WITH ORDER

Article 1093, Civil Service Regulations

Directing that sanctions accorded by Superintending Engineers under — be reported in monthly returns to the Chief Engineer, so as to reach him by the 10th of the month following that to which they relate, for incorporation in the return to be submitted by him to Government.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

G.O., No. 791, Financial, dated 14th July 1899, communicated with G.O., No. 2200 W., dated 17th August 1899.

G.O., No. 905, Financial, dated 16th August 1899, communicated with G.O., No. 2471 W., dated 19th September 1899.

Office-note from the Examiner, Public Works Accounts, dated Madras, 5th September 1899, No. 1080 A./E.

Paragraph 2 of G.O., No. 791, Financial, dated 14th July 1899, communicated with G.O., No. 2200 W., dated 17th August 1899, omits reference to "Superintending Engineers" who also exercise in this department the powers of sanction under article 1093 of Civil Service Regulations—*vide* G.O., No. 1647 W., dated 15th June 1897.

2. Whether the omission was intentional, whether, in future, all sanctions under article 1093 of Civil Service Regulations should be accorded only by the Chief Engineer, Public Works Department, or whether the omission is due simply to the fact that the consolidated return of sanctions (including sanctions by Superintending Engineers) has to be rendered by the Chief Engineer, Public Works Department (*vide* paragraph 2 of G.O., No. 1663 W., dated 4th June 1896), is not at all clear. May I please be favoured with the orders of Government.

ORDER—No. 2578 W., dated 3rd October 1899.

In continuation of the Proceedings of Government read above, it is hereby directed that all sanctions accorded by Superintending Engineers under article 1093,* Civil Service Regulations, shall be reported monthly to the Chief Engineer for incorporation in the return to be submitted by him to Government. The returns from Superintending Engineers should be in the prescribed form and should reach the Chief Engineer by the 10th of the month following that to which they relate.
