The increase in the revised estimate occurs chiefly under "Cost of examining pearl banks" and is partly due to the entertainment for a longer period of the establishment employed for protecting the pearl banks in the current year (vide G.O., Mis. No. 1579, Rev., dated 27th April 1899).

Chank Fisheries.—The Collector of Tinnevely expects a successful season during the current and ensuing years and accordingly estimates the charges at Rs. 7,070 and Rs. 7,216, respectively. But considering that the actuals for the past four years have ranged from Rs. 4,133 to Rs. 4,680, the Board thinks it safer to retain the sanctioned estimate (Rs. 6,000) for the revised and budget estimates. To the revised estimate, however, must be added Rs. 5,000, of which Rs. 1,700 is intended for payment of rent to the Zamindar of Ramnad, Rs. 3,000 for wages payable to divers to be engaged for the chank fishery on the Madura coast and Rs. 300 for expenditure in connection with the preliminary examination in February next of the chank beds on the Madura and Tanjore coasts sanctioned in G.O., Mis. No. 3035, Rev., dated 21st August 1899. The budget estimate must similarly be increased by Rs. 2,000 being payments to the divers employed on the Madura chank fishery during the latter part of the season covered by the Zamindar's lease.

* The average of the actuals of the past two years only has been furnished, as details for the actuals of 1896-97 are not available.
