Public Instruction.

(*e*) Both the revised estimate for 1899–1900 and the budget estimate for 1900–1901 have been fixed at Rs. 30,000 in view of the fact that a large number of candidates who, under the old notification, might have come up as pupil candidates free of fee will, under the revised notification, have to appear as private candidates, paying the prescribed fee, and also of the fact that, under the revised notification, candidates must come up for the whole of the examination at one and the same time. There will, no doubt, be a fall in the number of pupil candidates, but as these pay no admission fee, there will be no corresponding diminution in the fee receipts.

(*g*) The revised estimate for 1899–1900 has been fixed with reference to the actuals of 1898–99 and in view of the progressive increase in the number of candidates.

(*h*) There is no entry under 'Revised Estimate' for 1899–1900, as it has been decided that there shall be no examination this year. In view to the possibility of there being an examination next year, a sum of Rs. 500 has been entered under the budget estimate for 1900–1901.

(*i*) The revised estimate is the actual amount of remuneration due to the examiners that conducted the examination of 1898–99, who will be paid during the current year. The budget estimate for 1900–1901 has been placed at a reduced figure, as, under the revised notification, there will be a fall in the number of pupil candidates, and consequently the number of candidates to be examined will not be so large as last year.

SUBJECT.

Submitting the Budget Estimate of the Commissioner for Government Examinations for the year 1900-1901

Order
P. S.

The estimates are accepted as shown in the appendix to these Pro.

2. With ref. to rule 81 of the instructions issued for the preparation of budget estimates, the Comm. should furnish the A.-G. direct with a statement showing the details of the items included under Office Expenses and Miscellaneous.

To
The Ed Dept
-- C.G.E.
-- A.-G.

Note - According to Rule 7 of the

the budget rules minor heads should be rounded to even hundreds of rupees. The Comm's total under Charges viz - Rs 119,250 offends against this rule. To rectify this mistake it is proposed to alter three items under "Contingencies" slightly as follows with reference to the actuals of the previous year as follows: —

	Comm's figure	Proposed figure	actuals for 98-99
Postage charges	Rs 3000	Rs 2800	Rs 2615
Clearing charges	Rs 50	Rs 25	Rs 23
Miscellaneous	Rs 50	Rs 34	Rs 7
amount added for rounding	—	9	—

The figure under 'Miscellaneous' has been fixed at Rs 34 in order to get a round figure for the total viz - Rs 719 000.

Explanatory Remarks.

(*a*) In the case of all these examinations, both the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed with reference to the actuals of 1898-99.

(*b*) The figure shown under 'Revised Estimate' for 1899-1900 has been arrived at with reference to the fees paid by the candidates for the ensuing examinations to be held in October this year.

(*c*) It has been decided by Government that this examination shall not be held this year. There is, therefore, no entry against this examination under 'Revised Estimate' for 1899-1900. A sum of Rs. 300 is entered in the estimate for 1900-1901 in view to the possibility of an examination being held next year.

(*d*) Under G.O., No. 332, Educational, dated 30th May 1898, the Sub-Assistant Inspectors' tests have been placed under the control of the Director of Public Instruction.

(*e*) Both the revised estimate for 1899-1900 and the budget estimate for 1900-1901 have been fixed at Rs. 30,000 in view of the fact that a large number of candidates who, under the old notification, might have come up as pupil candidates free of fee will, under the revised notification, have to appear as private candidates, paying the prescribed fee, and also of the fact that, under the revised notification, candidates must come up for the whole of the examination at one and the same time. There will, no doubt, be a fall in the number of pupil candidates, but as these pay no admission fee, there will be no corresponding diminution in the fee receipts.

(*f*) The revised estimate for 1899-1900 has been fixed with reference to the actuals of 1898-99 and in view of the progressive increase in the number of candidates.

(*g*) There is no entry under 'Revised Estimate' for 1899-1900, as it has been decided that there shall be no examination this year. In view to the possibility of there being an examination next year, a sum of Rs. 500 has been entered under the budget estimate for 1900-1901.

(*h*) The revised estimate is the actual amount of remuneration due to the examiners that conducted the examination of 1898-99, who will be paid during the current year. The budget estimate for 1900-1901 has been placed at a reduced figure, as, under the revised notification, there will be a fall in the number of pupil candidates, and consequently the number of candidates to be examined will not be so large as last year.

NOTE FOR THE C. S.

G.o. no. 196 of 99

Para 10 of draft. The rate of the pay of "clerks" and "temporary clerks" should be altered in accordance with the increased provision made and the reduction vide G.o. no. 624 of 23rd, & 29 Septr 1899" entered in the Column of "Explanatory Remarks" on the opposite page.

2. Para 12 of draft. The provision for Contingencies is reduced with reference to the average of the last three years and the allotment for "Postage Charges" is altered accordingly in pencil to Rs 2,875. It is submitted that the average of the actuals of the past three years should not be taken as the actuals of 1896-97 were over Rs 700 higher than the actual charges in the two succeeding years and appear to

1898-99	1897-98	1896-97

to have been exceptional. Rs 2,675 would, it is submitted, be ample provision for the ensuing year.

3. Para 16 of draft. As many of the budget rules applies equally to the revised estimate it is submitted that the words "the totals of the revised estimate for the current year and the budget estimate for the ensuing year" may be substituted for the words "the total of the estimated expenditure" in this clause.

4. The Educational Dept. accepts these suggestions the draft order may be altered accordingly and transferred to the Financial Dept. for issue.

The estimates are accepted subject to the following remarks:-

(1) The provision for establishment will be raised from Rs 10,066 to Rs 10,200 as shown below with reference to the proposals of the Commissioner sanctioned in G. O. No. 640 Edl. dated 23rd September 1899.

Note × vide linked file. may not this order issue now? there appears to be no necessity for it's being delayed for the orders on the proposals regarding Examiners and Examination fees.

There seems no objection to the issue of the order now. JMc 12.IX.99.
