The increase in the revised estimate occurs chiefly under "Cost of examining pearl banks" and is partly due to the entertainment for a longer period of the establishment employed for protecting the pearl banks in the current year (*vide* G.O., Mis. No. 1579, Rev., dated 27th April 1899).

Chank Fisheries.—The Collector of Tinnevely expects a successful season during the current and ensuing years and accordingly estimates the charges at Rs. 7,070 and Rs. 7,216, respectively. But considering that the actuals for the past four years have ranged from Rs. 4,133 to Rs. 4,680, the Board of Revenue thinks it safer to retain the sanctioned estimate (Rs. 6,000) for the revised and budget estimates. To the revised estimate, however, has been added Rs. 5,000, of which Rs. 1,700 is intended for payment of rent to the Zamindar of Ramnad, Rs. 3,000 for wages payable to divers to be engaged for the chank fishery on the Madura coast and Rs. 300 for expenditure in connection with the preliminary examination in February next of the chank beds on the Madura and Tanjore coasts sanctioned in G.O., Mis. No. 3035, Rev., dated 21st August 1899. The budget estimate has similarly been increased by Rs. 2,000 being payments to the divers employed on the Madura chank fishery during the latter part of the season covered by the Zamindar's lease.

Supplies and Services.—For the revised and budget estimates the Collector of Tinnevely provides Rs. 11,675 and Rs. 13,825, respectively, against Rs. 8,225, the sanctioned estimate for the current year.

(a) Cost of coal, (b) Provision for the crew, (c) Oil, tallow for engines and lamp and (d) Water for boiler and drinking purposes.—The increase under these items is due to provision made with reference to the anticipated use of the vessel by officers of other departments. The revised estimate of "Cost of coal" includes also Rs. 2,000 being the anticipated expenditure on the preliminary examination of the chank beds on the Tanjore and Madura coasts, sanctioned in G.O., Mis. No. 3035, dated 21st August 1889.

Engineer's Expendible and dead stock.—The increase in the revised estimate is due to provision made to meet the cost of metal stores, &c., from Bombay, and the necessary repairs to be carried out to the machinery locally.

(e) Deck Stores, (f) Saloon stores and (g) Landing charges, steamer freight and cooly-hire.—The increase under these items in the revised estimate is due to provision made to meet the cost of stores supplied from Bombay.

Repairs to the vessel.—A provision of Rs. 4,500 has been made for 1900-1901 to meet the cost of docking the steamer at the Bombay Dockyard for repairs.

* Includes the amount adjusted for repairs executed to the Steamer "Margarita" at the Bombay Dockyard.

Schooner Irene.—Vide explanations furnished for "Margarita."

Supplies and Services.—For the revised and budget estimates the Collector of Tinnevely provides Rs. 11,675 and Rs. 13,825, respectively, against Rs. 8,225, the sanctioned estimate for the current year.

(a) Cost of coal, (b) Provision for the crew, (c) Oil, tallow for engines and lamp and (d) Water for boiler and drinking purposes.—The increase under these items is due to provision made with reference to the anticipated use of the vessel by officers of other departments. The revised estimate of "Cost of coal" includes also Rs. 2,000 being the anticipated expenditure on the preliminary examination of the chank beds on the Tanjore and Madura coasts, sanctioned in G.O. Mis. No. 3035, dated 21st August 1899.

Engineer's Expendible and dead stock.—The increase in the revised estimate is due to provision made to meet the cost of metal stores, &c., from Bombay, and the necessary repairs to be carried out to the machinery locally.

(e) Deck Stores, (f) Saloon stores and (g) Landing charges, steamer freight and cooly-hire.—The increase under these items in the revised estimate is due to provision made to meet the cost of stores supplied from Bombay.

Repairs to the vessel.—A provision of Rs. 4,500 has been made for 1900-1901 to meet the cost of docking the steamer at the Bombay Dockyard for repairs.

* Includes the amount adjusted for repairs executed to the Steamer "Margarita" at the Bombay Dockyard.

Schooner Irene.—Vide explanations furnished for "Margarita."

Civil Works.—The total of the Collectors' figures has been adopted.

EXPLANATORY REMARKS.

Interest on Land Revenue collections refunded.—The average of the actuals of the past three years, viz., Rs. 18, has been adopted in round figures for both the revised and budget estimates.

Stationery and Printing—Land Revenue. The revised and budget estimates have been based on the actuals of the previous year (Rs. 4,296). The actuals of the first four months of 1898-99 amounted to Rs. 1,806, those for the same period during the current year being Rs. 1,646.

Establishment.—The actuals of the past three years vary from Rs. 48,113 to Rs. 48,298, and the Board has fixed the revised and budget estimates at Rs. 48,300.

Cost of Materials and Stock.—The estimates furnished by the Superintendent, Government Press, have been adopted.

Contingencies.—The estimates have been fixed with reference to the requirements of Collectors with the exception of the provision under "Fuller's earth, etc." and "Tour charges" which has been fixed with reference to the actuals of the past two years.

Printing at Private Presses.—This is a variable item and the estimates have been based on the Collectors' figures.

Remittance of Treasure.—The revised and budget estimates have been based on the average of the actuals of the past three years, viz., Rs. 49,686.

Rewards for the Destruction of Wild Animals.—This is a fluctuating item and depends on the number of wild animals killed. Collectors provide Rs. 21,520 for the revised estimate of the current year and Rs. 21,720 for 1900-1901. As the average of the actuals of the past three years has amounted to Rs. 21,041, the Board would fix the estimate at Rs. 21,000 in round figures for both the years.

The increase in the revised estimate occurs chiefly under "Cost of examining pearl banks" and is partly due to the entertainment for a longer period of the establishment employed for protecting the pearl banks in the current year (vide G.O., Mis. No. 1579, Rev., dated 27th April 1899).

Provision of Rs. 200 under "Banking of Boats" in the Budget Estimate for 1900-1901. Estimate is left out in the Budget Estimate for 1900-1901.

Chank Fisheries.—The Collector of Tinnevely expects a successful season during the current and ensuing years and accordingly estimates the charges at Rs. 7,070 and Rs. 7,216, respectively. But considering that the actuals for the past four years have ranged from Rs. 4,133 to Rs. 4,680, the Board thinks it safer to retain the sanctioned estimate (Rs. 6,000) for the revised and budget estimates. To the revised estimate, however, must be added Rs. 5,000, of which Rs. 1,700 is intended for payment of rent to the Zamindar of Ramnad, Rs. 3,000 for wages payable to divers to be engaged for the chank fishery on the Madura coast and Rs. 300 for expenditure in connection with the preliminary examination in February next of the chank beds on the Madura and Tanjore coasts sanctioned in G.O., Mis. No. 3035, Rev., dated 21st August 1899. The budget estimate must similarly be increased by Rs. 2,000 being payments to the divers employed on the Madura chank fishery during the latter part of the season covered by the Zamindar's lease.

* The base for one year is desired to be obtained in 1898-99. abstract - 11343 B
 a sum of Rs. 4000 is being sanctioned in connection with this expenditure - Rs. 2000 for examining chank beds with this expenditure - Rs. 2000 for base rent.
 Refer to G.O. for details.

* The average of the actuals of the past two years only has been furnished, as details for the actuals of 1896-97 are not available.
