† Amounts advanced or recovered under Ordinary Rules—3 per cent. have been included in this head.

‡ Balances on the 1st April 1898 shown under the several classes of loans under the Agriculturists' Loans Act in the Budget Estimate submitted to Government in B.P., No. 369, dated 3rd October 1898, have been revised with reference to Accountant-General's figures. — omit

(a) The actuals of the first four months of the current year amounted according to the Accountant-General's statements to Rs. 34,160-10-8 under the Land Improvement and to Rs. 19,212-2-10 under the Agriculturists' Loans Acts. It is anticipated that the total budget provision under the two Acts will be utilised fully.

(b) The actuals of the first four months of the year amounted to Rs. 1,60,082-8-2 and Rs. 1,12,926-13-8 respectively under the Land Improvement and Agriculturists' Loans Acts, according to the Accountant-General's statements. The Collectors estimate the total recoveries at Rs. 3,29,450 and Rs. 4,70,550 respectively, and the revised estimates have been fixed at these figures.

(c) Budget estimates of ~~advances and~~ recoveries for 1900–1901 have been framed with reference to the Collectors' estimates.

Note.—The actuals reported by the Accountant-General have been as usual adopted; they have been compared with the figures shown in the departmental accounts and all discrepancies noticed have been duly pointed out to the Collectors concerned.

Budget Estimates on account of advances and recoveries under the Loans acts for the year 1900-1901.

To the Under Secretary

The only items calling for remarks are

Rd. Estimate Recoveries &

Budget E - Advances.

The former has been raised by Rs 80,000 on the basis of the Collectors' reports and the latter has been fixed ~~seen~~ at a higher figure than last year. May these be accepted.

Due to F.D. on the 16-11-99.

Secy

Last year the R.E. of advances was put at 4.95 lakhs but the actuals came to 3.26 lakhs only. This year it is expected that 4.90 lakhs will be advanced & ~~[illegible]~~ 5 lakhs is budgetted for. We are merely told that this follows "Collectors estimates". A revised estimate can be litt depended on at this time of the year; so, looking at last year's actuals, the Budget estimate for next year might be put at 4·00 lakhs, the reduction being ~~[illegible]~~ equally (50000 Rs. apiece) under "ordinary" & "agricultural".

The proposed revised estimate of "recoveries" may pass. The system promises well.

NOTE FOR THE C. S.

The advances during the past six years under class I were as follows:-

1893-94	Lakhs	4.51
1894-95	"	2.80
1895-96.	"	2.04
1896-97	"	5.53
1897-98.	"	17.84
1898-99	"	3.26

Excluding 1897-98, which was a famine year, the average amount advanced comes to 3.63 Lakhs. Submitted that the estimate of advances for 1900-1901 may be placed at 4 Lakhs as suggested in Rev note; the budget estimate of interest payable to Imperial will then be slightly lower.
