(a) Higher fee receipts are expected in the Kumbakonam College in consequence chiefly of the re-opening of the Philosophy section of the B.A. class and increased strength.

(b) The appointment of a European Principal is calculated to increase the strength of the Mangalore College and consequently the fee revenue.

(c) Based on the actuals of the first five months of the current year. A marked fall in the strength of the B.L. classes has taken place in consequence chiefly of the restriction imposed in G.O., No. 690, Educational, dated 7th November 1898, and the fall is likely to continue during the ensuing year also.

(d) Increase due to the expected increase in the strength of the College classes.

(e) Based on the actuals of 1898-99.

(f) The decrease is due to the transfer of seventeen Government Primary schools for girls to the list of Secondary schools.

(g) The fee receipts from the Secondary schools for girls have been raised with reference to the remark (f).

(h) Includes the fees levied from the Practising sections of Training schools.

(a) Higher fee receipts are expected in the Kumbakonam College in consequence chiefly of the re-opening of the Philosophy section of the B.A. class and increased strength.

(b) The appointment of a European Principal is calculated to increase the strength of the Mangalore College and consequently the fee revenue.

(c) Based on the actuals of the first five months of the current year. A marked fall in the strength of the B.L. classes has taken place in consequence chiefly of the restriction imposed in G.O., No. 690, Educational, dated 7th November 1898, and the fall is likely to continue during the ensuing year also.

(d) Increase due to the expected increase in the strength of the College classes.

(e) Based on the actuals of 1898-99.

(f) The decrease is due to the transfer of seventeen Government Primary schools for girls to the list of Secondary schools.

(g) The fee receipts from the Secondary schools for girls have been raised with reference to the remark contained in (f).

(h) Includes the fees levied from the Practising sections of Training schools.

(b) Higher fee receipts are expected in the Kumbakonam College in consequence chiefly of the re-opening of the Philosophy section of the B.A. class and increased strength.  
(c) The appointment of a European Principal is calculated to increase the strength of the Mangalore College and consequently the fee revenue.

(d) Based on the actuals of the first five months of the current year. A marked fall in the strength of the B.L. classes has taken place in consequence chiefly of the restriction imposed in G.O., No. 690, Educational, dated 7th November 1898, and the fall is likely to continue during the ensuing year also. In this connection, I would invite the attention of Government to my remarks contained in paragraph 5 of my review of the last annual report on the Law College. Endeavours will be made to render the institution as nearly self-supporting as possible during the ensuing year.

(e) Increase due to the expected increase in the strength of the College classes.

(f) Based on the actuals of 1898-99.

(g) The decrease is due to the transfer of seventeen Government Primary schools for girls to the list of Secondary schools.

(h) The fee receipts from the Secondary schools for girls have been raised with reference to the remark contained in (g).

(i) Includes the fees levied from the Practising sections of Training schools.

(a) Reduced with reference to the actuals of 1898-99.  
(b) Excludes the fees levied from the Practising sections of Training schools.  
(b<sub>1</sub>) Includes the fees levied from the Practising sections of Training schools.  
(c) A marked increase in the fee receipts is expected in consequence of improved strength and the enhanced rates of fees prescribed in the revised rules.  
(d) Higher fee receipts may be expected from the Drawing Class, Kum-rules, bakonam, and the Carpentry or the Manual Training Class attached to the Rajahmundry College, owing to the prospect of an increase taking place in the number of admissions to these classes in consequence of the improvements which it is proposed to introduce in their working. *vide* also the remarks made against these classes under Schools, Special, in the Budget Estimate of Charges for the Department for 1900-1901.

(e) No contribution was made in 1895-96 and, in subsequent years up to 1897-98, payments were made for a single year only. In 1898-99 two payments were made, thus clearing off the arrears referred to above.

(f) The receipts of this test are credited to this Department with reference to G.O.s, Nos. 112 and 332, Educational, dated 22nd February and 30th May 1898, respectively, transferring the control of the examination from the Commissioner for Government Examinations to the Director.  
(g) Based on the actuals of 1898-99.
