(1) The actuals of the first half of the current year are about Rs. 53,000 in excess of those of the same half last year. If the payments in the remaining half equal those of the first half, the total charges of the year would amount to Rs. 16,58,000. But as lapses and transfers of pension cause a decrease, the Revised Estimate for the current year is placed at present at Rs. 16,30,000. The estimate for next year takes credit for lapses and transfers to the extent of Rs. 1,72,586.

EXPLANATORY REMARKS.

(e) The estimates have been raised with reference to the actuals of the past and current years.

(f) The budget has been raised in the revised with reference to the actuals of the current year.
(g) The Revised Estimate represents the pension paid to pensioner Sorabji Rustomji of the Imperial Marine Department. This pension was transferred from Bombay from 1st October 1898 and retransferred to the same place on 1st July 1899. Hence it was not provided for in the Budget Estimates of 1899-1900.

(h) The estimates have been raised with reference to the actuals of the past and current years.
(i) The decrease is due to pensioners proceeding to Europe.

(j) The large increase in the actuals of 1898-99 is due to the inclusion of passage money to Mrs. Grose and her daughters and of a donation of the £1,000 to one of her daughters.

(k) The revised estimate does not provide for the payment of pension to Mrs. Andrew owing to her absence out of India.

(1) The actuals of the first half of the current year are about Rs. 53,000 in excess of those of the same half last year. If the payments in the remaining half equal those of the first half, the total charges of the year would amount to Rs. 16,58,000. But as lapses and transfers of pension cause a decrease, the Revised Estimate for the current year is placed at present at Rs. 16,30,000. The estimate for next year takes credit for lapses and transfers to the extent of Rs. 1,72,586.

EXPLANATORY REMARKS.

The Budget provided too much under subscriptions under the Indian Civil Service Family Pension Regulations and has been reduced with reference to the latest actuals.

(a) The increase in the Revised Estimate is due to the recovery of accumulated arrears of contributions due by a deceased officer whose accumulated pay was drawn only in the current year.
(b) The estimates are based upon the actuals of 1898-99.

(c) The estimates have been reduced with reference to the actuals of the past and current years.
(d) The increase is due to the employment of Government servants as Secretaries of Municipalities.

(a) The actuals of the first half of the current year are about Rs. 53,000 in excess of those of the same half last year. If the payments in the remaining half equal those of the first half, the total charges of the year would amount to Rs. 16,58,000. But as lapses and transfers of pension cause a decrease, the Revised Estimate for the current year is placed at present at Rs. 16,30,000. The estimate for next year takes credit for lapses and transfers to the extent of Rs. 1,72,586.

EXPLANATORY REMARKS.

(a) The estimates have been raised with reference to the actuals of the past and current years.

b, The decrease is due to Pensioners proceeding to Europe.

* The large increase in the actuals of 1898-99 is due to the inclusion of passage money to Mrs. Grose and her daughters and of a donation of the 1000 £ to one of her daughters. The Revised Estimate does not provide for the payment of pension to Mrs. Andrew owing to her absence out of India.

② The actuals of the first half of the current year are about Rs 53,000 in excess of those of the same half last year. If the payments in the remaining half equal those of the first half the total charges of the year would amount to Rs 1,658,000. But as lapses and transfers of pension cause a decrease I do not place the Revised Estimate of the current year at present at more than Rs 16,30,000. The Estimate for next year takes credit for lapses and transfers to the extent of Rs 17,25,86.

pensioner of the Imperial Marine Department. This pension was transferred
from Bombay from October '98 and retransferred to the same place on 1st July
1899. Hence it was not provided for in the Budget Estimate for 1899-1900

EXPLANATORY REMARKS.

The Budget provided too much under Subscriptions under the Indian Civil Service Family Pension Regulations and has been reduced with reference to the latest actuals.

- (a) The increase in the Revised Estimate is due to the recovery of accumulated arrears of contributions due by a deceased officer whose accumulated pay was drawn only in the current year.
- (b) The estimates are based upon the actuals of 1898-99.

- (c) The estimates have been reduced with reference to the actuals of the past and current years.
- (d) The increase is due to the employment of Government servants as Secretaries of Municipalities.
