The Military Secretary's Office
Colaba
16th January 1899

From
A. Butterworth Esquire I.C.S.
Collector of the Military

To,
The Plague Commissioner
Bombay.

Sir,

I have the honour to reply to your Proceedings Ref on Our N° 178 Dated 7th January 1899 passing remarks on this office Plague Estimate for January 1899.

2d Provincial: The provision under this head was made to meet the possibility of an expenditure. It will be omitted as pointed out.

2d Local: Hospital Assistants

The number 7 against Hospital Assistants is the number proposed to be employed, in case Plague breaks out as was proposed in this office annual estimate. The provision for the remaining period of the official year was purposely made large so as to meet expenditure which may arise from the employment of additional

hands

I shall make the necessary Corre-

hands, if they should be found necessary. The same explanation applies to the entries under Ward attendants and Servants, Diet of patients, Bedding and clothing, Medicines & instruments Funeral expenses & office expenses. Establishment allowance. The balance available out of the amount already sanctioned will be Rs 19-0-0 and this amount was entered against March, the excess being only a paltry sum of Rs 4.

Matrons & Nurses: Here also the numbers represents the number of nurses proposed to be employed, if necessity arises, they being drawn on Rs 20 at present, as per establishment list.

Diet of patients. The actuals represent the dieting charges for certain bandemic Bypassers & similar suspicious persons who were detained in the plague camps, for 10 days' observation.

24 D. Municipal: The details

of establishment given in the estimate were those proposed to be employed when plague breaks out. The establishment as at present stands is shown in the list submitted for the current month. The estimates for the succeeding months were based on the actual number of hands employed, whereas the estimate for the month of March was based on the numbers proposed as already entered in the estimate for the previous months.

Diet of patients: The provision under this head will be omitted as stated. But provision will be made for the purpose explained above under this, and other similar heads under 24 D Local.

3 A Land Revenue & 24 A Medical

Under 3 A Land Revenue, I made a provision of Rs 45, as I intended to employ a temporary hand in my office to do the additional Plague work from 1st February next, and under 24 A Medical the provision was made to meet the charge

that

that has to be incurred by paying allowance at Rs 12 a month from 13 December 1898 to the St Bartholomew's Hospital clerk who is doing the additional work imposed upon him under the Civil Surgeon Colaba and who was recently appointed to the additional District Medical & Sanitary office for plague purpose. His allowance has been recommended by me in my letter dated 22 December 1898 No R.C 653/1898 (to the Secretary to Government Public Department submitted through the Plague Commissioner)

20. Police: No actuals have reported in the estimate for November 1898 & the estimate for that month viz Rs 118-0-0 was based on the Salaries of the number of Constables employed on Plague duty in the month of October. The actuals

Nov 98 – 168-6-0

ascertained subsequently from the Assistant Superintendent of Police & entered in the estimate for December 1898. The actuals of December 1898 were Rs 180-12-4: Col 2 of the estimate for December therefore shows Rs 539.
